St. John followed by the good wishes of many friends, and the young couple were received by the young couple.

An event of more than ordinary interest took place on Wednesday afternoon on the beautiful lawn at "The Elms," Penobscot, when Annie, youngest daughter of Sen. S. Morton, J. P., was united in marriage to Jas. F. Anderson of Sackville.

The ceremony was performed by Rev. C. J. Steves in the presence of a large number of invited guests from Penobscot, Sackville, Moncton, and other points. The whole neighborhood turned out to see them off. The bride's traveling suit was of brown broadcloth. The groom's present to the bride was a very beautiful gold watch and chain, and the bride's parents gave \$50 in gold. The happy couple will on their return reside at Sackville.

couple left on a tour through Nova Scotia by the 11.35 express. They were accompanied by a large number of guests. Both parties are members of the St. John and St. John's churches, and their fellow members wish them much happiness.

A quiet but pretty wedding was celebrated last evening when the Rev. B. H. Houlton, of St. John's, officiated at the marriage of Miss Lena and Grace Anderson, Mr. and Mrs. Elms Anderson, Mr. and Mrs. Albert Anderson, Misses Ella and Bessie Anderson, Mrs. E. Freeman, Amherst; Mr. Courter, Portage la Paire; Mr. and Mrs. R. Klinebar, Moncton.

At six o'clock on Wednesday morning the marriage of Miss Elsie Findlay to John E. Allan of the marine department, St. John's, took place in Trinity church. The Rev. J. W. M. Stewart officiated. Only the immediate relatives and a few friends of the contracting parties were present. The bride was becomingly attired in a brown travelling suit with white trimmings. Her father, Mr. Allan, left by the 6.45 train for a honeymoon tour to Fredericton, Woodstock and the Upper St. John River.

The first shock was followed quickly by a second and the people fled pell-mell to the American quarter, which they deemed to feel was their safest place of refuge. So great was the rush to the American houses that the authorities were unable to check the invasion. The soldiers, however, soon drew a cordon around this quarter and the guard was mounted at the bridge leading to it. Many of the panic-stricken people were driven off, and orders were issued that no one should be permitted to occupy the American quarter pending further instructions. All commerce ceased in the city and the places of business along the sea front were closed.

Reports suffered almost as severely as Messina. According to the latest reports the earthquake affected not only the same zone as that of Messina, but within 24 hours the shocks at Messina have numbered 25.

The public examination of the school here was held this afternoon, a large number of visitors being present. Much regret is felt at the departure of Mr. Nason, who has been principal for the past year, and who has proved a very efficient teacher.

The new highway aboulevard over the Hamilton Creek to replace the old bridge is now completed, with the exception of the railing, which will be put on until fall.

The related showers that arrived this week have been of much benefit to the crops, which have suffered greatly from the drought. It is considered too late, however, to bring the grass crop up to a good average or to where it would have been had the past month been wet. The crop will fall short of last year's.

At 2 o'clock Monday afternoon the opening meeting of the clergy of the diocese was held at the residence of the Bishop, where a large number of delegates and outside delegates were present. An address of welcome to the Bishop was given by the Rev. J. W. M. Stewart, who presided over the meeting.
