fairly steady. Supplies came in freely, but were somewhat limited, and were all cleared at prices ranging from \$5 to \$6.35 a cwt. for selected lots weighed and packed for dressed hogs. The demand for dressed hogs continued mild weather, and sales have been made this week at \$5.50 to \$6.75 a cwt. for fresh killed abattoir stock.

EXPORT BUTTER AND CHEESE

Montreal, Saturday, Oct. 28.—There is a decidedly easier tone to the market for cheese. Orders are not at all plentiful, and it is quite common to hear of hoping for still lower prices. As a result, this week's shipments will be very light of stock. The prices paid in the country were slightly lower than ruled during the week previous, and even at the reduction it seems to be difficult to do much business. The prices ranged all the way from 15.50 to 17.50c, with colored cheese commanding a slight premium over white cheese. The statistical position is so strong that there does not seem to be any real prospect of doing much more except on the late made cheese, which will be more or less unsatisfactory in quality. There is a general expectation that the demand from Great Britain will come on with strength in about a month, as the forecasts during the past few weeks have been comparatively light, and the available stocks in England being steadily reduced. The price of butter depends entirely upon the demand from Great Britain, and if there is no improvement we may see still lower prices in the near future.

The market for butter is very strong, and prices are auctioned. The country markets this week in the Townships ruled 27c to 27.14c, and the general asking price on this market for finest quality is 27.15c.

A high class lot of Holstein cattle at the Elmdale Stock Farm, Thorold, Ont., are to be sold at public auction on Tuesday, November 21, 1911. Elmdale Farms are being sold to settle the Monro estate. We can assure Farm and Dairy readers that Messrs. Monro & Lawless, the proprietors, will treat everybody in every respect at their sale. The stock offered will consist of 100 head of cattle. The farms have been sold and the cattle must be sold to wind up the estate. A sale of Registered Holsteins is something new in Welland County, and those cattle which they are not to be sacrificed, must look to outside buyers for prices worthy of their breeding.

By the sale announcement appearing on page 23, Farm and Dairy readers will see that the superior bred Holsteins of the Holsteins, The stock Bull Bontstie De Boer is a grandson of the famous Bontstie cow, owned by the Ontario Agricultural College at Guelph. He is a 100 per cent. brother to the Record of Merit champion two-year-old and is a stock bull of the highest quality. He is going a long way and paying a good price to get. The Record of Performance cows and their service bulls and the young cows and heifers and bull calves—the whole offering number 70 head—should appeal to all breeders and to all who are interested enough to bring them to Thorold.

We trust that all who know and appreciate the Holstein and can get to Thorold on Tuesday, November 21, will make it a point to attend this sale. Holstein breeders who are desirous of rich breeding of the cattle offered will find it to their advantage to be on hand.
