### Our Dumb Animals.

REPORT OF THE CHIEF AGENT FOR WEEK ENDING DEC. 15.

Attended to the landing of 45 head of cattle, 9 sheep and 16 horses from the Canadian Sapper, one horse was accidentally killed on the passage down; everything possible was done for the comfort of the cattle. It was one of the stormiest passages the ship had met for the season. The cattle were all landed immediately and all watered and fed. I also attended two cartloads of cattle at the Railway Station. I might say here that there is not sufficient food put in the car for those cattle, they were watered on the 8th and did not arrive here until the 11th, the Secretary Mr. Leslie Curtis is investigating the matter. I had them watered and fed at Neal's Wharf after leaving the train;—the railway company having no facilities at the freight sheds. I also received several complaints from sick persons in reference to the howling of dogs which are left out all night annoying them very much. I received a phone message also on Wednesday night in reference to the matter, but was powerless to remedy it. All horse owners have promised me to keep their horses covered when standing with rugs. I think if people would do their shopping earlier at this season of the year, it would give the express men a chance to get their horses in earlier and dried off. I was also asked to humanely put to death a faithful old mare owned by a resident of the West End. The animal had rendered good service and the owner rather than sell her had her humanely put to death. I also attended to the landing of 3 horses from the Silvia. The animals were imported by Mr. Joseph Judge, they were comfortably boxed and covered and secured against all weather. Mr. Judge is loud in his praise of the Captain and officers, crew and passengers during the passage, who were keenly interested in the horses and saw to their comfort enroute.

JONAS BARTER,  
Chief Agent.

### Brigus Notes.

The 53rd Annual Meeting of Royal Standard, L.O.A., No. 59 took place in the Lodge Room Monday evening, 11th inst., and was largely attended. After a very favorable financial statement had been given by the Treasurer and Financial Secretary, the election of officers was conducted by the W.M. Bro. H. E. French, and resulted as follows:—

W.M.—H. E. French, re-elected.  
D.M.—Azariah Percy, re-elected.  
Chaplain—John Gushue, re-elected.  
Rec. Secy.—Thos. Roberts, re-elected.  
Fin. Secy.—Wm. Gushue, re-elected.  
Treasurer—Joseph Bartlett, re-elected.  
D. of C.—Frank Percy, elected.  
1st Lecturer—E. J. Roberts, re-elected.  
2nd Lecturer—Caleb Clarke, elected.  
Committee—Wm. Hayse, Philip Jackson, N. Bartlett, F. Percy, Leonard Gushue, re-elected.  
Tylers—B. Hazeltine, F. Spracklin, elected.

We may note here that this is the fifth successive year that W.M. Bro. H. E. French has been re-elected, thus showing the esteem in which he is held by the members of the Lodge.

We chronicle with regret the death of one of our oldest citizens in the person of James Antle, who passed to his reward on Sunday the 10th inst. Deceased who had attained the ripe old age of four score and two, was one of the "old stock." He was a prominent member of the Methodist Church, and also a member of the L.O.A. for fifty years. He was laid to rest in the Methodist Cemetery on Tuesday, 12th inst. The L.O.A. attending in a body, besides a large number of mourners. Revs. O. Jackson and W. Swan conducted the funeral service.

Some time ago a movement was made by our local hockeyists to procure funds to build a rink, but owing to financial embarrassment, and the lack of enthusiasm taken by the prominent and financial men of this community, the movement fell through; but nothing daunted, the boys decided to keep up the old "name and game," and use the open ice for it again. They have already taken advantage of the splendid sheets of ice in the vicinity. Some few nights ago the Hockey Club held its annual meeting in the Jubilee Club room, and the election of officers for the coming year resulted as follows:—

Chairman—Capt. Wm. Bartlett.  
Secy.—Mr. Freeman.  
Committee—Fred Pomeroy, George Meaden, Geo. Jerrett, Capt. Wm. Pomeroy.  
Capt.—George Meaden.  
Business Manager—Capt. William Pomeroy.  
All the old hockey players have decided to don the hockey armour again, and are ready for invitations from the different teams of the Bay and City. The annual meeting of the C.E.A.A., No. 4, took place at St. George's Guild Hall, Tuesday evening, Dec. 5th, W. H. Cursey presiding. After the usual routine of business, Past-President A. Roberts conducted the election of officers which resulted as follows:—  
President—Thos. Meaden, elected.  
Vice-Pres.—C. Chalke, elected.  
Chaplain—Karl Spracklin, elected.  
Secretary—Wm. Gushue, re-elected.  
Treasurer—Geo. Meaden, re-elected.  
Committee—Thos. Chalke, Jno. Waits, Geo. Meaden Jr., H. Bishop, elected.  
Tylers—John England, M. Gushue, W. G. G.

### HARD EARNED MONEY.

VOLT MASON

They're paying We s t Commercial street, and many men are toiling hard; all day they trudge on weary feet, and lay the concrete by the yard. They all are stalwart husky men, whose hinges need no helpful oil; I stand and watch them now and then, and give three cheers for honest toil. "No doubt," I say, "these men of brawn pull down at least three plunks a day; and when their weekly wage is drawn a goodly share is put away. For men who earn in bit-

ter sweat and grinding toil their humble wage, will value coin—they'll not forget to have a store for wintry age. When money seems to grow on trees, men can't be blamed who blow it in; but hardy driven men like these must think extravagance a sin. "You ought to see my merry men," the foreman said, "when payday comes; for to the birds they throw the yen, and to the cows feed princely sums. On Saturday they draw their pay, and forth they go, on pleasure bent, and Monday morning, cold and gray, finds them without a rusty cent." It matters not what wage they draw, it goes like chaff, adown the gale; there surely ought to be a law requiring men to save their kale.

### To Clean Lamps.

Have two good-sized bags with draw-strings, one of dark material, the other of light. To clean the lamp, slip the hand into the dark bag and wipe off all soot, etc.; then remove the metal parts with that. If the lamp is very dirty use a piece of paper first, so as to keep the bags cleaner. The advantage of the bags is chiefly the protection they give the hands, keeping away almost entirely the smell of the oil.

Don't forget St. Joseph's Xmas Tree opens at 4 o'clock Monday evening, Mount Cashel Band in attendance. The Tree closes with a grand Dance Tuesday night. dec18,21

### Make Her Xmas Happy.

"Do you remember? How we laughed!! I'm so glad I got a snap of it, aren't you?"  
"Rather! and I'm hoping to goodness someone gives me a Camera for Xmas. I saw just the one I want at Tooton's, and I'd rather have a Camera for Xmas than anything I know!"  
Get her Christmas Camera at Tooton's and have happy records of Christmas joy all the year round.
