

C.L.B. Camp Notes.

The present camp is proving a very good one, but the rain has been a little too much for the spirits of the men, who are having a most enjoyable time. When it was seen that it was likely to be heavy rain throughout Friday night, arrangements were made to prevent any of the men from getting wet. Leaky tents were abandoned, and the Officers' Mess, N.C.O.'s Mess, Cook House and other buildings were used as sleeping quarters. On the following day, regular routine work was followed, but the rain came on again it was decided to quarter as many lads as possible in the S.U.F. Hall. The remainder occupied watertight tents. Trenches were dug in the grounds to drain off the water. As a result of the care taken for the welfare of the lads by the camp, not a single case of sickness has been reported.

The lads at camp have been divided into two companies. Lieut. Reid is in command of the first, and Capt. French of the second. The weather during the morning and evening was fine. The Band, under Capt. A. Morris, played for the day, and Lieut. Col. Macdonald, Majors Williams and Tait, and several other officers were also present.

During the morning, the Bell Island Band arrived and Major Lind and Capt. Miller of the Wabana company were in camp.

A special Communion service, attended by some fifty members of the Brigade, was held in Toppell Church at 8 a.m., and a full Battalion Parade was held at 11 a.m. Some twenty officers were present. The service was taken by Rev. A. Pittman and Mr. Andrew Tulk, the former preaching the sermon, which was both practical and interesting.

At 3.30 p.m. a drum head service was held—the full Battalion Band under Capt. Morris, providing the music. Rev. A. Pittman, Camp Chaplain and Rector of Toppell read the prayers whilst Rev. Andrew Tulk of St. John's preached a most appealing sermon from the 16th Chapter of Matthew, "For whosoever shall love his life shall lose it." The service concluded with the National Anthem.

Many friends of the Brigade visited camp in the afternoon. Among them were Major Cook, Hon. Dr. Mossell, Capt. John Davey, Mrs. Grievie, T. Anderson, A. S. Tait and A. H. Carroll, Major Anderson, M.D., of Hearst's Patent Company, Judge Morris, Postmaster R. Furlong, and Major and Lieut. Murphy of the Bell Island C.C.C. Afternoon tea was provided in the Officers' Mess by lady friends of the Brigade and selections were played by the Band to entertain the visitors.

No ill effects were suffered from last night's rain as precautions had been taken by the Commandant, Capt. Reid and his officers.

Tonight the Warrant and N.C.O.'s are holding a dance in the S.U.F. Hall and a large attendance is expected as camp dances are always popular.

Tomorrow night, a lecture will be given in the Big Mess Tent by Dr. E. J. Martin, on his experiences as a medical missionary in Korea. The Camp Sports will take place on Saturday and an interesting programme is being prepared. Donations of prizes will be appreciated.

At 3.30 p.m., Thursday, His Excellency the Governor in his capacity of Master-in-Chief, will inspect the Brigade, which is now a Cadet unit, attached to the King's Royal Rifle Corps.

It is expected that an all day excursion to Bell Island will be arranged for Friday.

Wednesday night the Officers' Mess will have a dance in the Orange Hall. No efforts are being spared to make it a success.

The Union Jack of H.M.S. Briton was presented to the camp by Dr. Mossell, whose kindness is fully appreciated.

To-day general routine work is being followed. Lieut. R. G. Ash is Officer.

The writer of these notes has been requested to deny the rumor that Capt. Ash has any knowledge of the "Camp" while Capt. French of the "Camp" states that he does not know the key of the "butter cut" and erroneous impression has got abroad to the effect that the Officers' Mess has a supply of peanuts for the camp, but the lads who went to Mess President yesterday with a letter for his share had to go back empty handed. There is another rumor which must be denied. It is to the effect that Lieut. Harold Hayward has charge of the painting of the Last Post.

It is now time to secure your Jam covers. Bishop's Dry Goods have them, and advise quick buying, as many people were disappointed last week, when jam pot covers were all sold and they could get none.

League Football, St. George's vs. the Highlanders. Already 10 cents, ladies free; grandstand 10 cents extra; boys free.

"East Lynne" as Told On the Screen.

EPIC STORY AT THE NICKEL TWO-NIGHT.

