CARLETON P. O. ROBBED FRIDAY

Campbellton, N. B., Aug. 26th.—The post office at Carleton, P. Q., was entered last Friday night and a small sum of money, some postal notes and money orders were stolen. On Saturday night an attempt was made to enter the Robitaille, P. Q., Post Office, but the postmaster living in the office frightened the robbers off.

The men are supposed to be two deserters from a barque which was at a Gaspe port, and are foreigners. One was tall and the other below the average height. The tall man was the younger of the two, and wore rubber boots, while the older and shorter one wore a suit of grey clothes and a slouch hat. The pair were seen at Escuminac on Sunday.

The Campbellton police were not notified until Monday night and it is thought the suspects had crossed the river and been able to get away.

Inspector Green of the Quebec P. O. department spent several days down the coast and was here on Wednesday but nothing new was discovered.

CAMPBELLTON'S PLIGHT

Campbellton, N. B., Aug. 25th.—The generous response of individuals to Campbellton's appeal for help must not blind us to a realization of the fact that, liberal as it has been in many instances, it is still far from sufficient to insure the victims the ordinary comforts or even all the necessities of life through the long winter months which will soon put an absolute stop to the work of rebuilding the burned city. It must be kept constantly in mind that women and children form a goodly proportion of the faithful who are camping over the ruins of their homes, and that many of the families have no other option than to stay where they are, live through the winter as best they can, and take their chances in the spring with the new Campbellton which is to rise from the ashes of the old if pluck and confidence are as potent factors in the building of cities as they are currently supposed to be. All the possessions they had in the world were represented, in many cases, by the home and its contents. They could not move far enough away to reach new fields even if they wanted to; and, to the credit of Campbellton's spirit be it said, few of them appear to want to.

A one-story shack is a poor substitute for a cottage, but it is better than none at all. Even in a shack, however, some things are absolutely essential if it is to be the winter home of women and children. It must be roughly weather-proof; it must contain a stove; and it must be supplied with a certain amount of foodstuffs and clothing. The relief committee is doing all that is humanly possible to split every dollar contributed to the Campbellton fund into as many pieces as possible, but the best of their efforts have not been able to satisfy the situation. There is need—urgent need—for more contributions of food, clothing and household supplies; more than all, there is need for contributions of money for the purchase of materials which must be bought and put to use immediately if the winter is not to mean an epidemic following on the heels of the disaster.

WHAT IS ITCH DIRT?

It is the old Anglo-Saxon name for Dandruff and it's a good one. If you have dandruff you have itchy dirt and the little mites that are part and parcel of dandruff are working persistently night and day and sooner or later will reach the very life of your hair and destroy its vitality.

Then you'll be bald—bald to stay!—for not even the wonderful rejuvenating properties in Parian Sage can grow hair after the hair bulb or root is dead. Parian Sage cures Dandruff. A. J. Durick the druggist, sells it. It comes in a large bottle and your money back if it fails to cure dandruff, falling hair and itching of the scalp.

HOW ONE WOMAN REGAINED HEALTH

Utterly Helpless and Friends Did
Not Expect Her to Get Better.

The great fame of Dr. Williams' Pink Pills is due to the fact that they have restored to active health and strength hundreds of people when all other treatment had failed to cure, and who had come to believe themselves hopeless, chronic invalids. The case of Mrs. Henry Britton, 1295 Alexander Avenue, Winnipeg, Man., adds another striking proof to the truth of this assertion. Mr. Britton writes as follows concerning his wife's long illness and ultimate cure through the use of Dr. Williams' Pink Pills: "It is a simple thing to recommend Dr. Williams' Pink Pills, and yet it is difficult to express fully one's heartfelt gratitude for such a marvellous remedy, as they have restored my wife to health and strength after the best efforts of the medical fraternity had failed. For years prior to our coming to Canada, and since that time up to about three years ago, my wife had been subject to severe illnesses from what the doctors said was chronic anaemia. She was utterly and entirely helpless, and so weak that she had to be lifted in and out of bed for weeks at a stretch. The trouble was aggravated by recurrent rheumatism and heart trouble. She had no appetite or strength for anything. I employed the best medical attendance and nurses procurable. The doctor gave her tonics and ordered beef tea and wine. The tonics and medicine would relieve her for a time, and then she would slip back once more into the old state—but worse if anything. Then we began giving her advertised remedies, but all seemed of no avail. One evening while reading a newspaper I happened to see an advertisement of Dr. Williams' Pink Pills. It told the case of a young woman who had been a great sufferer from anaemia, and who testified to having been cured through the use of these Pills. The case seemed to describe very closely the symptoms of my wife, and although I had pretty nearly lost all hopes of her ever getting well again, I decided to get a supply of the Pills and urged her to use them. My wife was thoroughly disheartened, and said she expected it was only another case of money thrown away. However, she began taking the Pills, and I thank God she did for after she had used them for a time, she felt they were helping her. From that time on her appetite came back, her color began to return, and she looked upon us as a helpless invalid began to take an interest in life. She continued taking the Pills, and through them her health continued to improve, until at last we were able to heartily congratulate her upon her complete restoration to health. Some three years since have passed, and in that time she has never been bothered in the slightest degree with the old trouble. Her cure has astonished everyone who knew how ill she had been, and we acknowledge with heartfelt thanks our gratitude to Dr. Williams' Pink Pills which literally brought her back to health from the brink of the grave."

