

JUBILEES BEAT THE CRESCENTS

Close Game in the City League Series.

Suggestion That a Canadian-Michigan Ball League Be Formed.

Walkerville Gun Club Defeats the Detroiters in Ice Racing at Montreal.

HOCKEY.

JUBILEES VS. CRESCENTS. In spite of the general opinion that the Jubilee team would have a walk-over with the Crescent boys in Saturday night's hockey match, the game proved a very close and interesting one.

GOALS. Jubilees: Adams, 1; Bruden, 1; Bruden, 1; Bruden, 1; Bruden, 1. Crescents: Little, 1; Little, 1; Little, 1; Little, 1; Little, 1.

A WALK-OVER. Fenelon, Falls, Ont., Feb. 3.—The Fenelon Falls hockey team ran up a score on Bobcaygeon there Thursday night, defeating them 20 to 0.

TO PLAY ON A TIE. Morrisburg, Ont., Feb. 3.—The Ontario Hockey Association has ordered the C. Wall and Iroquois hockey teams to play off their tie in the first round on Morrisburg tie next week.

PERTH WINS FROM CORNWALL. Perth, Ont., Feb. 3.—The hockey match here last night between the Cornwallis and the Crescents, of this town, resulting in an easy win for the latter by the score of 8 to 1.

SHERBROOKE DEFEATED. Quebec, Feb. 5.—Sherbrooke was defeated here Saturday night in the intermediate series, by a score of 7 to 6. The game was noted for its roughness.

A HANDSOME TROPHY. J. M. Douglas & Co., of the board of trade, Montreal, are offering a very handsome trophy to be competed for by the Canadian amateur hockey leagues, the team winning it three times in succession to become owner.

PURE. SATURDAY'S WINNERS. At Oakland, San Francisco—Florida, Leigh Ho, Lucinda, Dr. Sheppard, Flamere and Good Hope.

At New Orleans—Frank Plead, Donna Rita, Jolly Roger, Rosebud and Tenoc.

CURLING. The teachers of the Collegiate Institute played a match game against the city bankers Saturday afternoon, the teachers winning by 7 points.

TRUCKER. CANADIANS DEFEAT THE DETROITERS.

At the semi-monthly shoot of the Walkerville Gun Club in Walkerville, Saturday, the contest between five members of the club, who reside in Detroit and five Walkerville trapshooters was the feature. It was a target race for each man, making a score of 100 possible for each man, and the Walkerville men won out by a score of 76 to 70.

BASHBALL. A MICHIGAN-CANADIAN LEAGUE.

The Detroit Free Press of Feb. 4 suggests the formation of a Michigan-Canadian league, to be composed of clubs from London, Hamilton, Woodstock and St. Thomas from Ontario, and Grand Rapids, Jackson, Saginaw and Bay City, or possibly Port Huron, from Michigan. The eight men as managers of the teams is all that is necessary, in the opinion of those who have been through the minor league mill to make the proposed international league a success, and it is quite likely that a meeting will be called in the near future for the purpose of making an effort to perfect the organization. A short season, reasonable salary limit strictly adhered to, and clean baseball, would be a winning platform.

THE NEW AMERICAN ASSOCIATION.

Philadelphia, Feb. 3.—The meeting of the American Association of baseball clubs came to an end yesterday, and the organization which has been in fact. Six cities—Baltimore, Boston, Milwaukee, Detroit, Chicago, and St. Louis—have signed the agreement, each furnishing a \$1,000 bond. Providence and Philadelphia have not yet signed, but the former had pledged itself to furnish the bond as soon as this city registers. The delegates appointed a committee, consisting of D. Quinn, Milwaukee; Thomas McCarty, Boston; and J. J. McGraw, Baltimore, to remain here and arrange the Philadelphia end of the circuit. The next meeting will be held in Chicago on Feb. 12. After the meeting McGraw announced that there was ample money forthcoming to support a club in this city, representatives of two syndicates having appeared this afternoon with the request that they be permitted to sign the agreement. It was impossible to accept their offers, as a time option had been granted an earlier applicant, and no action could be taken until his answer was received.

WHAT NICK YOUNG HAS TO SAY. Washington, Feb. 5.—President N. E. Young, of the National Baseball League, furnishes the following announcement: The new American Association, which will be operated the coming season in connection with the National League and the organizations under the National agreement, has no connection with the so-called association, said to be trying to get a representation in Philadelphia. The American Association and National League organizations own and are in possession of the title "American Association," and such title cannot be adopted or used without their disposition. The association, which has been organized, has made proper application for the right to assume the name when released by the present National League and American Association.

