

AYER'S Hair Vigor

Restores natural color to the hair, and also prevents its falling out. Mrs. H. W. Fenwick, of Digby, N. S., says: "A little more than two years ago my hair began to turn gray and fall out. After the use of Ayer's Hair Vigor my hair restored to its original color and ceased falling out. An application has since kept it in good condition."—Mrs. Fenwick, Digby, N. S.

That Tired Feeling

A common complaint, and it is a dangerous symptom. It means that the system is debilitated because of impure blood, and in this condition it is especially liable to attacks of disease.

Are your corners harder to remove than those that others have had? Have they not had the same kind? Have they not been cured by using Holloway's Corn Cure? Try a bottle.

Human life is held too cheaply when the individual who needs a tonic for his system, seeks to cover his wants by purchasing every new mixture that is recommended to him.

FIVE-MINUTE SERMONS.

Twentieth Sunday after Pentecost.

TELLING LIES.

Putting away lying, speak ye the truth every man with his neighbor, for we are members one with another.

Do these words of the Apostle, my dear brethren, awaken your consciences? Do they give light to your souls regarding the much too common offence of lying? We trust it may be so, for it is really distressing to observe the prevalent disregard of truth.

Surely there must be a sad lack of appreciation of the virtue of truth when such a state of neglect of it can exist. There must be a grave error somewhere. Truth in itself is lovely, and should be cultivated because it gives a beauty to the soul which without it it cannot possess.

Why? Because they are virtues; and bestow upon those who have them a peculiar quality. They are sought after, and great efforts are made to obtain them and to keep them. Why? Because they are virtues.

Spiders in History.

Spiders have played a greater part in history than most people are aware of. Everybody knows how the perseverance of a spider encouraged Robert Bruce to regain his kingdom in Scotland; but not so many know that, according to Jewish tradition, a spider saved David's life.

How a Small Boy Got His Rights.

A United States exchange has a capital story, under the above title, which we reproduce for the benefit of boys, especially small boys. Big men are not always just or generous, and many times the small boy is the sufferer at their hands.

Give Your Sons a Trade.

Parents should give their children a good industrial education. It is painful to witness the disrespect which Canadian youth of both sexes have for manual labor.

Influence of Female Society.

It is better for you to pass an evening once or twice a week in a lady's drawing room, even though the conversation is slow, and you know the girl's song by heart, than in a club, tavern or pit of theatre.

OUR BOYS AND GIRLS.

Tell the Truth.

There is a hard, common business sense, as well as moral sense, in this advice of Mr. Henry Clews, the banker: "A boy, while at school, should be taught rigidly to tell the truth, as that is a live issue and will stand him in better stead than the dead languages, for a business life."

Always Welcome.

Everyone has a welcome for the person who has the good sense to take things quietly. The person who can go without her dinner and not advertise the fact; who can lose her purse and keep her temper; who makes light of a heavy weight, and can wear a shoe that pinches without anyone being the wiser; who does not magnify the splinter in her finger into a stick of timber, nor the mote in her neighbor's eye into a beam; who swallows bitter words without leaving the taste in other people's mouths; who can give up her own way without giving up a passport into the good graces of mankind.

Spiders in History.

Spiders have played a greater part in history than most people are aware of. Everybody knows how the perseverance of a spider encouraged Robert Bruce to regain his kingdom in Scotland; but not so many know that, according to Jewish tradition, a spider saved David's life.