Dr. Williams' Pink Pills cure such cases as this in just one way—they actually make new blood, which fills the depleted veins and brings new strength to every nerve and every organ in the body. Nearly all the everyday ailments of life come from poor or watery blood, and it is because Dr. Williams' Pink Pills make new blood that they cure anaemia, indigestion, headaches, dizziness, backaches, rheumatism, neuralgia, general weakness and the ailments that growing girls and women do not like to talk about, even to their doctors. If you are weak, sick or ailing, no other medicine will cure you so quickly as Dr. Williams' Pink Pills. Sold at all medicine dealers or by mail at \$1.00 a box or six boxes for \$5.00 from The Dr. Williams' Medicine Co., Brockville, Ont.

Summer school of science has not forgotten the session they held in Campbellton 10 years ago as shown by the following letter to Mayor Murray, enclosing a check for our relief fund at the close of their session at Liverpool N. S., Liverpool, N. S., July 30, 1910.

His Worship, Mayor Murray—

My dear Dr. Murray:—

You have received from Mayor Mulhall, of Liverpool, a draft for \$125 raised by the Summer School of Science and the town of Liverpool. We usually have a concert at the school to supplement our funds. In view of your misfortune, and in recognition of the many courtesies your town has shown us, and particularly your own self showed the school, I suggested that the whole proceeds be forwarded to our suffering friends to remind them that the school has a memory and that untimely kindness has an influence which may show its results in unexpected places. I was sorry that the sum was not larger, but we had what a full house gave us, and send it in the spirit you showed when the opportunity was on the other side. We are still ever your appreciative friends of the Summer School of Science, S. C. STARRAT, President.

RESOLUTION RE DEATH OF LIEUT CHAS. W. ANSLOW

Warm Tribute to His Memory By the
Town Council of Campbellton.

Campbellton (N. B.), Aug. 22. To the Editor of The Telegraph:—Sir,—Enclosed please find a copy of a resolution relating to the sad automobile accident which occurred here, in which Lieutenant Chas. W. Anslow was fatally wounded.

Yours very truly,
Geo. G. McKENZIE,
Chairman Relief Com.

"Resolved that the town council of the town of Campbellton, together with the executive of the relief committee, now in joint session, do place on record their deep regret and sorrow at the terrible accident which happened at the town of Campbellton on the 19th day of July last in which Lieutenant Charles W. Anslow was fatally injured."

"Further resolved, That we do express our high appreciation of the great aid he rendered to the relief committee in the short time he was spared to assist in the work of holding the poor, needy and homeless. In this time of great distress, he, by his noble example of cheerfulness, energy and Christian fortitude, did much to lessen the hardships which were the common lot of all our citizens."

"And be it further resolved that a copy of this resolution be forwarded to the relatives of the deceased."

Signed on behalf of town council and executive of relief committee.

(Sgd.) D. MURRAY, Mayor.
JOHN T. REID, Town Clerk.
GEO. G. McKENZIE, Chairman Relief Com.

PERSONAL

Graphic, August 26th.
M. A. Kelly, Esq. spent several days in Fredericton last week.

Mrs. Jasper Davidson and family left Tuesday for Moncton where they will reside for the winter.

Mr. and Mrs. James Craig leave Monday for Vancouver, B. C. where they will reside in future.

Chas. A. Alexander who was in Moncton with Mr. Fred Campbell, returned home Saturday evening.

