

Admittedly The VERY BEST GOODS MADE IN CANADA!

You will never realize how much of your daily fatigue can be relieved until you are rightly fitted with an INVICTUS SHOE.

We are showing some beautiful new models of these fashionable Shoes that we want you to see.

MARSHALL BROTHERS.

I.O.G.T.

On Friday evening last, Onward Lodge held its quarterly meeting in the Oddfellows Hall. The attendance of members was large, and the reports of the officers were most gratifying to all, which showed the Lodge to be once more moving forward. The G. C. T. Rev. Bro. Thackeray, upon being called to the chair, proceeded at once to install the following officers: C. Templar Rose, of George Boyd Lodge; and P. C. Templar Carmichael, of Terra Nova Lodge, assisting as Installing Marshals:—P. C. T. Bro. B. Edgcombe; C. T. Bro. Harry Chaplin; V. T. Sister A. Edgcombe; S. J. W. Slater J. Gale; Sec. Bro. K. Sheppard; Asst. Sec. Sister I. Lambert; Fin. Sec. Bro. L. A. Lane; Treas. Bro. John P. Chaplin; Recorder, Sister Mrs. Thistle; Chap., Sister Emma Shaw; Mar., Sister A. Harding; Dep.

Some Awful Facts About Catarrh.
Catarrh is the door through which thousands slip into consumption. Think of it! An inflamed Catarrhal condition looks small, yet to the germ of tuberculosis, floating about seeking soft, inflamed surfaces in throat and nasal passages offers it opportunity for growth equal to soil, sunshine, and rain to a plant. Try and take in the force of the statement. You will see your danger. Don't then be surprised at the terrible ravages of consumption. Catarrh is to weak folks particularly inviting. Invites consumption. Aimed by science, Catarrh is now doing wonders to make the means of escape known. No individual means has done more to stamp out the white plague than has Catarrh. Catarrh is a scientific combination of germ destroyers and healing agents. It is carried by air to throat, lungs, and nasal passages. It was a great triumph when the Catarrh medication was discovered. Catarrh destroys catarrh germs, heals the sore spots, these germs produce, and reduces congested surfaces to natural healthy conditions. This great triumph has been achieved alone by Catarrh. Catarrh is a treatment worthy of remembrance. As a remedial agent it is a wonder. It burns and destroys Catarrh germs. This is just what you want because it cures. Buy it to-day. Two months' treatment, \$1.00; trial size, 25c.

Mar., Sister Keels; Guard, Mrs. P. Andrews; Sent., Bro. Shute.

After the ceremony the C. T. in a few words thanked the members for again placing him in the chair, and hoped all would do their best for the advancement of Onward Lodge. The G. C. T. followed with one of those helpful speeches such as Bro. Thackeray knows how to impart, and which cannot be but productive of much good. Lodge Deputy Stirling and Bro. Rose, Carmichael and Maund also spoke a few encouraging words. Before closing Rev. Bro. Thackeray referred to the illness of Our Gracious King, and in an earnest prayer poured out his supplication to the Throne of Grace on behalf of the King and Royal Family, and many a silent petition was offered for His Majesty's recovery who was then lying at the point of death.

Mr. Myrick's Candidature.

Editor Evening Telegram.
Dear Sir,—In reading the address of M. W. Myrick, Esq., in the daily press on Saturday last I was pleased to notice the points taken by him regarding the health of our citizens. His lucid and practical ideas as to the disposal of night soil is one that should commend itself to our citizens generally, and is not by any means of a costly nature. The absolute necessity of public lavatories is a move in the right direction, and his assurance to the public that he will, if elected, support all measures relating to the city's welfare, especially in writer and sewerage matters for the higher levels and South Side. Perhaps there are none of the aspirants now before the public for civic honors as worthy as M. W. Myrick is, for he has given upwards of 30 years of his valuable services free in protecting the lives and property of our citizens in the ranks of the Phoenix and Volunteer Fire Brigade, previous to the inception of the present efficient brigade. He is a first class tradesman of independent means, made so by honest toil and sobriety, and has held the responsible office of Treasurer of the St. John's Mechanics' Society now upwards of 20 years. Trusting that his fellow citizens on polling day will not forget Mr. Myrick, I remain,
Sincerely yours,
May 9th, 1910. OBSERVER.

Takes a Vacation.

Rev. Fr. Veriker, the esteemed Parish Priest of Ferryland, arrived here by the Portia yesterday and will shortly proceed to Ireland on a three months' vacation and health trip. The rev. gentleman, who is beloved by all his parishioners, received before coming here a tangible expression of their esteem and veneration and was presented with addresses and purses of gold from the people of Cape Broyle, Caplin Bay, Renew, Fermaness and other places, the whole making a substantial sum.