"East Lynne," in the modernized film version produced by Hugo Ballin as a Hodkinson release which will be shown at the Nickel Theatre to-night, tells the well-known story of the trials and tribulations that befall Isabel Vane.

After being left orphaned and penniless she was married to the wealthy Archibald Carlyle, and lived with him at the family manse, "East Lynne," in blissful happiness. Carlyle was soon besought by Barbara Hare, an old-time friend, to lend his legal aid to save her brother Dick, accused of murder. Isabel misinterpreted Barbara's visits, and her mind was further turned by the villainous Francis Levison. She deserted her happy home, her husband, and her baby boy and fled to Canada with Levison. He soon left her—returning a year later to find her desperately forlorn.

Then he told her the truth of her betrayal; with her baby Isabel was wrecked and her baby girl was killed. While she was in the hospital, Carlyle married Barbara—and saved her brother, convicting Levison as the murderer.

Finally Isabel returned to "East Lynne," broken and worn—only to find her baby boy and then to pass out in the arms of the one man she had always loved.

A pathetic story, but helped by five generations of American novel-readers and playgoers; and told more dramatically and poignantly than ever before in this screen version.

Notes From Catalina.

Schr. Smuggler, Capt. Johnson left for St. John's on Tuesday.

S. and Mrs. Samson of St. John's were in town last week and the guests of the Randall Hotel.

Miss Myrtle Courage took passage by the Sagona to St. John's.

Mr. Lorenzo Coleridge arrived by Sagu, and left by train for his home, Trinity.

Miss M. Henderson and Mrs. A. Courage were passengers from St. John's by the Prospero.

We hear that a football game is to be played here August 2nd by Catalina and Trinity boys. We hope this rumor is correct.

A good sign of fish is reported around the vicinity this week. Traps securing from 40 to 50 quintals.

Mr. Aidan Murphy is spending a holiday at St. John's.

Mr. R. G. McDonald St. John's, is visiting Mrs. Coleridge. He is accompanied by his daughter, Miss Jean McDonald.

Mr. Albert Facey of Canada, formerly of this place, spent a week end here and left by Sagu for Carmanville. Glad to see you.

Our Dumb Animals.

REPORT OF CHIEF AGENT S.F.A. FOR WEEK ENDING JULY 22.

Inspected several stables in the city which are in a very poor condition for keeping horses. In some cases the owners promised to make necessary repairs.

Went out with police in search of a bullock that had broken away from a yard in Mundy Pond Road. Found it on Nagle's Hill. The animal had already been shot at by Constables O'Keefe and Bennett. Saw that it was properly bled.

Sent in 4 horses for treatment, one with sore back and two for lameness. Checked several boys with ponies and expressed for furious driving.

Attended to the landing of two carloads of cattle, also attended the pony races at the different garden parties. Was called to destroy a very valuable horse owned by Mr. Gollop on Major's Path. The horse had broken its leg.

Shipping Notes.

S.S. Meigs left Hr. Grace at 3 o'clock Saturday morning going north. S.S. Sebastopol sailed at 6 a.m. yesterday taking a full cargo of salt to Blanc Sablon.

Schr. Annie L. Warren is loading codfish for Trunkland from A. S. Rendell and Company.

Schr. Cavalier is loading codfish at Exploits from Otto Osmond.

Bargain Madeline Constance is due to leave Rotterdam for this port the end of the month.

Thirty French steam trawlers are due at North Sydney this week to bunk from the Scotia pier. Each will take about two hundred tons of coal.

Pony and Horse Races at Mt. Cannel Garden Party. Already eight ponies and six horses are entered for these events, ensuring two good heats in each and a final. 1924.11

In the Realms of Sport.

It's easy to be a grouch. When things aren't coming your way. But the prize old growl is the man who will howl. When everything's going O.K.

Provided the Weather Man is half decent the Highlanders will face the champs to-night in the regular League fixture. The B.I.S. will be short Fred Pheland and Jack Higgins, while it is most unlikely that Burke or Brian are well enough to play. Last year the Highlanders very nearly split them in their rush for the pennant, and the champs will feel a great deal more comfortable when the game is over. Play starts at 7.30 sharp, with Mr. Hunt, the official referee, in charge.

