COLD SORES AND ULCERS ARE HEALED BY SAM-BSK.

Cold sores, chapped hands, ulcers, and winter eczema are common troubles just now, and for all these Zam-Buk will be found the surest and quickest remedy. Sometimes cold sores arise from chilblains on the toes or fingers, and in the former case, where colored socks are worn, there is a danger of blood-poisoning from the dye. Zam-Buk being so powerfully antiseptic removes the danger as soon as applied and quickly heals.

Mr. W. J. Halliday, of Ash Grove, Ont., says: "I had my little finger frozen, and it cracked at the first joint, causing a bad sore, and the whole of my hand became swollen and in bad shape.

"A friend advised me to try Zam-Buk, and I soon found that Zam-Buk was altogether different to any preparation I had ever tried. In a very short time it healed the sore."

Miss Lillie May, of Stoney Creek, Ont., says: "A few weeks since, several nasty, disfiguring cold sores suddenly broke out on my lips, which became much swollen. Seeing my condition, a friend advised me to try Zam-Buk and leave all other preparations aside. This I did and was much pleased, after a few applications of this balm, to see every sore healed."

Zam-Buk will also be found a sure cure for eczema, blood-poison, various sores, piles, scalp sores, ringworm, inflamed patches, babies' eruptions and chapped places, cuts, burns, bruises and skin injuries generally. All druggists and stores sell at 50c. box or post free from Zam-Buk Co., Toronto, upon receipt of price. Refuse imitations and substitutes.

Use also Zam-Buk Soap, 25c. tablet Best for baby's tender skin.

RUSH FOR THE LAKE

Chicago Captains Almost Lose Ship's Insurance.

Had to be Out in the Lake by Midnight.

Chicago despatch: Forfeiture of \$125,000 insurance, loss of their commissions and disgrace loomed up in front of four lake captains last night for three hours. Their boats were held fast in the Chicago River, the base of all lake seamen, and they had until midnight to pass out into Lake Michigan beyond the two-mile crib, for at that hour navigation for the season closed. They won by two minutes.

At about 8 o'clock the Jupiter, a big freighter, was steaming up the south branch of the river, when she went fast on the old Washington street tunnel. She swung into such a position that the Lehigh, Arthur Orr and Mohawk, also huge freighters, were blocked.

The Jupiter defied a fleet of tugs to pull her off the tunnel, while minutes ran into hours, and the captains became frantic. When it seemed that all hope of clearing the river harbor before the allotted time had gone, the captain of the Lehigh decided on a desperate plan. He ordered his crew to push the Jupiter over with his own vessel. Slowly the Lehigh moved until her prow came against the Jupiter, and then with puffing and splashing the big liners creaked at the top of their side over.

The race for the lake began with the captains holding their watches and blowing whistles for bridges. At exactly 11:58 the Orr, the last of the steamers passed the two-mile crib, and all had complied with the lakes insurance law.

WEALTHY GREEK

And His Egyptian Wife Held at Boston.

Boston, Dec. 4.—George Rusky, a wealthy Greek, who has traveled all over the world and amassed a fortune by speculation during his wanderings, together with his Egyptian wife, whom he married a short time ago in Cairo, is being detained here to-day by the immigration officers. The wife is thought to be suffering from an eye disease, which will compel her exclusion, and the man is held pending investigation as to his citizenship. He claims to be an American citizen, having been naturalized in San Francisco some years ago.

Rusky was one of the first to reach the Klondyke when the search for gold began. He has prospected for gold and silver in all parts of North America, as well as in Asia, Africa, Australia and South America. He is now on his way to the Amazon. He talks fluently in nine languages and is only slightly less familiar with twenty more.

GARBAGE MEN

Poisoning Food of New York Strike Breakers.

New York, Dec. 4.—Rumors that striking garbage men from the New York street cleaning department are attempting to poison the food served to strike breakers by the city, started a panic among men employed in one of the uptown stations to-day. The rumors found some foundation in the sudden death at Bellevue Hospital of one of the strike breakers. The cause of death was given by the hospital physicians as "unknown," but it was announced that the symptoms were suspicious and an autopsy will be held.

Several other strike breakers are said to be suffering from stomach trouble of unusual character and an investigation was ordered by the Board of Health to-day.

THE VESSEL SEEN IN THE BREAKERS

Particulars of the Wreck of the Steamer Raleigh.

No Life Seen on Board the Vessel This Morning.

Efforts of Crew to Reach the Shore.

