

A Veteran's Story

Mr. Joseph Hemmerich, an old soldier, 629 K. 14th St., N. Y. City, writes us voluntarily. In 1862, at the battle of Fair Oaks, he was stricken with typhoid fever, and after a long struggle in hospitals, lasting several years, was discharged as incurable with Consumption.

Hood's Sarsaparilla

As a general blood purifier and tonic medicine, especially to his comrades in the G. A. R.

Hood's Pills are hand made, and are perfect in composition, proportion and appearance.

FIRE DEPARTMENT SUPPLIES.

Tenders Received—The Kind of Bread the Bakers Are Making—Very Few Seizures.

The assessment commissioners' office presented the appearance of a fire hall rather than that of a committee room last night, when the fire and light committee held their regular meeting. The change was caused by the opening of tenders for the supplies of the fire department for the year. The majority of them were accompanied by samples, which were spread about in profusion. There were oil-cloth coats, caps, cloth for suits, brass and white metal buttons, hose and various other articles. These underwent a thorough inspection by the "experts," and the tenders were laid over till Monday afternoon at 4 o'clock.

The three tenders received for sweeping and removing snow from the market were referred to the chairman and engineer.

The tender of R. Wall for relief wood, together with the specifications, will be referred to the committee. The former resolution of the committee in respect to the building of a shed in the rear of the central fire hall was confirmed, while the motion regarding the hose and bell tower passed at the council was filed.

From the engineer's plans the brick closets on the market would cost about \$300, while the remodeling of the hide inspector's office would cost about \$300. It will be recommended tenders be called for both plans.

The report on inspection of bread was presented by Inspector Bell. During the past twelve months the inspector has made three inspections of the various bakeries, and it could safely be said that the bread has been up to the standard weight required by law, only 51 loaves having been found to be under weight. An inspection of bread in nine delivery wagons had also been made, from which only 24 loaves had been seized.

Mr. Ferguson addressed the committee in reference to licenses charged fruit vendors on the market. Ald. J. Heaman and Seaton were appointed a sub-committee to report at next meeting.

F. Barnard's application for a stall in the market was filed, as the place has been let. The application of Mr. W. Martin to be permitted to sell pumps on the market will be sent to the council.

Progress was reported in the valuation of land of R. Quick by dogs and the claims of Chas. McMillan for loss by fire. Inspector Bell reported the collection of \$639 of license fees up to the present date. There were present Ald. Parnell (chairman), W. Heaman, John Heaman, Nutkins, Seaton, O'Meara, Secretary Bell, Chief Roe and Inspector Bell.

First Action—Second Action—Third Action.

So said the wise Athenian. We shall be wise to follow his advice in many matters; in none more so than in grappling with a cold or with dyspepsia; or in seeking relief from consumption in its earlier stages. It is absolutely useless to sit down and bemoan our bad fortune. We must act—act—act. The first and most imperative action necessary is to procure a bottle of Dr. Pierce's Golden Medical Discovery. The second action will be to use it. The third action will naturally follow—we shall proclaim abroad its virtues.

SARDIS, Big Stone County, Minn.
R. V. Pierce, M.D., Buffalo, N. Y.: Dear Sir,—Having felt it a duty to write of the good I received by taking your medicine, I now would say that one year ago I was given up by my family physician and friends; all said I must die. My lungs were badly affected, and body reduced to a skeleton. My people commenced to give me your "Medical Discovery" and I soon began to mend. It was not long before I became well enough to take charge of my household duties again.

I owe my recovery to Dr. Pierce's Golden Medical Discovery. Respectfully,
MIRA MILLS.

Wash your prints with "Wide Awake" Soap and notice how the colors are brightened.

BOARD OF TRADE

Nominate Officers and Committees for the Ensuing Year.

To Be Voted On Next Month—The Electric Street Railway Question Again—The Management of Victoria Park Criticized.

The Board of Trade met last night and the nominating committee reported the result of their work and submitted a list of prospective officers for 1894. The list at present does not contain many changes, and Mr. Bland is again named as president, with Mr. T. S. Hobbs vice-president and J. A. Neiles secretary.

