COL CRAIG MAY GET COMMAND AGAIN OF UNIT

It Is Understood Investigation by Ottawa Exonerates Him of Charges.

Guelph, Aug. 8.—Lieut.-Col. J. J. Craig, who was deposed as officer in command of the 153rd Overseas Battalion on the eve of its departure for the London camp in June, but who has put up a determined fight ever since, was in the city to-day. Col. Craig was in a happy frame of mind, he having been informed by his counsel, Mr. Morphy, of Listowel, that Gen. Smith, who came to Guelph to make investigation into certain charges against Col. Craig, on the strength of which he had been deposed, had made a report in his favor.

Col. Craig stated emphatically today that he had been exonerated from any wrongdoing, that his name had been cleared of the stigma which had been attached to his dismissal and that, in all probability, he would be reinstated in his command of the 153rd.

He said that Gen. Smith, in his report, stated that Col. Craig should never have been dismissed as he was and that the charges against him were petty ones.

Tirpitz' Reply to a Friend

Makes a Rather Cryptic Remark About American Relations

London, Aug. 8.—A Reuter dispatch from Amsterdam, says the Hamburg Nachrichten, quotes Admiral Von Tirpitz, of the German Navy as having sent the following reply to a congratulatory telegram from a friend:—

"May the knowledge grow in our Fatherland that Germanism can be maintained and make its way only if we emerge from this war in a firm position as regards Anglo-Americans. We gain this position if Germany, not England, becomes predominant in Flanders."

Water Works Notice

Change in Hours for Sprinkling Lawns

No person or persons shall be allowed to sprinkle, or use in any manner whatsoever, the water supplied by the Board of Water Commissioners upon LAWNS, GARDENS, YARDS or GROUNDS OF ANY DESCRIPTION for the Section North of the G. T. R. known as Terrace Hill, and that portion of the City East of Clarence Street and North of Colborne St., except between the hours of 7.30 and 9 p.m. The balance of the city between the hours of 6 and 7.30 p.m., excepting on lawns of 5,000 square feet and over. Consumers are permitted to commence one hour earlier in each instance, and any person wishing to use the water on their lawns or gardens in the mornings in place of the evening may do so between the hours of 6 and 8 a.m. by giving notice to that effect in writing to the Secretary.

It must, however, be clearly understood that the water cannot be used on lawns or grounds both morning and evening. City time to govern in all cases.

The commissioners ask the support and co-operation of consumers in carrying out these regulations, owing to the exceptional strain upon the Works.

FRED W. FRANK,
Secretary.

Water Commissioner's Office,
Brantford, August 2, 1916.

Start To-morrow and Keep it Up Every Morning

Get in the habit of drinking a glass of hot water before breakfast.

We're not here long, so let's make our stay agreeable. Let us live well, eat well, digest well, work well, sleep well, and look well, what a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire allmentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity, and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and betting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of inside bathing before breakfast.

Thousands of men are required to help in the great work of harvesting the Western crop. The task of transporting to the West this great army of workers will fall to the lot of the Canadian Pacific Railway.

Excursions from points in Ontario to Manitoba, Saskatchewan and Alberta will be run, and special trains operated, making the trip in about thirty-six hours, without change or transfer.

A Real Problem.

What is a new laid egg? That was the rublime problem that a Scotch Sheriff had to fathom, and one that led him to say, after a stiff debate between argumentative lawyers, he would require time to decide before passing judgment upon the legal questions involved. Eggs were offered for sale to which the false trade description was applied, "New laid eggs, 1s. 3d. (27c) per dozen." As a matter of fact, not disputed at all by the defendants, the eggs were "laid" in Denmark and exported to Glasgow. Some notion of the debate that transpired will be gathered from the following dialogue: The Sheriff—How long will eggs remain fresh? Mr. Hutchison— I am told about three weeks to a month. After that, I suppose, the eggs talk for themselves. (Laughter.) The Sheriff—Did you try one? Mr. Hutchison—No, but the prosecutor did, and he is still alive.

WATER WORKS NOTICE.

The attention of the Water Commissioners has been called to a number of malicious and outrageous stories circulated about contamination and pollution of the public water supply. These stories are withoutt foundation whatever and the board are taking vigorous steps to punish any person found circulating same. The tests of the city water made by the Provincial Board of Health where samples are sent regularly show the same to be absolutely free from any contamination. The notice given to boil the water was done on account of the excessive consumption and was an extra precaution.
