HEART DISEASE.

A Trouble Much More Common Than is Generally Supposed.

A healthy person does not feel the heart at all. If the heart makes itself felt it is a sure sign of some one of the many phases of heart trouble. Some of the symptoms of heart trouble are shortness of breath, trembling of the hands, violent throbbing or fluttering of the heart, sharp spasms of pain, oppression on the chest, dizziness and lammy sweating, irregular pulse, and the alarming palpitation that is often felt most in the head or at the wrists. Of course people suffering from heart trouble haven't all these symptoms, but if you have any of them it is a sign of heart trouble and should not

be neglected for a moment, Most of the troubles affecting the heart are caused by anaemia, indigestion or nervousness, and when any of these causes lie at the root of the trouble it can be surely cured by the use of Dr. Williams' Pink Pills. You mustn't trifle with common medicines, and above all you shouldn't further weaken your heart by using purgatives. You must cure your heart disease through the blood with Dr. Williams' Pink Pills. You can easily see why this is the only way to save yourself. The heart drives your blood to all parts of the body. Every drop of your blood flows through your heart. If your blood is thin or impure your heart is bound to be weak and diseased; if your blood is pure, rich and healthy, it will naturally make your heart sound and strong. Dr. Williams' Pink Pills actually make new, rich, red blood. And that new, rich, red blood strengthens your stomach. stimulates your liver, soothes your nerves and drives out of your system all the disorders that helped to disturb your heart. This has been proved in thousands of cases. Here is a case in point. Mr. Adelard Lavoie, St. Pacome, Que., says: "For nearly three years I was greatly troubled with a weak heart and in constant fear that my end would come at any time; the least exertion would overcome me; my heart would palpitate violently and I would sometimes have a feeling of suffocation. I was under the care of a doctor, but did not get relief, and eventually my condi-

tion became so bad that I had to discontinue work. While at my worst a neighbor advised me to try Dr. Wilsimply worked wonders in my case. I used only half a dozen boxes when I was able to return to my work, strong and healthy, and I have not since had any sign of the old trouble."

We would again impress upon those who are ailing that they must get the genuine pills with the full name "Dr. Williams' Pink Pills for Pale People," on the wrapper around every box. Sold liams' Pink Pills. I did so and they

It promises to cause a tremendous agitation among the various elements of the political groups for and against Dreyfus.