The names will be voted on at the annual meeting next month. Members in good standing only can vote. The complete list follows:

President, John Bland; vice-president, T. S. Hobbs; secretary, J. A. Neiles. Council—John Marshall, W. J. Reid, John McClary, John Campbell, John Bowman, F. S. Jarvis, M. Maurel, T. H. Smallman, A. B. Greer, Wm. Yates, J. W. Little, A. W. Porter.

Arbitration Board—J. D. Sannby, J. Mattinson, A. Beck, James Burns, C. H. Elliott, D. S. Perrin, J. Forrester, S. Stevely, P. Pocock, J. H. Ginge, L. H. Ingram, James A. Kennedy.

Board of Examiners—John Sutherland, J. S. Pearce, John Tanton, C. B. Hunt, J. D. Sannby.

Western Fair Representatives—John Bland, W. Yates, W. R. Hobbs, W. J. Reid, R. Lewis, J. W. Little, A. B. Greer. Industrial Committee—John Cameron, Alf. Taylor, C. W. Leonard, A. E. Pavey, Geo. A. Somerville and the president and chairman of standing committees.

Railway and Municipal Committee—M. Maurel, A. M. Smart, C. S. Hyman, M.P., J. W. Little, John Campbell, C. W. Leonard, S. Sterling, T. H. Smallman, John Labatt, A. W. White, J. R. Minihimick, Sir John Carling, W. A. Cleghorn, T. S. Hobbs, W. A. Gunn, James Cowan, L. H. Ingram, Geo. D. Cameron, J. D. Sannby, T. H. Carling, John McClary, D. W. Blackwell, F. A. Fitzgerald, W. M. Garshore.

The St. Johns Board of Trade asked the board to co-operate with them in a memorial to the Government, re the (then) proposed tariff changes. The letter was filed, the Government having already dealt with the tariff.

The resignation of Mr. John Green was accepted.

Ex-Mayor James Cowan reported to the board the result of the visit of the committee of the Board of Trade to No. 1 committee of the City Council, in the matter of an electric street railway system. He rehearsed the arguments used at the meeting which were published in the ADVERTISER at the time. He concluded by saying that the committee had done their part, now the city should do theirs.

President Bland suggested that before the committee was discharged it should wait on the street railway company and get them to make a proposition to the council, so that it could no longer be said that the city was no longer before them. This will be done.

The Victoria Park came in for some discussion, and Mr. Parker stated that the park ranger would not carry out the wish of the council and the board with respect to making a botanical garden therein and improving its appearance generally. Action will probably be taken at next meeting.

The members present were: President Bland, ex-Mayor James Cowan, John Mattinson, T. R. Parker, A. B. Greer, Samuel Stevely, J. S. Pearce.

THE TEACHERS' CONVENTION.

Close of the Annual Meeting of the Ontario Educational Association.

TORONTO, March 30.—The annual convention of the Ontario Educational Association was closed yesterday. Meetings of the several sections were held in the afternoon, and those which had not chosen officers for 1895 proceeded with the election.

Inspectors' Section—"How shall we secure uniformity in the extension of third-class certificates?" was introduced by Mr. John Denness, of West Middlesex, who held that the extension should be limited to the county where it is granted, and limited to one, two or three years at the discretion of the county board.

The following officers were elected: President, G. D. Platt, Picton; secretary, N. Gordon, Orangeville; director, N. W. Campbell, Durham.

Kindergarten Department—President, Miss Macintyre, Toronto; director, Miss Laidlaw, London; secretary, Miss F. Bowditch, Hamilton.

Mathematical and Physical—Honorary president, Prof. Alf. Baker; president, A. T. Delury, M.A.; vice-president, R. A. Thompson, M.A., Hamilton; secretary-treasurer, Fred F. Manley, M.A., Toronto; executive committee, R. A. Gray, B.A., London; T. W. Standing, B.A., Tilsonburg; A. H. McDougall, M.A., Ottawa; J. Davidson, M.A., Guelph; C. A. Chant, B.A., Toronto. Mr. F. F. Manley was elected as representative on the board of the general association.

College-High School Section—Chairman, Mr. J. A. McLeish, LL.D.; secretary, Mr. J. Squair, M.A.

