

ST. VITUS DANCE

A Severe Case Cured by Dr. Williams' Pink Pills.

St. Vitus' dance is a disease of the nerves founded on by a morbid condition of the blood. It is a common disease with children and attacks females oftener than males. The only cure lies in plenty of pure blood, because good blood is the life food of the nerves. Dr. Williams' Pink Pills cure even the most severe forms of this trouble because they enrich the blood supply, thus carrying the necessary food to the nerves. In proof of this we have the statement of Mrs. Alex. Cameron, Summerside P. E. I., who says: "Some years ago my daughter Lena, then a child of ten years, became afflicted with St. Vitus dance. At that time she was attending school and the first wrong was that she appeared easily discouraged in her studies. She was naturally a spirited child, not given to tears, but she would cry over what I thought should be easy work for her. The disease progressed so rapidly that in the course of a few weeks she became unable to hold anything in her hands, and we were obliged to take her out of school. She became so afflicted that she could not hold a cup to her lips without suddenly losing hold of it. I knew from the first by the symptoms that her ailment was St. Vitus dance, and despaired of seeing her cured, as it was looked on as such a hopeless ailment. She became so bad that she could not hold herself still for the space of ten seconds. Her hands or feet were continually moving and last of all she would contort her features so that she was losing her natural expression. At this stage I chanced on a paper containing a testimonial in favor of Dr. Williams' Pink Pills, describing the cure of a little girl afflicted as mine was. I hastened to get a couple of boxes of the Pills, and by the time she had used them I noticed a decided change for the better, and purchased a further supply. By the time she had taken seven boxes she was entirely cured. Although she seemed thoroughly cured I was afraid the disease might return again, but it never did, and she has since enjoyed the best of health. I cannot thank Dr. Williams' Pink Pills enough for what they did for my child, and I hope my experience may be of benefit to someone afflicted as my daughter was."

Dr. Williams' Pink Pills are sold by all medicine dealers or may be obtained by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

HIS ALTERNATIVE.

It is best to keep one's personal dignity at whatever cost. A befitting sense of what is due one never comes amiss, even within prison precincts. This truth was appreciated by an Irishman whose expression of it is quoted by Michael MacDonagh, in "Irish Life and Character." The prisoner, refractory and obstinate, flatly refused to work in the treadmill.

The man was brought before the governor of the prison for disobedience. The governor asked him what reason he could give for not following out his orders.

"Me go on the treadmill!" exclaimed the prisoner, drawing himself up to his full height of offended dignity. "Never, sir! I'd rather lave the jail first!"

GETTING ITS STRENGTH OUT.

Mrs. Wickersham had advertised for an experienced cook. The first applicant who came in answer to the advertisement was a stout, red-haired young woman. Mrs. Wickersham propounded several questions to her, which she answered in a fairly satisfactory manner. Then she asked her:

"How long do you boil tea?"

"Well, mem," said the young woman, "some folks biles it longer, an' some shorter. It's all a matter of taste."

"But you do boil it, don't you?"

"Oh, yes, certainly; but I've always thought that two hours was long enough to bile any tea. You can get all the strength out of it in that time."

SHEEP MUTILATED.

Wanton Acts by Organized Groups of Marauders.

Under the title of "Savage Sardinia," the Messaggero, the principal Roman morning newspaper, directed attention to the astonishing prevalence of lawless crimes in that island by organized groups of marauders and savages, who oftentimes turn out to consist of some of the most prominent and highly respected farmers in the provinces.

The other night eight masked individuals, armed with guns and daggers, invaded a farm belonging to a benevolent proprietor named Calvisi, on the mountain side near Sassari. There they seized the shepherd watching the flock, beat him senseless, robbed him of the small cash he had on his person, and left him bound hand and feet and gagged. They then drove 600 sheep delivered to his custody a distance of a couple of miles to a lonely valley, where they ripped open 300 of these animals, and thrust their daggers into every one of the rest.

Sardinia continues, as from time immemorial, to hold the record in all Italy for brutality, homicides, cattle mauling, incendiary fires and allied forms of damage to property. The criminal convictions for the latter crime are 4.32 in every 100,000 of the population.

In the single commune of Bitù, wherein the above vendetta has just taken place, no fewer than 1,600 sheep and 400 bullocks have been maliciously hamstringed since the beginning of this year. This extraordinary state of things is attributed largely to the notable deficiency of police and a rooted unbelief in the official administration of justice.

WHAT HE MEANT.

Muggins—"I hear you have been comparing me to a parrot. What am I to infer from that?"

Huggins—"Oh, I merely meant to imply that you were not as green as you looked. That's all."