Wonder if we could induce the genial John Anderson to bring in a Bill at the October session of the Legislature to have the month of July postponed at least thirty days each year. Having given us more light it is not improbable he could now provide us with a little more heat. Waiting, Central!

The last game of the first round in the Baseball League will be played to-morrow night between the B.I.S. and Red Lions. The Harps hope that the champs are still groggy and leaning on the ropes from the walloping the lowly Wanderers gave them last week, and are thus optimistic of giving them the quietus to-morrow evening.

The good old definitions of the three kinds of football, as explained by Onfokker, still hold good: "In soccer you kick the ball; in rugby you kick the man if you don't kick the ball; in the American colleges game you kick the man."

Those who attend the Mount Cannel Garden Party on Wednesday will have the opportunity of seeing a regular Derby on a specially prepared course. The stewards, Messrs. Curran and O'Regan, have already six entries. For the pony race there are eight entries. This will be the first time in years that horses will be seen in action on the turf.

One way of beating the weather man might be to keep the dates of sporting events secret to the last minute.

Bay Roberts: No word has yet been received regarding the Hayward Inter-town Cricket Trophy, but it is likely that something definite will be arranged this week.

Some guys are so unlucky that they seem to have been born with two strikes called and the pitcher going good.

An invitation has been received by the Baseball League to send out a team to Grand Falls on August 10th to 13th for a three game series. There are no hopes of a Grand Falls team.

Police Court.

(Before Magistrate McCarthy.) Two drunks, one of whom was conveyed, were released on payment of costs.

Two men named Murphy, who are members of the family recently found homeless on the White Hills, were in the lock-up last night for safe-keeping. Both men are working but cannot find a home. They were released.

A drunk who was also charged with breaking a pane of glass valued at \$10, was released on making good the damage.

A drunk who was charged with fighting outside the West End Fire Hall, and was arrested by two fire constables, was fined \$5.00. Accused bore the same name as a well known prizefighter and was apparently trying to maintain his namesake's reputation.

Shipping Notes.

S.S. Manoa left Montreal at 4 p.m. Saturday, being due here on Thursday.

S.S. Sabie 1 is due here this evening. The ship was delayed getting away, and did not leave North Sydney until 11 o'clock Saturday night.

S.S. Alconda sailed from Botwood yesterday for Glasgow taking 3,950 tons paper from the A.N.D. Co.

S.S. Thomas Haaland has arrived at Western Arm in ballast from Hull and will load pit props.

Schr. Bohemia has arrived from the Banks to Bay L'Argent hauling for 1,100 qtls. codfish.

Schr. Gay Gordon sailed from Belmoram on the 18th inst., with 850 qtls. codfish from Harvey & Co. for Oporto.

Schr. Rosenheim, 10 days from St. Pierre and Green Island Bank, has arrived in port for supplies.

Schr. Artres, 37 days from Faroe Islands, has arrived in ballast to A. S. Rendell & Co.

coming in apparently as following the policy of retrenchment the A.N.D. Co. are not prepared to finance them as in the past. They have however put up a proposition to President Orr who will likely call a meeting in a few days to discuss the matter.

Answers: The batter cannot be put out on a foul ball which strikes him. The bet you are holding must therefore be paid.

Owing to the adverse weather conditions the much looked forward to return cricket match between the Fieldians and Shamrocks had to be postponed on Saturday. It will now be played this week.

RULES OF FOOTBALL.

(Continued)

(3) Ends shall only be changed at half time. The interval at half time shall not exceed 5 minutes except by consent of the referee. After a goal is scored the losing side shall kick off, and after the change of ends, at half time, the ball shall be kicked off by the opposite side from that which originally did so; and always as provided in Law 2.

(4) Except as otherwise provided by these laws, a goal shall be scored when the ball has passed between the goal posts under the bar, not been thrown, knocked on, nor carried by any player of the attacking side. If from any cause during the progress of the game the ball is displaced, the referee shall have power to award a goal, if in his opinion the ball would have passed under the bar if it has not been displaced. The ball is in play if it rebounds from a goal-post, cross bar, or a corner flag staff into the field of play. The ball is in play if it touches the Referee or Linesman when in the field of play. The ball is out of play when it has crossed the goal line or touch line, either on the ground or in the air.

