

SUFFRAGETTES WHO COMMITTED ATROCITIES IN IRELAND SENTENCED TO FIVE YEARS

DUBLIN, Aug. 7.—Mary Leigh, the suffragette who was tried today on the charge of wounding John E. Redmond, leader of the Irish parliamentary party with a hatchet, she had thrown at Premier Asquith's carriage, July 19, was sentenced to five years' imprisonment.

Gladys Evans, whose sentence was yesterday reserved after she had been found guilty of setting fire to the Theatre Royal here, July 18, in which Mr. Asquith was scheduled to speak the following day on home rule, also was sentenced to a term of five years.

Lizzie Baker charged with being an accomplice of Gladys Evans, pleaded guilty and was sentenced to seven months' imprisonment.

Mabel Capper, who was ac-

cused of being an accomplice of Gladys Evans, was discharged for lack of evidence.

Mary Leigh addressed the jury in her own defense. She attempted to justify the militant methods of the suffragettes because peaceful methods had failed to gain votes for women.

The attorney-general for Ireland, C. A. O'Connor, spoke strongly of the horrors which would have attended a theatre fire saying that was a price which was too high to pay for votes for women.

The verdict of guilty returned by the jury was received with applause by the spectators in court.

The judge said it was his painful duty to pronounce a sentence which would have a deterrent effect.

COL. SAM HUGHES MAKES MILITANT TALK BEFORE VANCOUVER CONSERVATIVE CLUB

VANCOUVER, B. C., August 8.—A well attended public meeting held under the auspices of the Vancouver Conservative Club tonight, Hon. Sam Hughes, minister of militia-declared his views on the defence of Canada and the empire and enthusiasm reached a high pitch as he put with soldier-like bluntness the position in international politics as viewed from the standpoint of a Canadian cabinet minister. That Canada must get in line with New Zealand, South Africa and Australia in combining with the mother country in the general scheme of defence and that Germany, from whom danger is to be expected, must be taught that the dominions are as one with Great Britain in defence, were sentiments expressed by the colonel, who declared emphatically that it was the duty of every Canadian to learn to bear arms in the defence of his native land and the empire. He had scathing remarks to make of the loyalist who cheered, but who refused to be trained and he declared that untrained loyalists were a menace to the country.

Rose Marston Strick to Reno to Contest Divorce Suit Now Pending

Husband Inherits Half Million After Couple Become Estranged

Reno, Nev., August 7.—Rose Marston Strick, the wife of Leo J. Strick, better known by his stage name of Leo C. Bell, is speeding across the border from New York and is expected to arrive in Reno by Saturday to contest against the granting of a divorce to her husband and to make a battle for her portion of a half million dollar estate which her husband has fallen heir since the death of his father, Dr. Christal of Santa Cruz, Cal.

Rose Marston has been on the stage for many years. She met Leo Bell while the two were playing in stock in Los Angeles and there grew up a mutual attachment which finally ripened into love. They were married and continued their stage careers until trouble commenced to brew and they separated.

Christal went to Santa Cruz, where his father was a wealthy land owner. He would follow his profession occasionally. His wife, however, left for cities with varying degrees of success. About eight months ago Bell came to Reno. It was not known except to a few friends he made in the city that his right name was Christal. He went under the name of Bell and commenced to take a part in the social life of the colony.

It was not until he filed an action for divorce against his wife that it developed his name was really Christal and he was heir to the fortune left by Dr. Christal, of Santa Cruz.

This estate has not been distributed and that is the reason his wife is speeding to Reno to contest the suit or to hold it in abeyance until such time that he will receive his estate and she will be entitled to share in the community interest.

MOOSE JAW FAIR IS ON APPROVE RAILWAY LINE TO NORTH VANCOUVER

MOOSE JAW, Aug. 7.—The Moose Jaw Agricultural Fair opened yesterday in unsettled weather. A large crowd attended during the day and looked over the exhibits. The fair is strictly agricultural and the quality of stock is very high. Pure bred Shorthorns and Holsteins are the strongest classes with poultry coming next. Mrs. W. Dawson, of London, Ont., will judge in the poultry division. In poultry raising she has international repute and holds a position with the Ontario government, lecturing on matters relating to domestic fowls. Today judging commences in all classes of exhibits.

PREMIER BORDEN IS THE GUEST OF REDMOND

LONDON, Aug. 7.—Premier Borden and Hon. Pelletier and Doherty were guests of John Redmond at tea in the house of commons today. Several matters relative to Irish trade in Canada were discussed including the question of an Irish trade mark and distinct statistics of Irish imports into the Dominion.

Mr. Redmond tendered the Canadian ministers an invitation to visit Ireland. Hon. C. J. Doherty expressed the intention of going and Mr. Borden may possibly go.

The premier spent the week-end with Waldorf Astor, M.P.