The Modern Language Section—President, J. Squair; vice-president, D. R. Keys; secretary-treasurer, W. H. Fraser; councilors, W. J. Alexander, George E. Shaw, Miss E. Balmer, W. J. Sykes and A. W. Burt.

After the meeting of the general association in the evening a short session of the new executive was held.

Resignation of the V. M. C. A. General Secretary.

TORONTO, March 30.—Wm. McCulloch, the general secretary of the V. M. C. A., has resigned. Since he came here nine years ago he has been to the front in every movement for the benefit of young men, and the rapid growth of the association has been largely due to his efforts. He said: "I have asked that my resignation take effect at the end of our year, which will not be until May." He explained: "There was some little division, and when such existed I thought better to resign." He would throw no further light on the cause of his retirement, but expressed many earnest wishes for the association's prosperity.

English Spavin Liniment removes all hard, hot or callosities Lumps and swellings from horses, Blood Spavin, Curbs, Splints, Ringbone, Sweeney, Stifles, Sprains, Sore and Swollen Throat, Coughs, etc. Save \$50 by use of one bottle. Another consignment of \$1 oak finished rockers just arrived, also great bargains in sideboards, at TRAFFORD'S Popular Furniture House, 95 and 97 King street. Phone 864.

A PHYSICIAN'S DISCOVERY.

He Finds a Medicine of Rare Virtue—He First Cures Himself With It and Then Prescribes It for His Painless With Gratingly Results.

Dr. Samuel L. Brown, says the David City, Neb., Tribune, is one of the pioneers of the city and is well known in all parts of the adjacent country where he has practiced medicine for the past twenty years. Dr. Brown tells the following story of his cure from partial paralysis: "Some six or seven years ago I was attacked by partial paralysis which affected my left side to such an extent that I was obliged to give up the larger part of my practice. I could hobble around by the aid of crutches, but my case seemed to resist treatment and I considered myself doomed to go through the remainder of my life a paralytic cripple.

About a year ago I read of a medicine called Dr. Williams' Pink Pills curing a case similar to mine. Physicians as a rule are prejudiced against what are called patent medicines, and at first I scouted the idea that help could come to me through this source. But the more I thought about it the more I felt inclined to give them a trial, and finally my desire to help myself overcame my prejudice and I sent for a supply of the Pink Pills. The first lot I got had a beneficial effect and I sent for another supply, and found myself every day growing stronger and better, and as you see I am now able to again move about freely without being hampered by a crippling disease. Dr. Williams' Pink Pills have done in my case what all other medicines had failed to accomplish, left me no room to doubt that they are a very valuable medicine, and I now always use them in my practice where the diagnosis of the case favors them. In fact I am treating a remarkable case at Brainerd with Pink Pills. Augustus Talbot, the postmaster, was suffering from rheumatism, and was in the first stages of Bright's disease. The local physician failed to give him any relief and I was called in and took charge of the case. The other doctors had given up all hope of his recovery, and yet he is now rapidly recovering through the use of Dr. Williams' Pink Pills, which headed off the Bright's disease and other ailments. Their action in my own case and that of Postmaster Talbot makes me so enthusiastic that I do not hesitate to cast aside professional prejudice and recommend Pink Pills as a medicine of rare virtue, and you may freely make public what I have said."

In cases of partial paralysis or any nerve trouble Dr. Williams' Pink Pills are of the greatest value. They act directly on the nerves and rebuild the entire system. There are also a specific for rheumatism, sciatica, erysipelas, St. Vitus dance, the after effects of a grippé, nervous headache, heart palpitation, etc. They are a certain relief for the troubles afflicting women, and in the case of men build up systems run down by overwork or excesses. Sold by all dealers or sent by mail prepaid, at 50 cents a box or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Company, Brockville, Ont., or Schenectady, N. Y. See that the trade mark is on the wrapper around every box and refuse all imitations or substitutes.

The Canal Scheme.

TORONTO, March 30.—The Ontario Ship Canal Company's Bill came before the private bill committee of the Legislature this morning and it was decided to grant the company power to construct a ship canal or aqueduct or both. The name of the company was changed to "The Huron and Ontario Ship Canal and Aqueduct Company."

MUSICAL AND DRAMATIC.

"East Lynne" Last Night—"Mighty Dollar" and "Danites" To-Day—"Gloriana" on Monday.