The Dose in Time That Saved Nine.

Dodd's Kidney Pills Cured Dan. McGee's Backache.

He used the old Reliable Kidney Remedy and found a speedy and complete cure for his trouble.
James River, Antigonish Co., N.S., May 9.—(Special).—It has again been proven in the case of Mr. Dan McGee, a well known farmer living near here, that backache is only a symptom of kidney trouble, and that Dodd's Kidney Pills cure it quickly and completely.
"I suffered from backache for two months," Mr. McGee states. "It started from a strain and grew steadily worse. I also had occasional attacks of Lumbago. I was always tired and at times my eyes were puffed and swollen. In the mornings I had a bitter taste in my mouth."
"Then I decided to try Dodd's Kidney Pills and the result is that to-day I am a well man. I advise all persons suffering from backache or Lumbago to use Dodd's Kidney Pills."
Mr. McGee caught his kidney disease in its early stages, and Dodd's Kidney Pills cured it almost at once. Neglected kidney disease develops into Rheumatism, Dropsy, Bright's Disease or Heart Disease. Dodd's Kidney Pills will cure any and all of these.
FRESH SALMON.—Fresh salmon were fairly plentiful in the local market yesterday. They were sold at 25 to 30 cents a pound.

Mongolian Arrived Yesterday.

The Allan Liner Mongolian, Captain Hamilton, reached here at 10:30 a.m. yesterday after a run of 5 days from Philadelphia. The ship had fine weather all through, and Sunday night a Mareonigram was despatched here saying the ship was then 160 miles off Cape Race. Thick fog was met that night and the ship came along at reduced speed. She brought 500 tons cargo, 5 bags mail, and her passengers were:—Hon. John and Mrs. Harvey, 2 second cabin and 13 steerage. The ship sails to-night for Liverpool taking 2,000 packages of oil, etc. The passengers outward by her are:—A. J. Harvey, Mrs. Poweys-Keck, infant and nurse, Hon. J. Baird, Hon. D. Morison and wife, Miss Morison, Miss Pilot, Mrs. H. D. Carter, W. H. Rennie, J. W. Withers, W. R. Warren and C. A. C. Bruce and son.

Be Sober and Watch.

Sunday being the monthly meeting of the T. A. & B. S. a large gathering of members was present. President W. J. Ellis presided. He was enthusiastically received after his recent trip to America. The Rev. Spiritual Director was also present and four applicants were admitted to membership. After the routine business was transacted several important matters were discussed. Resolutions of condolence on the death of King Edward were proposed by the venerable Mr. John Dunn, the oldest member in the institution, and seconded by Mr. J. J. Norris, Chairman of the Junior Branch, both gentlemen making appropriate speeches, briefly mentioning having walked in the T. A. & B. procession when the now deceased monarch visited our shores, high 50 years ago. The resolutions were unanimously carried and will to-day be presented to His Excellency Sir Ralph Williams by President Ellis and Secretary Coughlan for transmission to the Secretary of State for the Colonies. The exterior of the hall is in need of immediate repairs. The Executive was given power to have the work proceeded with at once. The revision of rules will be taken up without delay, the President appointing a committee to assist the officers in this very important work. Matters of less importance were left over for next meeting. The meeting then adjourned.

ARE YOU PALE AND ANAEMIC?

Not nice to wear that ghastly pallor. Not nice to show that dreadful weakness. Think how dreadful you look! Your lips are pale, your eyes are lustreless, and you have a wan sickish look, that perhaps your friends think a forerunner of decline. Your ears are waxy and transparent. Your fingers have that thin ghastly look that sick people always show. Of course, the blood-making power of the body is wrong. That is why everything is wrong. Your stomach is weak, your digestion is poor, your vitality is low and your strength is feeble. You can successfully treat this condition by Ferrozone (Blood Food). Ferrozone imparts to the system the very aid that is required to start into operation blood-making again—red blood—rich blood. Realize if you can what this means to you. Ferrozone (Blood Food) will do it. It will give you plenty of rich red blood. It will give you color. It will give you clearness of skin. It will give you brightness of eye. Ferrozone (Blood Food) offers some means of escape from weakness and nervousness from run-down conditions. Ferrozone (Blood Food) will give you strength, vigor and endurance. Ferrozone (Blood Food) unequalled in the annals of medicine as a reconstructive tonic and system builder. Price 50c.

Picked Up Wreckage.

