AT the General Meeting of the Society held at Windsor, in June, 1852, the usual Grant of £50 stg. towards the salary of Professor of Modern Languages was passed—and £20 cy. towards procuring a 2nd Assistant at the Academy up to the 31st December,—such grant to cease from that period.

As the Foundation Scholarships have been discontinued, owing to a want of funds, the Alumni granted a sum of £25, to be at the disposal of the Committee for prizes for the ensuing year, 1853, which has been distributed in the following manner, viz :

For the best General Scholar in College, . . .	£10
For the best Mathematical Scholar (the winner } of the 1st prize to be excluded,) }	£5
For the best Modern Linguist—open to all, . . .	£5
For the best general conduct—open to all, . . .	£5

His Lordship the Bishop of the Diocese, has also offered a prize of £5 (in books) for the best English Essay.

And the Hon. Mr. Justice Bliss, has offered a prize of £5, (also in books) for the best Latin verse.

The Committee have much pleasure in stating that they waited on His Excellency the Lieutenant Governor, who very kindly promised his aid and support to the Association, and consented to become its Patron.

At the request of the Alumni the Governors have abolished all the oaths heretofore taken by undergraduates on matriculation, except the oath of allegiance ;—a promise of obedience to the Statutes being required in lieu of them.

It was understood that a new edition of the Statutes would shortly be published.

The income of the Society from interest on investments (exclusive of the Wm. Cogswell Scholarship fund and the Academy Prize endowment), and from annual subscriptions, is about £200 per annum.

The Committee meet at the Secretary's office on the first Wednesday of every month, at 3 o'clock, P. M., and all members of the Society who may visit Halifax at any of those periods are invited to attend.