Buffalo despatch: At 8 a.m. this morning the steamer Raleigh, blown upon the rocks off Sherston, Ont., yesterday, could still be seen among the breakers a quarter of a mile off shore, but there was no sign of life on the wreck to indicate that Engineer Wm. Pritchard was still alive. The body of the other victims of the wreck, Fred Wise, a sailor, and his wife, Mrs. Wise, the steamer's cook, were washed ashore last night and it was reported that a third body had been tossed up on the beach two miles below the scene of the wreck. Members of the crew have started down the beach to ascertain if the third body is that of Engineer Pritchard. The storm is still raging, and it seems likely the Raleigh may break up at any time.

The third victim was picked up later last night half a mile east of the wreck, according to G. B. Snyder, of Ridgeway. Dr. Snyder said last night that the man had not been identified, but that it was believed he was one of the crew of the Raleigh.

At 3 o'clock the crew, with the exception of Pritchard, decided that it would be safer to start for shore in the small boats than to risk being washed away when the vessel began breaking up. The first boat which left the ship contained seven of the crew and was in charge of the second mate. They were badly buffeted during the short trip to the beach, and just as they were nearing safety the little craft was boarded by a high sea and swamped.

Meanwhile the beach was patrolled by men watching the outcome of the attempt to reach shore, and these, wading into the surf, lent willing hands in pulling the half-drowned survivors to the beach.

The second boat, containing Captain Beauvais, the mate, and the cook and stewardess, who were drowned, left the vessel half an hour afterward only to be swamped in the whirl of surf which edged the beach. It was here that Cook Wise and his wife were lost. The rescuers started into the surf, but the two were carried under before help arrived.

About twenty minutes after the captain's boat had left the vessel the steamer's stern broke off.

Men were standing by on the beach with huge fires alight all night watching for a favorable opportunity to get Pritchard.

At midnight marine men said they were powerless to go to the man's assistance because the seas were so high that the boat could not live. It is said that there is only one tug, the Frank W., owned by the Great Lakes Towing Co., of Cleveland, which is seaworthy enough to put out, and it was not expected that an attempt would be made to reach him before morning unless the tug could be towed from the Canadian shore and the vessel it is believed will buoy the steamer up considerably. Captain Beauvais, the mate and the seven men in the first boat are being cared for at Abraham Bear's farm house near Shesher's Point.

All were exhausted, but are gradually recovering.

TWO DROWNED

Steamer Raleigh Wrecked Near Port Colborne.

Port Colborne, Ont., despatch: The steamer Raleigh, Capt. Beauvais, of Cleveland, was blown on the rocks, six miles west of Port Colborne, to-day, and is reported to be rapidly going to pieces. Two members of the crew, Mr. and Mrs. Wise, the latter the steamer's cook, were drowned, and Wm. Pritchard, the engineer, is on board the wreck.

The Raleigh left Port Colborne at 6 o'clock last night with a cargo of pulpwood for Erie, Pa. There was a high wind and a heavy sea when the steamer started out from the Canadian shore and conditions grew worse during the night. Early this morning the steamer's steering gear became disabled. Both anchors were lowered, but they failed to hold on the sandy bottom and the Raleigh was carried to the Point. A gale from the west-northwest wind.

Capt. Beauvais and his crew fought desperately to keep the disabled steamer in mid-dike, but when the boiler-room became flooded by the tons of water, splashed in by the sea, they were helpless. At dawn the Raleigh crashed on the rocks on the west side of Point Abino.

The members of the crew of twelve succeeded in getting ashore and were cared for in the huts at the Empire Limestone Company's quarries near Sherston. Engineers of the quarries and the survivors were unsuccessful in their efforts to rescue Engineer Pritchard, who to-night was still on board.

DID LITTLE HARM

Bombardment by Italians at Mocha Seaport.

Perim, Dec. 4.—The bombardment of the fortified seaport of Mocha, on the coast of Arabia, caused considerable damage, but only three Turks are reported to have been killed. The Turkish galleys in the fort replied to the firing shells, all of which, however, fell short except the last one, which passed over an Italian cruiser, causing it to withdraw promptly.

It is stated that the bombardment will probably be resumed on Dec. 4 by a more powerful Italian warship.

RASH! SO BAD BABY CAME NEAR DYING

Head Broke Out Spread to Arms, Legs and Entire Body. Ticked So He Would Scratch Until Blood Ran. One Box of Cuticura Ointment and Nearly One Cake of Cuticura Soap Cured Him. Has Had No Return.

"When my boy was about three months old, his head broke out with a rash which was very itchy and ran a watery fluid. We tried everything we could but he got worse all the time, till it spread to his arms, legs and neck. He scratched until he bled, and I took one box of Cuticura Ointment and nearly one cake of Cuticura Soap. He was cured more than twenty years ago, and there has been no return of the trouble. I shall be glad to have you publish this true statement, free from the Fear Drug & Chem. Co., Sole Prop., 63 Columbus Ave., Boston, U.S.A."