PROVIDENCE NOT IN NEW ASSOCIATION. Providence, R. I., Feb. 5.—The Providence club will not be identified with the American Association which has been in session at Philadelphia. A meeting of the directors of the club decided to give no further consideration to the association plan, it having failed to show sufficient strength to warrant this step, casting his lot with the proposed new circuit.

BALL NOTES. Interstate League umpires are to have their salaries increased.

Minneapolis has signed Catcher Jack Grim, formerly of Brooklyn. Jim Beckley, Elmer Smith, Epstein and Kehoe have signed Cincinnati contracts.

John P. Keefe, of Pittsburg, has again been appointed a New York State League umpire.

Boston is trying to secure Pitcher Hillebrand, of Princeton. It is doubtful that he will play professionally.

Edna Bassman, Bill Clarke, late of Pittsburg, has signed with the Milwaukee American League club.

Tim Hurst is contemplating putting in an application for an umpire's position in the National League for next season.

Cy Young is said to be in unusually good condition for this time of year. He will report at Hot Springs, to join the St. Louis team on Feb. 20.

The sale of Vanderbeek's Detroit ball park has been once more and for the last time deferred until Feb. 5, when the American Association club of Detroit will bid it in.

Outfielder Frank Butler has entirely recovered from the accident to his hand that put him out of the game, and is open for engagement. Address 228 H. L. Street, Savannah, Ga.

John H. Doehner, son of Umpire Herman Doehner, of Buffalo, who is a most promising amateur pitcher, has signed by Manager Watkins for his Indianapolis club. He is thought to be a coming star.

WHEEL. THE BICYCLE IN WAR. The diary of a cycle dispatch rider engaged in Buller's operations on the Tugela, which has been published in the journal, shows that the intelligent and resourceful wheelman can do valuable work. This soldier took dispatches through 22 miles of country occupied by the enemy—from Estcourt to Mooi River, a ride of 40 miles—in an apparently about four hours—a feat which no cavalryman could emulate, and which would, when done, have resulted in a horse being incapacitated for the remainder of the week, in all probability.

The remainder of the journal is a continuous detail of similar work, and shows that the cycle is not out of place in South African military equipment.

PISTIC. SUPPLIES GOT THE DECISION. Chicago, Feb. 3.—"Curley" Supplies, of Buffalo, won the decision over "Chicago" Jack Daily last night, after six hot rounds of battling at the Chicago A. A. Supplies demonstrated that he is one of the fastest light-weights.

SKATING. RACING AT MONTREAL. Montreal, Feb. 5.—There was a very large attendance at the Canadian Skating Association races on Saturday afternoon, and there was some very fast racing. John Nilsson, the world's champion, established new world records in the two miles and three miles professional, and James Drury won the one mile amateur. Summary: Two miles, professional—John Nilsson, Montreal, 2:43.4; F. D. Gibb, Newburgh, N. Y., 2:45.0; James Drury, Montreal, 2:46.0; J. Nilsson, Montreal, 2:47.0.

One mile, amateur—James Drury, Montreal, 1:25.0; F. D. Gibb, Newburgh, N. Y., 1:26.0; James Drury, Montreal, 1:27.0; J. Nilsson, Montreal, 1:28.0.

Two hundred and twenty yards, ladies—A. T. Halcourt, Montreal, 1:1.0; F. J. Robinson, Toronto, 1:1.2; J. Nilsson, Montreal, 1:1.4; J. Nilsson, Montreal, 1:1.6.

Three miles, professional—J. Nilsson, Montreal, 2:1.0; F. D. Gibb, Newburgh, N. Y., 2:1.2; E. A. Thomas, Newburgh, N. Y., 2:1.4; J. Nilsson, Montreal, 2:1.6.

CAMPELLE WON. Preston, Ont., Feb. 5.—The skating race here Saturday evening was largely attended, and the contest was very close. Campbell, of Barry Sound, won, with a time of 2:1.0; J. Nilsson, 2:1.2; J. Nilsson, 2:1.4; J. Nilsson, 2:1.6.

SPORTING NOTES. Ron McMahon, the bookmaker, "Dry Dollar" Sullivan and others are associated in a venture to give Buffalo a new race track on the American side.

Steeplechase Jockey Charles Kidd was schooling Atlantis at New Orleans, when the horse fell at the water jump. Kidd was thrown and his skull fractured, his condition being critical.