Time Has Tested It.—Time tests all things, that which is worthy lives; that which is inimical to man's welfare perishes. Time has proved Dr. Thomas' Electric Oil. From a few thousand bottles in the early days of its manufacture the demand has risen so that now the production is running into the hundreds of thousands of bottles. What is so eagerly sought for must be good.

The change of dietary that comes with spring and summer has the effect in weak stomachs of setting up inflammation, resulting in dysentery and cholera morbus. The abnormal condition will continue if not attended to and will cause an exhaustive drain on the system. The best available medicine is Dr. J. D. Kellogg's Dysentery Cordial. It clears the stomach and bowels of irritants, counteracts the inflammation and restores the organs to healthy action.

RURAL SARCASM.

"That motorcar honk is very deceiving, ain't it?" said Farmer Green.

"Yes," answered Farmer Grady. "It ain't always easy to tell whether it's the honk of the goose out on the road or the one in the auto."

Angelina—"Oh, dear, the diamond in my engagement ring has got a flaw in it." Edwin—"Take no notice, darling, love should be blind, you know." Angelina—"Yes; but it hasn't got to be stone blind."

MONARCHS AND THEIR SAVINGS.

The Sultan of Turkey, who has an official income of about \$4,000,000 a year, has long been depositing his savings with the Bank of France. The same institution is likewise honored with the patronage of King George of Greece and King Leopold. The Czar has preferred to keep his ready cash in the vaults of the Bank of England, where, it is said, he has at his command nearly \$16,260,000 in Russian gold. The gold deposited by these monarchs, unlike other funds which come into the banks, never goes out again into circulation, unless it be to express command of the Royal depositor.

MONTREAL AND QUEBEC.

A veritable edition de luxe amongst railroad pamphlets has just been issued by the Grand Trunk to proclaim amongst tourists the glories of the cities of Montreal and Quebec. The brochure is beautifully printed, and generally arranged in the artistic style of earlier days, when the ornamentation of a volume was regarded as an important incident to its presentation or reading matter. It is also very well written, and gives an interesting description of the most interesting cities in Canada, with many illustrations from photographs that have not hitherto been published. Sent to any address on receipt of a two-cent stamp. Apply to J. D. McLaughlin, P. O. Box 100, Toronto, Ont.

A Recognized Regulator.—To bring the digestive organs into symmetrical working is the aim of physicians when they find a patient suffering from stomach irregularities, and for this purpose they can prescribe nothing better than Parlee's Vegetable Pills, which will be found a pleasant medicine of surprising virtue in bringing the refractory organs into subjection and restoring them to normal action, in which condition only can they perform their duties properly.

NOT HERSELF.

Farmer (to medical man)—"If you get out my way any time, doctor, I wish you'd stop and see my wife. I think she ain't feelin' well."

Doctor—"What makes you think so?"

Farmer—"Well, this mornin', after she had milked the cows, an' fed the pigs, an' got breakfast for the men, an' washed the dishes, an' built a fire under the copper in the wash-house, an' done a few odd jobs about the house, she complained o' feelin' tired-like. I fancy she needs a dose o' medicine."

Suffer no More.—There are thousands who live miserable lives because dyspepsia dulls the faculties and shadows existence with the cloud of depression. One way to dispel the vapors that beset the victims of this disorder is to order them a course of Parlee's Vegetable Pills, which are among the best vegetable pills known being easy to take and are most efficacious in their action. A trial of them will prove this.

Young Popperton—"Wife has gone shopping and left me in charge of the baby, and I am regularly put to it to know how to keep the little fellow quiet." Grimshaw (after regarding the howling and contorting juvenile critically)—"I should think you could easily keep him quiet, both in a vocal and physical way, by gagging him carefully, tying his hands behind his back, binding his feet together, nailing his clothes to the floor, and then administering chloroform to him."

A new recruit was instructed that letters addressed to him must be inscribed, "Private." He told his friends, and letters duly arrived addressed to "Mr. John Smith, 'Strictly Private.'"

2. Things You Don't See in a Sewing Machine
- ☐ Don't judge any sewing machine just by the way it looks.
 - ☐ Enamel paint and shiny varnish are good things, but they don't make a machine run well or last long.
 - ☐ Experience and judgment and intent combined with manufacturing facilities, are the things you should consider before buying.
 - ☐ These points, combined with a rigid system of inspection and tests, give a lasting value to every Singer Sewing Machine.
 - ☐ You can't see them, but you learn them in the easy, effective working of every part—and their value becomes more plain to you after years of service.
 - ☐ Every Singer is perfect when it leaves the factory—your daughter will say it's still perfect when you have no more use for it.
