Time 2:381 2:361 2:40.

It is said that the black stallion Oliver

LAUNCH AT THE NARROWS .- The new eason with everything favorable, namely: appointment as classical teacher in Hereford college collegiate school, Philadelphia,

The gentlemen who train on the track and are handling those mentioned may think the public expect too much from them, but it must be understood that the time has gone by to make three minute and 2:50 trotters, and if a year or two of professional handling does not demonstrate the many seconds the trainers had better find another field of labor and the trotter hooked

to a plough and set farming. The well known trotting horse, Earl, for now owned by E. H. Turnbull of St. John, has been reinstated by the board of review the name of Stanley.

### The Twenty-fourth.

Wednesday next, the 24th, will be very will be held at the rink. The university athletic sports will occupy the afternoon The launch of John Gibson's new schoone will probably take place on that date at the mouth of Nashwaak, but it is not as yet absolutely certain. A large number of clerks and others will spend their holiday in the country visiting friends or fishing. Only a very few have as yet decided to go to St. Stephen to take in the celebration there The day will be observed as a holiday but no attempt will be made to get up a demonstration of any kind.

The following is the program for the university sports: ENTRIES.

1. Standing broad jump-Allan Hoben, T D Aitken, F T Chesley, W Malone, C H 2. Hundred yards-S H McKee, S W Downey, Allan Hoben, T D Aitkens, W M Veazey, B R Armstrong, F A MacDonald,

### GRAND LAKE. What is Being Done there in Coal

The coal fields which are designated under neighborhood are disappointed because the the name of the Grand Lake mines are in park association has not seen their way the counties of Queens and Sunbury and atclear to get up a series of races. The soft | tain their maximum development and carry river. It occurs near the surface, and has

hold of some schooner or woodboat. Wallace, owned at Marysville, will go to tion of the road from Flower's cove to the Boston in a few days and will be handled Richibucto road are said to be from five to on Mystic park this season by the best forty feet beneath the surface. A few years trainer available. He will no doubt get since the first attempt at using steam power 2:30 or better with the superior handling in these mines was made at this place. A Four horses in training at the park are tubular boiler was used. To free the mine expected to go into the charmed circle this of water two pulsometer pumps were used, one discharging twenty gallons per minute, now a year or more and if handling is was about twenty-seven feet. The coal deprofitable he ought to go in easily. Lady posit was thirty-four inches in thickness, Blackmont has not had much handling the the top being twenty-four inches thick, conlast winter, but Stewart has her in charge sisting of coal of excellent quality. The feel that I can safely speak for them when

since early this season and ought to make bottom was inferior and between the two I say that they are entirely in accord with a good show with her against 2:30. Nellie | beds there was a parting of three inches of G. has been handled a long time and is the soft slate. The sulphur was chiefly con- and I am sure that the warmest sympathy one the horse loving public expect to see fined to the lower seam. Below the de- for our honored chief justice in his affliction go into the charmed circle first. Helena B. posit there was a bed of fire clay of six prevails throughout the whole body of the has been kept quiet all winter but is getting inches in thickness and below that a nine daily exercise now. This mare could beat inch seam of inferior coal which has not as 40 last year and there is no reason why she vet been mined. It is said that all the coal cannot capture the \$100 that Harry Mc- in the locality is underlaid by a bed of fire Lellan, the present owner of her renowed clay of five feet and upwards in thickness sire, offers to the first of his get to enter the and that fire brick of good quality have een made from it.

It has been estimated that an acre of land in the locality would yield upwards of 3,000 tons of the best quality of this coal. At the shaft mentioned there was a crew of fifteen men underground with three on the surface, including the engineer and fireman. A man would average a ton and a fact that our trotters can beat these figures | half of the top seam and three quarters of a ton of the lower seam per day.

There is no question as regards the quality of this coal, where it has been horrestly mined, unmixed with shale, it has proved some time the property of John McCoy, that for blacksmith, furnace or stove use, it is unexcelled. The quantity is large and there is every prospect that the days of its infancy are passed and that with the latest nethods of handling and shipment this deposit must prove of great value to the province. The attention of upper province and American capitalists has turned to these

### CHARLOTTE DESPERADOS.

They Get Terms in the Penitentiary for Their Crimes.

The trial of the Grand Manan desperadoes at St. Andrews this week was conducted by the attorney general. Judge Tuck in his address to the grand jury remarked that it was unusual for him to have criminal usiness to attend to in Charlotte county. He said that the indictment set forth the facts that Geo. A. Dunbar and Chester Dunbar had entered the store of Frank Sinclair at Castalia and had stolen goods to the amount of \$20. On the same evening they had entered the dwelling house of Charles

Watts and stolen \$20 off a table He did not state that when an attempt was made to capture them that one of then was wounded by a gun shot, but there was evidence to the fact. One of the prisoners was carried into the court room on a stretcher. His body was covered with a planket, only his head and sock-covered Parent property, which has for the past six feet being visible. Shortly after the court opened Chester Dunbar made a confession that the burglary and larceny mentioned 5. Running broad jump—S H McKee, T
D Aitkin, W M Veazey, Allan Hoben, F T
were done by himself and brother. They
were sent to the penitentiary. Chester for D Aitkin, W M Veazey, Allan Hoben, F T were sent to the penitentiary, Chester for Chesley, W Malone, R W MacLellan, C H four years and George for five. St. Andrews and that part of the country feels relieved as the brothers were said to be desperate
