

THE ELECTION YESTERDAY

Yesterday marked an epoch in the career of the youthful metropolis, for kidism and bossism were irretrievably and forever turned down, snowed under beneath an avalanche of public opinion that leaves no doubt as to the future safety of the city. The election was but the third which has ever taken place in the golden Klondike, but so great was the interest taken not only by the Canadians, who alone enjoy the franchise but by Americans and all other foreigners alike, so keen the desire and determination to elect the right men, and so pronounced the opposition to the element known as the Kids, that the two previous elections were tame by comparison with that of yesterday. The organization of both parties was well-nigh perfect, a most thorough canvass had been made of the entire voters' list and it is extremely doubtful if there is an elector within ten miles of the city who was not brought to the polls. At the headquarters of the Citizens' and People's party, was the scene of the greatest activity from long before daylight until hours after the returns had been received, and the immense crowd was making merry over the victory won. A half dozen clerks were kept constantly busy poring over the list, tabulating and checking off those who had voted and passing out to assistants names of those yet to be rounded up and hurried to the polls. Conveyances of all kinds from the single cutter to huge bob-sleds were kept on the run carrying loads to and from the voting place, and remarkable as it may seem with one exception there was not a disturbance all day. The saloons were closed from 8 in the morning till 5 in the evening and though excitement was constantly at fever heat the election was conducted in a most orderly manner.

Much of the credit was due to the masterful manner in which the chief secretary, Alex. Macfarlane, marshaled his forces and managed the business of the day. He was simply indefatigable, tireless in his efforts to attain the result for which he had worked so faithfully. To Tom Chisholm, too, is due all kinds of praise. He worked like a Trojan all day long and the election of Mr. Macaulay is probably traceable as much to his efforts as to any other individual taking part in the campaign. The heaviest voting of the day was done between 9 and 11 o'clock in the morning, the opposition getting to the polls early in order to devote their entire time to rustling up the laggards. By 3 o'clock the defeat of Dr. Thompson was admitted, except by a few of his most fanatical followers, and an hour later what little doubt might have remained had disappeared entirely. Counting the ballot required less than an hour and a half and a few minutes after 6 the news was telephoned to the committee rooms that Mr. Macaulay had won by a majority of 16 and that four of the six aldermen on the Citizens' and People's party ticket had been elected. Then arose a shout sufficient to awaken the dead. Sturdy arms grasped the successful candidate, mounted him on their shoulders and followed by hundreds of wildly cheering and yelling supporters bubbling over with enthusiasm the march was taken up along First avenue. The Savoy band was hastily secured and impromptu serenades were given every loyal Macaulay supporter. The preliminary celebration over and Mr. Macaulay hastened home to receive the congratulations of his family. The crowd, however, had only just

WILL SING PRIZE SONG

The choral concert to be given at the A. B. hall this evening promises to be one of the most successful events of the kind that has taken place in Dawson during the present winter. There will be two special attractions at the entertainment which cannot fail to draw a large audience. Mayor-elect Henry C. Macaulay will deliver a short address during the evening, and the song for which the Nugget gave a prize of fifty dollars will be rendered for the first time in public.

The words of the song were written by Miss Imogene Coleman and the music was composed by Mr. Arthur Boyle.

Liberal Convention Now in Session at Vancouver Not Hovered Over

BY WHITE-WINGED ANGEL OF PEACE

Senator Templeman of Victoria Objects to Chair's Ruling.

AND QUITS THE CONVENTION

He Stays Away and His Place Is Filled By the Election of Maxwell.

Vancouver, Feb. 7.—The Liberal convention now in session here heartily adopted a motion in favor of party lines today. The Victoria contingent, headed by Senator Templeman, which withdrew from the convention last night as the result of the chairman's rulings on the report of the committee on credentials, did not show up at the convention at this morning's session. Templeman is very angry and refuses to participate in the further deliberations of the convention. His place at the head of the association has been filled by the election of Maxwell.

Eye of Belgian Har.