Mr. Geo. St. Onge, Campbellton, was in Newcastle last week. Mr. St. Onge was registered at the Miramichi Hotel.

Mr. and Mrs. Harry Patterson of Swanton, Ill. spent a few days here with Mr. Patterson's parents, en route to their home in Swanton.

Miss Maud Goulet, who has been spending some time at her home at Petit Rocher, left today for New York to resume her duties.

Mrs. H. B. Anslow and Miss Elizabeth who have been visiting friends in Petit Rocher, spent a few days in town with friends.

CAMPBELLTON HAS MORE FIRES

Campbellton, N. B., August 26. Campbellton was visited by another serious fire Sunday morning when the lumber yard of Messrs Guimond & Co., near the I. N. R. station was completely burned. Between two and three million feet of sawn hard wood was piled here awaiting shipment, when in some mysterious manner it caught fire and spread from pile to pile. This material was very dry and made a hot fire.

The International Railway Station, freight shed and shops, together with the cars in the yard, and Coun. John Waite's residence were also with great difficulty. The fire department was on hand and with assistance of spectators saved the above buildings. The occupants of many houses packed their household goods in preparation for a hasty move.

This lumber was sold recently to the Frank Harrison Co., Liverpool, England, and is fully insured.

MORE FIRES.

Early Monday morning Mr. T. Ellsworth's new ice house at Doherty's Pond was discovered to be on fire and was entirely destroyed. The former ice house at the same place was destroyed in the recent conflagration and the new one was built over the immense pile of ice. It is thought that fire was smouldering in the old ruins and set fire to the new structure.

A shack on the Shives property was burned down on Tuesday and a tent used by Mrs. John Morton for cooking was also destroyed. Mrs. Morton lost quantity of household goods.

FOR "RUN-DOWN" PEOPLE

There's nothing known in medical treatment to-day so effective and certain of a cure and so magical in its building up power as South American Nerve, because it strikes at the root of all nervous ailments, the digestive organs, makes rich red blood, drives away emaciation, puts on flesh and makes over physical wrecks generally. Sold by A. E. SHAW'S Pharmacy.—143.

AUTO TRIP TO STATES.

An auto party composed of Wilfred Legace, Burnt Church; Peter Bouchard, Sidsle Bouchard, Frank and Louis Robichaud, arrived in the city about 12.30 this morning from Burnt Church, N. B., en route to the States on an automobile trip. They are stopping at the Minto-Times.

YOU NEED A GOOD SALVE

in the home. Davy's Menthol Salve is the best. It cures sunburn, mosquito and insect bites and stings, piles, old sores, skin diseases, etc. 25c. per tin.

CHOLERA SCOURGE RUSSIA'S ENEMY

St. Petersburg, Aug. 17.—The horrors of the cholera scourge in Russia, according to Prof. Rein, of the Red Cross, who has been sent by the government to South Russia to study measures of combating the disease, are steadily increasing. Children are starving in many instances, because their parents and adult relatives have been swept away by the disease, leaving them unsupported. There is no indication yet of the epidemic diminishing in vigor and thousands of new cases are being registered daily, the official figures according to reports though immense in themselves, understating the full extent of the disease owing to the impossibility of registering all cases.

MAYOR GAYNOR IS OUT

OF ALL DANGER.

New York, Aug. 23.—Mayor Gaynor's condition was excellent today, his physicians said, and the danger period has now passed. The doctor's agree that he will be completely recovered within a short time and he will go to the Adirondacks to complete his convalescence. Mayor Gaynor, though, has indicated that he thought he ought to return to his home in St. James, Long Island, after leaving the hospital.

The physicians have practically decided not to operate to remove the bullet, as they think there will be no inconvenience from it.

DISCOURAGED STOMACHS—

Could you wonder at the delicate organs of digestion refusing to be helped and comforted when day after day they are literally "drowned out" by strong tonics, bitters, and hurtful nostrums. Common sense came into Medical Science when it evolved the easy tablet dose and discovered a God-send to humanity in Dr. Von Stan's pineapple tablets formula. 35 cents. Sold by A. E. SHAW'S Pharmacy.—143.

Dr. J. D. MacMillan,

Artificial Teeth at lowest prices. Teeth extracted without pain by the use of gas or local anesthetic. Gums filled, crowded, etc. at reasonable rates.

Office, Lounge, 101 St. John St. Hours 9 a.m. to 5 p.m. 7 p.m. to 9 p.m. Telephone No. 73.
