The B T Litter Carrier

Note the double purchase in lifting and the simplicity in construction.

No machine on the farm is used as many days in the year or saves as much hard, disagreeable work as a Litter Carrier. A boy can fill, wind up and push out in a B.T. LITTER CARRIER four barrow loads of manure with ease, no matter how much mud or snow there is in the yard. The manure can then be dumped into a wagon or sleigh and put directly on the land with very little, if any, more labor and time than is required to pile it in the yard with the old method, where the greater part of the fertilizing value of the manure is wasted.

Write for free catalog showing best method of erecting Litter Carriers and telling why you should buy a B.T. LITTER CARRIER.

Beatty Bros., Box 1215, Brandon, Man.

Head Office and Factory, FERGUS, ONT.

We also build Steel Stalls, Stanchions and Hay Carrier Goods

The Grain Growers' Guide

G. F. CHIPMAN, Editor

Published under the auspices and employed as the Official Organ of the Manitoba Grain Growers' Association, the Saskatchewan Grain Growers' Association, and the United Farmers of Alberta.

THE GUIDE IS DESIGNED TO GIVE UNCOLORED NEWS FROM THE WORLD OF THOUGHT AND ACTION and honest opinions thereon, with the object of aiding our people to form correct views upon economic, social and moral questions, so that the growth of society may continually be in the direction of more equitable, kinder and wiser relations between its members, resulting in the wisest possible increase and diffusion of material prosperity, intellectual development, right living, health and happiness.

THE GUIDE IS THE ONLY PAPER IN CANADA THAT IS ABSOLUTELY OWNED AND CONTROLLED BY FARMERS. It is entirely independent, and not one dollar of political, capitalistic or special interest money is invested in it. All opinions expressed in The Guide are with the aim to make Canada a better country and to bring forward the day when "Equal Rights to All and Special Privileges to None" shall prevail.

Canadian Subscriptions, \$1.00 per year in advance. Foreign Subscriptions \$1.50 per year in advance. Single copy 5 cents.

Advertising Rates may be had upon application.

Change of advertising copy and New Matter must be received not later than Friday noon each week to ensure insertion.

Published every Wednesday at Winnipeg, Canada. Authorized by the Postmaster-General, Ottawa, Canada, for transmission as second class mail matter.

Address all communications, upon whatever subject, to The Grain Growers' Guide, Winnipeg. Do not send anything but personal letters to individuals.

Bishopric Wall Board

Is cheaper and better than lath and plaster. Applied winter or summer. You can easily nail it to studding. Applied dry it is at once ready for paint, paper, or burlap. Is clean and sanitary; guaranteed proof against dampness, heat, cold, sound, and vermin.

Bishopric Sheathing

Saves 75 per cent. in material and labor. Same as Wall Board but carboard surface of sheathing is not recommended for decorative purpose, therefore costs less. Quickly nailed to studs with laths and asphalt exposed. Makes a smooth, solid job. Does away with building paper. Used with excellent results as cheapest and best lining for dairy barns, poultry houses, stabling and other buildings.

Why Not be Warm?

DYSTHE'S FACE PROTECTOR

will protect you against the coldest and fiercest storms and blizzards.

IT COMPLETELY COVERS THE FACE

and through its double transparent pyralin goggles, which have an air space between the two (preventing moisture from gathering thereon), you can drive through the worst storms in solid comfort.

Price \$1.00
