WELL KNOWN VIOLINIST

Traveled Extensively Throughout the Provinces - Interesting Statements Concerning His Experience.

STELLARTON, N.S.-James R. Murray, well known violinist, of this place, who has traveled extensively throughout the Provinces, makes this statement:

"I was running down in health and my weight fell off from 175 to 150 pounds. Prescriptions did me but little good. My trouble was called nervous dyspepsia. I resorted to Hood's Sarsaparilla and after taking five bottles I was greatly benefited. I feel as well now as ever in my life, and have increased in flesh so that I now weigh 177 pounds. I am well known in this part of the country, having followed my profession, that of a violin musician for the last 26 years. I gladly tell my friends what Hood's Sarsaparilla has done for me. Before I began taking the medicine I did not have any ambition, but now all is changed and my dyspeptic trouble perfectly cured." JAMES R. MURRAY.

N. B. If you decide to take Hood's Sarsaparilla, do not be induced to buy any substitute. Be sure to get Hood's.

WEEKLY REPORT.

The grain situation has improved considerably this week. Wheat sold on Thursday at \$1 35 to \$1 36; on Saturday at \$1 38, and on Tuesday at \$1 38, except where the sample was poor; then it sold from \$1 30 to \$1 36. The supply and demand were both good.

Cats moved up 2c to 5c per 100 lbs; standard weight brought 75c for milling, and ordinary good, 73c to 75c; odd good lots went at 76c, while poor lots sold down to 70c. Receipts are improving and demand is steady. Peas come in slowly. There is a good demand at 75c for choice stock; sales are not easily effected at over that

Very little corn is to be had. The last lot offered on this market brought can mixed, 3s 3d. 72c after considerable pressure; 70c was

freely bid for it. Barley was scarce; only one lot came forward; the price paid was 65c; demand only moderate.

No rye or buckwheat offered; prices quoted for them are based on sales that occurred at least two weeks ago. Buyers say there is no change in value. Several lots of beans sold at 40c to 50c for common to prime; hand-picked and fancy grades would bring 60c.

Eggs held steady at 17c to 18c for strictly new-laid; 15c to 16c for packed or stored: demand good and supply moderate.

Butter has been quite plentiful, and sold lower; 141/2c to 15c were closing prices of pound rolls by the basket, and 13c to 14c for crocks.

Chickens were steady at 40c to 50c per pair, and 35c to 45c for loads. Turkeys fluctuated from 7c to 10c per lb. Ducks were quiet at 50c to 70c per pair. Beef sold steady at the same prices as a week ago. Lamb was firm at 71/60 by the carcass, 8c for front quarters, 84c to 81/2c; small do, 9c to 94c; large and 9c for hindquarters.

Dressed hogs were quite unsettled, selling from \$5 75 to \$6 for choice light weights. The classes show no change 60 to 61/20; part skims, 50 to 60; full in the situation, and it is hard to say what the future is. Dealers talk lower prices, and many of the larger ones re
firm; creamery, 15c to 22c; dairy, 12c fused hogs at over \$5 80 on Tuesday, to 19c. Cheese quiet at 8c to 81/20 while smaller ones paid the \$6 when Ingersoll, Ont., Nov. 30.—No cheese the stock suited them. So far there market held today; a few salesmen in has not been a surplus of light weights: town, but they did not seem inclined anything over 150 lbs could not be to board their cheese. Several of the sold at over \$5 75.

Live hogs sold at \$4 to \$4 10, and in some cases \$4 25; demand good. Hides, skins, and tallow sold at about the same prices. No fruit of any kind offered in any

Potatoes were steady at 70c to 80c, according to the quantity. Hay-Sales varied from \$6 to \$7 50.

Young pigs sold from \$3 50 to \$4, the latter for older ones. Quotations: Wheat, white, fall, per 100 ibs... 1 36 to 1 38

BATTLE FOUGHT 20,000 YEARS AGO

Prof Walters Finds Evidence of It in a Prehistoric Burying Ground in Indian Territory.

Wichita, Kan., Dec. 1.-Twenty thousand years ago, according to the announcement of Prof. Walters, the archaeologist, a terrible battle was fought on the Arkansas River in the Indian Territory between the mound builders and the Mayas, in which over 75,000 warriors bit the dust. He has reached this remarkable conclusion on account of his investigations of a prehistoric burying ground in the Choctaw Indian country, which he has found to cover 30 acres and to

contain fully 75,000 skeletons. His attention was first called to the remarkable number of haman skeletons to be found there several months ago, when the Kansas City, Pittsburg the Choctaw country.