IDA VAN CORTLAND. A bumper house greeted Ida Van Cortland last night. "East Lynne" was the drawing card. It seems to lose none of its charm with age and to be destined to remain a joy forever. The touching story, as told by Miss Van Cortland and her capable company, appealed to the emotions as strongly as art could make it. It was a fine production and displayed Miss Van Cortland in a role well suited to her. Her successful engagement concludes to-night with the sensational melodrama, "The Danites."

"The Mighty Dollar" will be given at the family matinee to-day.

EMILY BANKER

The company that will present Mortimer's exquisite comedy, "Gloriana," at the Grand on Monday is composed of excellent material; indeed, it is doubtful if a stronger or better comedy company exists in America. Miss Emily Banker has won renown throughout the United States as a beautiful woman and an accomplished and finished actress. For three years she played leading female roles with the charming Rosina Vokes. Her advancement was watched closely by prominent managers. Her services were finally secured by Charles Frohman, who cast her for leading roles in his number one companies. Miss Banker now comes forward as the charming "Gloriana," a role for which she is eminently suited. In addition to Miss Banker the cast includes such well known people as George W. Barnum, Thomas W. Ryley, George Parsons, Eugene Eberle, Alf. Hampton, Tillie Barnum, and others of note all combine to make a "Gloriana" cast the superior of which it would be difficult to imagine.

Itch on human and horses and all animals cured in 30 minutes by Woolford's Sanitary Lotion. This never fails. Sold by J. Callard, W. T. Strong and Cairncross & Lawrence, and all druggists in the Dominion.

Wash your linen with Wide Awake Soap and see how beautifully white it will be.

S. & J.
THE WEATHER TO-DAY—Mostly fair, warmer, showery.

NEW IDEAS
You will remember that Goliath was very much surprised when David hit him with a stone. He said that such a thing had never entered his head before.

There are many new ideas in Dress Goods that have not yet struck the progressive people of this progressive city, at least not in the right place. Among them are:

CRINKLE, CHAMBRAYS, CHALLIES, PRINTS.

These names are not new, but the ideas are, and the patterns are exquisite.

Take Crinkle first. It is a favorite. As we have a great deal of it to sell, a great deal of it will be worn. Has all the effects of French Wool Crepe, but only costs 12½¢ up.

Chambrays are also in great demand. Ours in pink and blue at 12½¢ (the 20¢ kind) are already being talked of in fashion circles, because fashionable people are buying them.

Challies, wide width, fine, fast colors, patterns handsome and pleasing; large variety. Some might sell them at 10¢, but ours you can have at 6½¢.

Indigo Twill, a magnificent line at 12½¢. Nice to behold, nice to wear.

One case American Indigos just opened. Worthy of inspection; if not to-day, some other time. But don't delay. Those who see first will buy.

Light ground American Prints, fast colors, pleasing patterns, 5¢ per yard.

If these ideas and prices hit forcibly drop in. If you only come to see the store, it will be worth your while.

SMALLMAN & INGRAM,
147, 149 and 151 DUNDAS STREET.

THE MOTHER HEART TOUCHED.

I Believe South American Nervine Saved the Lives of Two of My Children—Puny Children Grow Fat and Strong—Tired and Ailing Women Take on the Bloom of Earlier Years.

What will touch the mother heart more deeply than the illness of her little ones? She may suffer much herself, and women are sorely afflicted with many ills; but she will endure all this, however, often without a murmur. But there can be no disguising her anxiety when the little ones of the home are stricken down with sickness, and how many children there are. We talk of the bloom of youth, but thousands of children know not of it. Others may romp, but they are weaklings.

Mothers, would you have your loved ones strong and healthy? Would you enjoy good health yourself? Then use South American Nervine Tonic. There is no doubt of its efficacious properties. Investigate from a scientific and a common sense point of view, and you will find that nearly all disease has its start in the nerve centers of the body.

The mission of South American Nervine is to at once reach the nerve centers, which are to the whole body what the mainspring is to a watch.

South American Nervine is sold by all reliable druggists, among which number in London we would mention Cairncross & Lawrence, W. T. Strong, W. S. B. Earkwell and J. G. Shuff.