Omaha, Jan. 18.—Physicians and surgeons in this city are anxiously awaiting the first opportunity to remove the bandages from the right eye of William Strickell, a coal miner of Anamosa, Iowa, who was operated on several days ago. He has had the cornea from the eye of a finely bred Belgian hare grafted to that of his own and it is thought that in this way he will be rescued from a life of total blindness.

MR. ROGERS MAKES REPLY

To Charges Preferred by His Business Partner.

Dawson, Y. T., Feb. 7, 1902.

Editor Nugget, City.

Dear Sir,—Would you kindly publish the enclosed letter from Mr. H. W. Carr in order to correct certain statements concerning me which appeared in last night's issue of your paper, you having evidently been grossly misinformed regarding such. By doing this you will greatly oblige.

I would also ask my friends and the public to await the audit of the firm's books for further proof of the falsity of these assertions.

Yours very truly,

H. E. ROGERS.

MR. CARR'S LETTER.

Dawson, Feb. 6, 1902.

Mr. H. E. Rogers, Dawson, Y. T.

Dear Sir,—In reply to your inquiry, I beg to state that I made a preliminary examination of the books of Cribbs & Rogers, druggists, covering the last six months—that is, during the time you were outside and the business was in charge of Mr. J. W. Rogers.

I found that several checks had been issued which had not been entered on the books and did not bear on their face the specific reason for which they were issued.

I am now in receipt of a statement by Mr. J. W. Rogers showing for what purpose the checks were issued, and on the basis of this statement he has apparently, so far as I can tell, accounted for all the moneys received by him during that period and has a balance due him on account of salary.

The accounts of said firm prior to said period have not been submitted to me, and I have never authorized the general statements published in the Nugget tonight.

Yours respectfully,

H. W. CARR.

The article to which reference is made in the foregoing was published in yesterday's issue of the Nugget and was based upon an interview given by Mr. Cribbs, of the firm of Cribbs & Rogers, to a reporter of this paper. The article was published purely as a matter of news, and we take pleasure in giving Mr. Rogers' side of the story, as being nothing more than an act of justice to that gentleman.

SANITARY CRUSADE

Started by Police Causes Heavy Fine to Be Imposed.

The strong crusade instituted by the authorities against citizens who allow filth and dirt to accumulate around their premises so as to become a menace to the health of the people, is being pressed with vigor. "The health ordinance must be strictly enforced," said Magistrate Macaulay this morning to John Guptill of Joe Juneau's restaurant who was on trial for having an accumulation of filth around his premises. "Warning," continued the magistrate, "has been given time and again, and the health of the people cannot be put in jeopardy through carelessness in this regard." A fine of \$100 and costs was imposed.

Joseph A. Clarke, who was arrested yesterday afternoon for using abusive and insulting language to F. T. Congdon, plead guilty to the charge and was fined \$5 and costs.

Spain in a Bad Way.

London, Jan. 23.—The Daily Mail publishes an alarmist dispatch from Madrid giving the opinions of various prominent politicians concerning the gloomy outlook in Spain and their fears that the coronation of King Alfonso next May may be the signal for a revolution. The Daily Mail's correspondent declares that in addition to the Carlist menaces "Weyler, the Spanish Boulanger, is troubling the waters and playing for his own hand."

Troops Bested

Panama, Feb. 6.—The Venezuelan troops were defeated by insurgents at Guiria. They reached Carupano in their retreat in an exhausted condition after losing many killed and wounded.

FIRST MEETING OF COUNCIL

Mayor and Aldermen Will Meet March 3.

Appointments and the Naming of Committees Will Be the First Business Considered.

Though the result of yesterday's election is now known from one end of Dawson to the other, yet it will not be so officially until tomorrow morning at 10 o'clock, when Returning Officer Hinton makes his return at the office of the assessor and tax collector. By the provisions of the act the first meeting of the new city council will be held the first Monday in March, at which time the organization will be effected and the various committees appointed. The oath of office will be administered to Mayor Macaulay and the aldermen by either Mr. Justice Dugas or Police Magistrate Macaulay and may be taken any time between now and March 3. Among the first appointments to be made by the mayor will be that of city clerk. A city attorney will also be an immediate necessity, there being no barristers on the board of aldermen and no one possessing the requisite legal qualifications to properly draw up an ordinance. The fire department muddle will doubtless receive early consideration and the existing friction between the chief and a number of the men be removed. As for the policing of the town, that is a matter which will rest largely with the city council. Arrangements may be made with the N.W.M.P. whereby the present system may be continued, which would doubtless effect a considerable saving to the municipality, for the mayor may appoint a chief of police and a force of sufficient number to preserve law and order, in which event the N.W.M.P. would withdraw from interference in city affairs except in cases of emergency, such as riot or insurrection.

