**DE LAVAL
CREAM SEPARATORS**

**SAVE MUCH TIME AND
LABOR IN SUMMER**

Besides their great increase in quantity and improvement in quality of cream and butter DE LAVAL Cream Separators save a great deal of time and labor.

This great saving of time and labor counts for more in summer than at any other season, and often alone saves the cost of a separator, aside from all its other advantages.

As compared with any kind of gravity setting the saving of man's time and labor and usually woman's drudgery is simply overwhelming.

As compared with other separators the DE LAVAL saves much time and labor by its greater capacity, easier running, easier handling, easier cleaning and freedom from need of adjustment or repair.

These are merely some of the advantages which make a DE LAVAL Cream Separator the best of all summer farm investments, as every DE LAVAL agent will be glad to explain and demonstrate to anyone at all interested.

See the nearest DE LAVAL agent **at once**, or if you do not know him, write us direct for any desired information.