THE CONNAUGHTS

Had a Busy Day in Toronto Before Leaving.

Received Warm Welcome at Hamilton.

Toronto despatch: Toronto's formal introduction to the new Governor-General, the Duke of Connaught, and to the Duchess of Connaught was made complete yesterday. The Royal train left Toronto at 11.15 last night, and after spending most of the night on a specially guarded siding at Lexington, was conveyed to Hamilton, where it is due to arrive about noon.

Their Royal Highnesses' visit was concluded when the Toronto Club entertained the Duke at a most elaborate dinner, while the Duchess spent the evening at the Royal Alexandra Theatre, witnessing a performance of "H. M. S. Pinafore." The theatre was specially decorated for the Duchess.

The morning was spent by the Duke and Duchess visiting a number of the public schools and St. Andrew's College. They went first to Queen Alexandra School in Broadview avenue, thence to Riverdale Collegiate, and to Morley street, where His Royal Highness turned the first sod for the new Connaught school. Chairman Levee of the school board and Inspector Hughes accompanied the party to Government House. At the Riverdale high school Senior Principal Embree and Principal Michel received the party. At the turning of the sod fully eighteen hundred children were present. The spade was presented to the Duke by Trustee Hodgins. This spade, at the Duke's request, is to be used to decorate the walls of the new school when it is completed. The address from the School Board to the Duke and Duchess was read by Mr. Levee at the Queen Alexandra School. His Royal Highness replied in a few well-chosen sentences, expressing pleasure in his visit and great interest in the work of education.

At St. Andrew's College the Governors of the Faculty and the entire body of students were assembled in the hall to welcome the Royal visitors. Dr. Bruce Macdonald, with a special guard of honor for the Duke, wearing the St. Andrew's kilt, received the Royal party at the main entrance. Dr. Macdonald presented an address on behalf of the Faculty and the head prefect read another address on behalf of the boys. The Duke replied briefly, requesting that the school be given a holiday. The party then attended the reception in the head master's house, where the wives of the faculty were present.

In the afternoon, while the Duchess kept an engagement with the W.C.T.U. for the laying of the corner-stone of the new Girls' Home on Gerrard street, the Duke received the officers of the Toronto garrison at the armories. Mrs. McLaughlin, of Hamilton, was an invited guest at the Willard Home. The Harbor Cadets formed a guard of honor for the occasion. Captain Galer Hagarty was presented with a coronation medal by the Duke for his accomplishments in rifle shooting. At the conclusion of the military proceedings Rev. Dr. R. P. MacKay presented an address to the Duke on behalf of the Presbyterian Church in Canada. The Duke replied briefly.

Her Royal Highness the Duchess of Connaught has consented to become Honorary President of the National Council of Women. A delegation from the executive of the National Council approached the Duchess yesterday with their request, outlining the objects and aims of the organization.

Her Royal Highness replied that prior to her departure for Canada Lady Aberdeen had spoken with reference to the work of the National Council, soliciting her interest and co-operation. Her Royal Highness was glad to express her sympathy with the movement, and was pleased to accept the office which the delegation was authorized to bestow.

Her Royal Highness the Duchess of Connaught has accepted a copy of Canadian Days, the year book of quotations from Canadian writers, which has been compiled by the members of the Toronto Women's Press Club. The copy was specially bound for Her Royal Highness in royal blue and gold, and presented yesterday at Government House.

RECEPTION AT HAMILTON.

A despatch from Hamilton, Ont., says: A Prince and Princess of the royal blood were received as the city's guests to-day with all the loyal enthusiasm that thousands of cheering Hamiltonians could express as the illustrious visitors drove through the city streets with all the love and fealty that words could convey in addresses from the municipal corporation and representative organizations and with a demonstration of patriotism on the part of young Canada, as represented in thousands of school boys and girls, that furnished a splendid and inspiring spectacle.

It was a notable welcome, indeed, that Hamilton accorded the Duke and Duchess of Connaught this morning. Hundreds of factory whistles shrieked a welcome as the royal train swung around the bend at the western city limits, while scores of bells were pealing out a greeting by the time the big mogul engine poked its nose through the eastern end of the tunnel, and a minute later rolled up to the T. I. & E. station. Hundreds of boys from the city school battalions, who lined both sides of James street, north to Main street, cheered wildly and waved flags frantically, as the royal sojourners were sighted, and started a demonstration that was kept up by the thousands who surrounded the station, extended down James street and clear around the route of the procession. Their Royal Highnesses time and again gave evidence of their satisfaction with the warmth of