(5) When the ball is in touch, a player of the opposite side to that which played it out, shall throw it in from the point on the touch line where it left the field of play. The player throwing the ball must stand on the touch-line facing the field of play, and shall throw the ball in over his head with both hands in any direction, and it shall be in play when thrown in. A goal shall not be scored from a throw in, and the thrower shall not again play until the ball has been played by another.

Mary had a little car. One of the speedy kind. And everywhere the front wheels went The rear ones came behind.

Regatta Ripples.

The Regatta Committee meets to-morrow night in the T. A. Armoury, when the remaining crews will be entered.

The buoys will be placed on the Pond during the week, and on Friday night places will be drawn for by the various coxswains.

The Football League will meet to-morrow night, when the eligibility of a number of men who have entered for the Football League will be decided.

Saturday afternoon was too rough for practice and no boats were on the Pond. Old-timers say they never saw the waters lashed so fiercely by the wind. The water is very high owing to the heavy downpour of rain and the wharves are awash. The boats had to be hauled up on the banks to prevent swamping.

Practice will be resumed this evening and it is probable a Fishermen's crew from Logy Bay will be out.

The regular and Intermediate Fishermen's crew will row the Blue Pete.

The Blue Peter received her finishing touches on Saturday and is now in first class condition.

The Cadet Amateurs are still the ermen's crew of Logy Bay will row the Blue Pete.

The small bridge at the head of the Lake near Cole's, which was carried away by the floods on Saturday, is being replaced this evening by the Pond Committee.

The collectors met with the usual good reception on Duckworth Street this morning and practically finished up that district.

MEETING POSTPONED.—The meeting of the unemployed which was to have taken place in Bannerman Park on Saturday afternoon, was postponed until a later date. Quite a number of men had assembled when the meeting was called off.

TO-DAY'S MESSAGES.

QUITTED POSTS.

WHEELING, W. VA. Ten mines in Ohio are facing damage through fire and water as a result of the walkout of maintenance men on Sunday. Operations charge that men are frightened into striking their posts by threats of deserting miners.

MAYBE DON'T WANT TO.

MOSCOW, July 24. A note from the Soviet Government to France, Great Britain and Italy, charges the failure of these countries, as custodians of the Dardanelles, to prevent Greek warships passing through the Straits, bombarding Russian ports and blockading Russian shipping in Black Sea.

BRITAIN TO THE RESCUE.

NEW YORK, July 24. Forty-two ships have been chartered to transport coal to this country from Britain. It is said these ships assure the delivery of three hundred and fifty thousand tons to New York within six weeks.

IRREGULARS RETREATING.

DUBLIN, July 24. Galway irregulars burned Dunmore barracks and then retired in the direction of Baltimore, and are also reported to have withdrawn from Castlebar. This is an indication of their intention to retreat to the mountains.

CONFERENCE ARRANGED.

PARIS, July 24. A conference between Lloyd George and Poincaré to discuss a moratorium for Germany is arranged for the first week in August. It is also thought there will be a meeting of the Supreme Council, with Belgium and Italy represented.

THE COMBAT DEEPENS.

DUBLIN, July 24. National army troops have gained a fresh victory in West Ireland, capturing Ballinacorney. Nationalists add to their victories in and about Limerick, where they lost fifteen killed and eighty-seven wounded, while the insurgents are believed to have lost thirty killed.

FREE STATER FORCING REFUGES.

LONDON, July 24. Unconfirmed reports say that Republicans are retreating with all speed into Galles and Knockmealdown Mountains, harassed by State troops, following so closely that the rebels are unable to concentrate. Reports also state, and it is believed that Nationalists are encompassing Republicans in these mountains to force a final stand, but other reports say it will be impossible to make a stand anywhere. The possibility is that, if irregulars may reach Cork and make a last desperate resistance there.

BROKEN PLATES REPAIRED.

Well equipped Dental Offices can now repair plates. A broken tooth is no reason why a plate should be discarded. A new tooth, or several of them, can be vulcanized onto the old plate and make the service absolutely as good as ever. If you meet with an accident that injures your plate in any way, consult your dentist about repairs before you discard it for a new one. You can often prevent a needless expense. jne27,tu,th,s,tf