While the sch. Mary E. D. Trainer, master, was on her way from Fermaness, Saturday morning, she picked up a number of ship's hatches and a quantity of deal off Tor's Cove, floating in the water, and has them on her deck at Goodridge's wharf. They evidently belong to the wrecked S. S. Normandy.

The Beverage for all Weathers.

EPPE'S COCOA

A delicious food and drink in one.

A Cup of "Epps's" at breakfast warms and sustains you for hours. As a supper beverage it is perfect. "Epps's" means Excellence. **GRATEFUL CO. PORTING**

Notes From Harbor Grace.

Mr. H. H. Archibald returned from St. John's by Saturday night's train.

Rev. F. S. Coffin expects to visit St. John's again this week in connection with the call to a minister for St. Andrew's, St. John's.

Mrs. Richard Verge died on Saturday at her home on Bannerman Lake Road.

Mr. D. Munn left England on the s.s. Siberian on Saturday for home. Mr. Munn has been in Genoa all the winter.

Miss Mary Alice Martin, daughter of Mr. James Martin, died on Friday night last after a long illness. This young lady was only in her 20th year. Much sympathy is expressed for the sorrowing parents and friends. The funeral took place yesterday and was very largely attended.

The sad news of the death of our good King Edward VII. passed quickly from one to another on Saturday morning and caused general mourning. Flags at half-mast and mournful blinds were to be seen for the balance of the day.

An item in one of the city papers of Saturday last was read with much interest by a number of people here. It was to the effect that some of the St. John's merchants were about taking over the extensive property of Messrs. Munn & Co. and carrying on a fishery business in this town. We hope such is correct and see no reason why the venture could other than be very successful. The company fortunate enough to secure this property will be worthy of congratulations.

Another old and well known resident of this town passed away yesterday at the advanced age of 75 years—Mr. James Fox. Mr. Fox for the past 40 years has been following the calling of cabman, and was consequently widely known all around the bay and parts of Trinity Bay as well. In former years it was no uncommon thing for the cabmen to take passengers around the Bay to St. John's. By his pleasant disposition and obliging manner Mr. Fox made friends everywhere he went. He leaves besides a sorrowing widow, four sons—James, Bailiff of the District Court here; George, Adjutant of Salvation Army, New York; Nathan, of Montreal, and Moses, of Boston; also a large number of other relatives and friends, to all of whom we offer sympathy.

RETURNING FOR FISHERY.—By the Mongolian which arrived here yesterday, some families belonging to Conception Bay returned from Philadelphia to prosecute the codfishery this summer on the Labrador. Several who were working at Sydney also recently returned to fish during the summer months and hope to do well.

THE TOR'S COVE WRECK.—The s.s. Normandy is still in the same position on the rocks with about 6 feet of her starboard quarter above water. Three crews went out to her in boats yesterday from Tor's Cove but could not meddle with the wreck.

NOVELTIES in Ladies' EMBROIDERED BLOUSE ROBES.

SEE OUR NOVELTY BORDERED ROBES,

TO MAKE, consisting of:
4½ yards 45 inch Flouncing,
4½ yards Trimming,
2½ yards 48 inch Bodice Material.

\$3.75

Ladies, there's no question about it, you must have one of these Beautiful Robes. You would not want summer to find you without a Dainty White Dress, and for that reason we invite you to come and look them over.

S. MILLEY.

He Carried a Gun.

Shortly after 9 Saturday night Constables O'Flaherty and Churchill found a man lying on the sidewalk at the foot of Queen Street, near Bennett's archway. He was unconscious and bleeding from a cut in the back of his head and his lip was also split open. When the officers picked him up he recovered consciousness. He was respectfully dressed and before putting him in a cab to take him to the station Const. O'Flaherty felt what he took to be a bottle in his pocket. The officer investigated and found that the man carried a revolver in a case. It was a 38 calibre weapon with 4 of the 6 chamber loaded. The police took charge of it at the station. The man, who had \$182 in his pockets, though he had taken liquor was not drunk, and told the police that he had been assaulted by one of two men whom he had seen in a saloon and spoken to but who ran away when the blow which put him out was delivered. As regards the revolver, he said that he is an American and that he being mostly among miners and railroaders had to carry the weapon as a matter of precaution. He is here seeking men for railway work and protested that he had done nothing to deserve the treatment he received. It is likely that he will summon his aggressor, whose name he now has.

T. J. EDENS

STRUCK BY A TRAM.

At 6 p.m. Saturday as Christopher Maher was crossing Water Street West he did not notice a street car coming west, and though the gong was repeatedly sounded, being somewhat deaf he did not hear it. Before the motorman could stop the car it hit the man and threw him near the sidewalk.