CALIFORNIA FAIR BOOSTER CAPTURES CALGARY

Major John B. Jeffery, Dean of American Newspapers, in the City

Companion of Mark Twain, Bret Harte and Fields is a Calgary Visitor

Major John B. Jeffery, dean of American newspapers and associate of Mark Twain, Bret Harte, Eugene Fields, Melville E. Stone, and other notables, is a Calgary visitor this week. Major Jeffery is here in the interest of the Panama-Pacific Exposition to be held in San Francisco in 1915. His pleasing personality and his gracious address won him many friends in Calgary and also made friends for San Francisco's proposed fair.

TEACHES AVIATION BY MAIL AND LANDS IN JAIL

Philadelphia, Aug. 7.—William A. Hutson, president of the Society of Aeronautic Engineers, which conducted a school in this city that professes to teach aviation, was held in jail for trial today by a United States commissioner on a charge that he used the mails to defraud in connection with securing pupils for his school.

Lieut. Holden C. Richardson, U. S. N., who is familiar with air craft, testified that apparently Hutson "knew nothing of designing airplanes."

The school in its circulars sent through the mails is said to have mailed to defraud in connection with aviation, as well as the art of building air machines.

He made chairman of the publicity bureau of the San Francisco Exposition, the northern city will have cause for felicitation.

MURRAY, LIBERAL WHIP, GIVEN A PEERAGE

London, Aug. 7.—A peerage has been conferred on the Right Hon. Alexander Murray, master of Ellbank and chief government whip, who has resigned his seat in the house of commons.

Percy Holden Blingworth, respected the Shipley division of Yorkshire, has been appointed his successor in office.

The master of Ellbank is the eldest son and heir of Viscount Elibank, at one time Lord Lieutenant of Peebleshire. He was under-secretary of state for India from 1906 to 1908 to February, 1910, when he was appointed parliamentary secretary to the treasury and chief liberal whip. He was elected to the house of commons from Midlothian, Edinburghshire.

FOOD STUFFS CONDEMNED

Edmonton, Aug. 7.—Nearly twenty tons of foodstuffs were condemned in this city in July, according to the latest report of Food Inspector Haworth of the health department. All kinds of foods were found unfit for consumption, the greater quantity of which were condemned were vegetables and canned goods.

prize himself of conditions that have been made public in the press. He addressed, also, the following letter to Mayor Mitchell:

"Dear Sir:—For your information, I wish to state that I am making special efforts to find the source of infection of typhoid."

"Every house where a case is reported from is being carefully examined, and the family instructed in how to look after themselves."

"I am having our water and the milk supply thoroughly tested."

"I noticed by The Morning Albertian that you have called a meeting of the board of health."

"Kindly let me know the hour, so I can be present and explain to the board. Yours truly, A. S. ESTEY, 'M. H. O.'"

WELL WATER IS DANGEROUS

The medical officer has advised that no notice of warning to the public concerning steps to protect themselves from the infection. Well water under present conditions is dangerous as poison, and under no circumstances should be drunk without first boiling.

Although no analysis has yet been secured, there is reason to believe that the city water is free from typhoid contamination, as tests taken previously to June 1 last, have never disclosed such germs, according to Dr. Estey's statement. Furthermore, there is slight possibility of sewage contamination in the city water. Until the matter is taken up by the health authorities, by whom it properly should be done, the wise householder will as far as possible take some precautions concerning his milk supply, investigating for

setting that he means to build a brick structure in front of the wooden building. It is apparent that the health authorities are perfectly correct in their attitude of trying to abolish these shacks, but meanwhile the evil exists, while Campbell threatens to take the matter into court.

The worst feature of the situation is from the same well, directly on the street in front of the shacks.

Another bad case, which is now being remedied, is in the case of a house on Ninth avenue, just east of Fourth street, east, occupied by a negro woman. The ditch already is excavated for the installation of sewer and water facilities in this place, but meanwhile the occupants state that they are using the well in the back yard. In the same yard is an outside closet in a fearful condition, which is being used by people in the neighborhood according to the residents on the property.

Both of these cases are within a few minutes' walk of the city hall, and serve to illustrate some of the conditions that are the cause of the typhoid now prevalent in the city.

Medical Officer Estey claims that the department is doing all in its power to abolish the outside closet evil, having put 1500 out of commission since the first of the year. However that may be, private citizens must aid in the work if they desire to see the infection stamped out immediately.

B. C. GOVERNMENT TO SELL PRINCE RUPERT LOTS

Vancouver, Aug. 7.—The provincial government today announced that it will hold, at Prince Rupert, on August 18th, an auction sale of three hundred of the choicest lots in the town site. The lots lie in sections one, five, six, seven and eight, and were withheld from sale at the first government auction in May and June, 1909.

Section one is in the heart of the business district of the city. Sections five and six are semi-business, and sections seven and eight, lying east of Howe Creek, are residential.

In arranging for the sale, the government is acting at the instance of Prince Rupert citizens, who urge that the prosperity of the city will be advanced by the placing of the reserved lots on the market. The Grand Trust Pacific will not offer any lots at its government sale.