Part Taken by Russia.

St. Petersburg, Jan. 22.—The correspondent here of the Associated Press has obtained the following statement from the Russian foreign office, regarding the announcement made in the British house of commons Monday concerning negotiations between the powers before and after the outbreak of the Spanish-American war, and the assertions made by a British foreign office official to a representative of the Associated Press on the same subject: "Russia has always been and now is extremely desirous of maintaining amicable relations with the United States. Russia never had any intention of participating in any collective step in the Spanish-American dispute, which did not directly concern her. Nor did Russia receive any proposition having such action in view. Indeed, we received no information regarding Austria's alleged initiative or of any attempt on the part of any of the powers to interfere in the interests of Spain."

Abner McKinley Sues.

Toledo, Ohio, Jan. 23.—Abner McKinley, brother of the late president, has asked the United States circuit court for a fee of \$6,000. The services claimed to have been rendered are in connection with the case of Joshua Harmon et al. against the Detroit & Lima Northern Railway Company. He makes affidavit that on September 23, 1898 he was appointed associate counsel for the receiver of the road and with John H. Doyle was given orders to act as such until further order of the court. For his work he says he has received no pay and he wants part of the proceeds of the road's sale.

Gone to Forty mile.

Mr. F. T. Hope, who is extensively interested in mining property in the Forty mile district, expects to leave the latter part of the week, taking two assistants with him for the purpose of prospecting his property on Hancan Hill, which is located about 37 miles up the Forty mile river. Good pay has been found in the vicinity and Mr. Hope is very sanguine as to the result of his trip. He will return to Dawson in about a month.

Left This Morning.

The stage with 15 sacks of mail and the following passengers left this morning for the outside. For Whitehorse, Mr. and Mrs. G. M. Arbuclie; for Stewart, Mr. and Mrs. Ellingsen and John McGill. The incoming mail will not arrive this evening as was expected. At 1 o'clock it had not yet reached Stewart.

INVEST BEFORE IT IS TOO LATE

Lone Star Stock is the Best Investment Ever Offered to the Public.

We claim we have the mother lode. Can you deny these facts. The mines are situated at the head of the two richest creeks on earth—Eldorado and Bonanza. Gold is found on every claim on Bonanza creek, and up Victoria Gulch to the quartz mines. If it did not come from this ledge, where did it come from?

The gold found in the creek is the same as that found in the ledge.

The gold is found in slide matter on Seven pup. Where did it come from?

The best pay found in Gay Gulch is at the head of the gulch, below the quartz mines. There are eight gulches heading at the Lone Star mines. They all carry gold. Where did it come from?

Lone Star stock is the best investment ever offered to the public. Buy now. The books will soon be closed and you will be too late. Don't let the man who knows it all tell you that there is no quartz in this country. The fools who make that statement have no bank account, which is the proof of their wisdom.

Every placer camp in the world turned into a quartz camp. Cripple Creek was a placer camp. The men who knew it all were there. They made the same statement. A carpenter found the quartz after the wise men had left.

Have you ever visited the Lone Star mines? If not, you have no right to even think. Go up and satisfy yourself. Yours for business and a quartz camp. LEW CRADEN.

MARRIED TWELVE TIMES.

Dublin, Ind., Jan. 23.—Philip Veldburg of Madison county undoubtedly holds the record in Indiana for marriages. He is 58 years old and has been married twelve times. He is the father of thirty-two children. It is said Veldburg hopes to live long enough to marry his thirteenth wife. He was born in Germany, and came from a family whose ancestors settled in New York during the colonial period.