An Arabian giant eight feet in height has arrived in New York and wants to fight Jeffries. His reach is so long that it is thought he will not have to leave his corner to have his hands in position in the middle of the ring.

At the Splan-Newsome sale of trotters in Chicago, the Ypsilanti stallion Simmocolon (2:13.4) was sold for \$1,050. The pacing team W. W. P. (2:05.4) and Roberts (2:03.4) went for \$1,100. Good road horses brought more than worn-out campaigners.

"Take time by the forelock." If your blood is out of order, begin taking Hood's Sarsaparilla at once and prevent serious illness.

Mr. Robert Rawlings, who has been engaged in drilling for oil in Pelambag, Sumatra, for the past two years and a half, has returned to his home in Wyoming.

Working Overtime. Eight-hour laws are ignored by those tireless little workers—Dr. King's New Life Pills. Millions are always at work night and day, curing Indigestion, Biliousness, Constipation, Sick Headache and all Stomach, Liver and Bowel troubles. Easy, pleasant, safe, sure. Only 25c at W. T. Strong & Co.'s drug store.

INTELLECTUAL FARMERS' FOOD

Interesting Addresses at an Institute Meeting.

Major Sheppard and Miss Maddock, of Guelph, the Speakers.

Hensall, Feb. 1.—The annual meeting of the Farmers' Institute was held in Coxworth's hall on Thursday afternoon and evening. A very large audience greeted the speakers on both occasions. The subject of the evening was "Food and Health," given by Major Sheppard and Miss Maddock, Guelph, were well received and given the usual attention. The musical programme was also very well rendered, and too much praise cannot be given to the speakers for the able manner in which they carried out the meeting as advertised. Proceeds amounted to \$15.

Miss Maddock addressed the meeting on the subject of "Food and Health," she asked, taking for her theme "Food and Health." Why is the girl on the farm not given a chance the same as the boy? We send our boys to college, to be educated in farming, not because we do not know the business ourselves, but that we think it necessary; then, in all fairness, why should we not send the girl to college to be educated in farming?

President Mills advocated the system of having an extra study in the high schools on the subject of "Chemicals of Food and Its Results." Let us look at the plan which I have prepared here, showing the different effects of the various foods on the body—oatmeal, corn, wheat, etc.—and the fact, which is the reason why Scotchmen are so strong and brainy, and also producing a certain amount of gluten, which is a brain-forming substance, but is not certain in its action, as the oatmeal claim. Then, again, bread and butter is a very strengthening food, and too much of it cannot be taken by growing children; although it contains a certain amount of gluten, yet nevertheless it contains starch, which is beneficial to the human system. Then we will take the beef, which is usually partaken of too freely, and should be eaten in moderation, as it is a blood-heating food, and if the blood is once overheated, it is apt to produce disease.

Major Sheppard addressed the meeting on "Three Historical Days on the Niagara." The Niagara is one of the grandest rivers in the world, yet never flows of Lake Erie into Lake Ontario, being 38 miles long, having a very strong current from its source to the falls, being one mile wide at Queenston, and flowing at a rate of about 30 miles an hour—being half a mile wide.

In the year 1812, on Oct. 4, the American troops landed near Fort George, and Gen. Brock, the Canadian, immediately proceeded to concentrate his troops, and attacked the Americans, capturing 70 men and officers altogether, and two guns, and driving the Americans back into the river.

On the memorable 8th of October occurred the third battle, which was at Lundy's Lane, and such a battle had never been fought before. The Americans gathered their men together, and having the arrangements completed, and none too soon, the Americans attacked and repulsed the Canadians. The Canadians again rallied, and drove the Americans back, but darkness overtaking them the battle almost ceased. But about 9 o'clock that night the Americans again attacked the Canadians, and just at this time was the most severe fighting of that memorable battle. Every time that the cannons fired they were moved up a pace, until the men were literally blown from the mouths of the cannons, and they could see each other standing and loading their guns from the flash of fire when the cannons discharged. But the men finally became so fatigued that they almost lay down alongside each other for the night, and the Americans retreated, unmolested by our troops, and in the morning they were camped at Chippewa Hill, three miles distant, and thus ended the battle.

In the Jaws of a Lion. The gallant Major Swaine tells of being knocked senseless by a lion that lacerated his arm. His thrilling escape from the jaws of death is only equalled by Dr. King's New Discovery for Consumption, which has saved thousands from desperate Throat and Lung troubles. "All doctors said my wife would soon die of Consumption," writes Dr. Overstreet, of Elgin, Tenn., "but your wonderful medicine completely cured her, and saved her life." Satisfaction is guaranteed by W. T. Strong & Co., who give trial bottles free. Large bottles 50c and \$1.

A petition is being circulated among St. Thomas citizens asking the Dominion government to reinstate W. H. Ingram as postmaster.

FROZEN TO DEATH IN THE WOODS

Fate of a Cook in a Lumber Camp.

Tailor Killed by a Live Wire While Pressing a Pair of Trousers.

FROZEN TO DEATH. Cheboygan, Mich., Feb. 5.—Wm. Hoskins, who had a photograph taken here last summer, was found frozen to death in the woods early Saturday morning, 14 miles out on the east side of Mullet Lake. His rifle was lying beside him. He was cooking in McGraw's camp. Friday night two of the men angered Hoskins, who took a butcher-knife to them. The knife was taken from him, and he then procured a Winchester and snapped it at them, but there were no cartridges in it. Hoskins fired several shots at the two men, who left without waiting to get their hats. Hoskins took his gun, and muttering something about going after the fellows, went out. That was the last time he was seen alive.

FINGERS CRUSHED. Farmington, Mich., Feb. 5.—Edward Sopher, foreman of the Farmington Enterprise composing room, had his hand crushed in a printing press. Three fingers on his left hand were crushed and broken, but it is thought that amputation will not be necessary.

SAWYER KILLED. Manistee, Mich., Feb. 5.—Frank Mayhew, a stove sawyer in Wylie's cooperage shop at Interlochen, was knocked unconscious Saturday afternoon by a live electric wire. He died on his way to the hospital. He was 19 years old.

KILLED BY A LIVE WIRE. Saginaw, Mich., Feb. 5.—Frank Morris, aged 17 years, helper in a clothing store at 321 Genesee avenue, was killed by a live electric wire Saturday evening. He was engaged in the repair department in pressing a pair of trousers, the irons of which are run by an electric wire, when in some way his hand came in contact with a live wire, and he was found dead 20 minutes later.

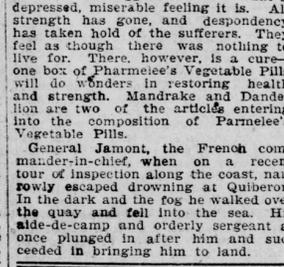

TOOK MORPHINE. Vancouver, B. C., Feb. 5.—George Jurnham, aged 60, father-in-law of J. Kenny, a well-known citizen, committed suicide by taking morphine at the New Fountain Hotel. He had been drinking heavily, being moribund from sickness. Jurnham was a native of Ontario.

DROWNED. Winnipeg, Feb. 5.—A son of Health Inspector Pearson, of this place, lost his life at McIntosh, Wash., through drowning.

FAGGED OUT.—None but those who have become fagged out know what a depressed, miserable feeling it is. All strength has gone, and despondency has taken hold of the sufferer. They feel as though there was nothing to live for. There, however, is a cure—none other than the famous Doan's Kidney Pills.

General Jamont, the French commander-in-chief, when on a recent tour of inspection along the coast, narrowly escaped drowning at Quiberon. In the dark and the fog he walked over the quay and fell into the sea. His aide-de-camp and orderly sergeant, who once plunged in after him and succeeded in bringing him to land.

The Man Who Originated Doan's Kidney Pills.

Mr. James Doan. In 1885 Mr. James Doan, the well-known druggist of Kingsville, Ont., first manufactured and sold Doan's Kidney Pills.

Doan's Kidney Pills, therefore, are the original Kidney Pills, and this statement can be backed up by sworn proof.

Nowadays these pills have many imitators. Some imitate the name, others the wrapper, but none can imitate the pill itself, whose intrinsic merit in curing kidney complaints from the simplest backache to the severest Bright's disease, has made it a household necessity from the Atlantic to the Pacific. The Doan Kidney Pill Co., Toronto, Ont.

Good, reliable Scotch Tweed Suiting now on hand. 83 Richmond Street, East, Toronto. All Work Guaranteed.

PARK AVENUE. Pressing and repairing neatly done.

Millions sing the praises of Pearline.

"I wouldn't do without Pearline; I couldn't if I could. I couldn't do without Pearline; I couldn't if I could." (Contributed by a Pearline admirer.)

She means to say that should a washing medium be invented that would equal Pearline in labor-saving and harmlessness, she would still stick to Pearline. She feels it isn't worth while to consider that possibility further. As things are now, washing with Pearline is so easy and so economical, she really couldn't afford to risk anything else.

Millions sing the praises of Pearline.
