MAY—JUDKINS.
Miss Mary Judkins, daughter of Mr. and Mrs. L. Judkins, Hill Street, was married last evening at her parents' residence to Mr. Thomas May, jun., of Langarth street, South London. The ceremony was performed by Elder R. C. Evans, of the Latter Day Saints' Church, Maitland street, in the presence of about 40 relatives and friends. Mr. and Mrs. May received many valuable presents. They will reside on South Street.

CHANGE IN C. M. R. L. MATCHES.
The latest official report regarding the C. M. R. L. matches is that they will take place on June 15, 29 and July 6, 13 and 27. This leaves the dates as they were except that the match which was to take place on June 1 is transferred to July 6. The reason for the change is said to be that many of the rifle ranges in Canada will not be ready before the middle of June, and the authorities desire to have all the competitions on the same dates throughout the Dominion.

GAVE MRS. HILL A PURSE.
At the last meeting of the branch of the W. A. M. A. of the church of St. John the Evangelist, the members presented a purse to Mrs. Hill, the rector's wife, accompanied by a life membership. The presentation was made by Mrs. Baldwin, and although Mrs. Hill was too much overcome by the unexpectedness of the gift to be present, Rev. W. T. Hill, rector of the church, received it and returned thanks to the members, evidently deeply touched by this simple act of appreciation to one who had so heartily given herself to the work.

STEWART—THOMAS.
Under an arch of lilacs, at "The Pines," Francis street, the residence of Mr. Hugh Wyatt, uncle of the bride, Squire Munroe Stewart and Rachel Winnifred Thomas were united in wedlock on Tuesday afternoon at 3:30 o'clock. The marriage was performed by Rev. John Morrison. About 30 of the near relatives and friends of the contracting parties were present. The groom was supported by Melvin Leslie Bartleman and the bride by Edith Helen Long. Little Annie Stewart, sister of the groom, acted as maid of honor. The presents were numerous and costly. A dainty wedding breakfast was served. Their many friends will join in wishing them "bon voyage" on the sea of life.

DEATH OF MRS. ORONHYATEKHA.
Mrs. Oronhyatekha, wife of Dr. Oronhyatekha, sen., who was well known in London, where she formerly resided with her distinguished husband, died on Tuesday night at 11 o'clock at the family residence, The Pines, Tyendinaga Reserve, near Deseronto. She had been suffering from cancer since August, 1899. Deceased was born on Tyendinaga Reserve, April 14, 1843, in the house next to the one in which she died. She was married to Dr. Oronhyatekha April 14, 1863, when they moved to this city, where they lived until about twelve years ago, when they again took up their residence at The Pines. Six children were born to Dr. and Mrs. Oronhyatekha, of whom but two are living—Miss Karakewich and Dr. Aclandwah, the latter of

whom is now in Australia. Dr. Oronhyatekha was at home when the end came, having left Toronto when informed of the critical condition of Mrs. Oronhyatekha. The maiden name of Mrs. Oronhyatekha was Miss Eleanor Hill. She was a daughter of Joseph and Catharine Hill, both lineal descendants of the famous Mohawks, Caps. Joseph and John Brant. Mrs. Oronhyatekha was their great granddaughter, her husband and daughter on their trip to Palestine and Egypt in the spring of 1899, and had previously spent some time in the principal cities of Europe. The funeral will take place on Friday.

THEY WILL CALL A NEW PASTOR

Decision of First Congregational Church Members.

Current Expenditure Will Be Reduced—Mr. Oakley Will Remain Until His Successor Is Appointed.

The members of the First Congregational Church met last night, and unanimously took a hopeful view of affairs. By working unitedly and more economically than in the past, it is expected that the present church can be successfully maintained. Such was the opinion expressed by ballot of one of the largest gatherings of members ever held in the church. The finance board's report upon the operations of the past six months showed receipts that exceeded those of the corresponding period last year by \$400. It was acknowledged that the expenditure was too high for the membership to warrant, the salaries especially being higher than those paid by other churches. A committee was appointed to control current expenditure, reduce it as much as is compatible with successful maintenance, and do all that was possible to put the church on a firmer basis. The congregation was agreed that a pastor should be secured in succession to Rev. E. C. Oakley, and a special committee was appointed to do this. The situation was improved, too, by Mr. Oakley stating that he would remain until a new pastor is accepted, although his resignation takes effect July 1. The meeting decided unanimously to carry on the work and endeavor to make it more successful.

LANDING STAGES ALONG THE RIVER

Water Commissioners Should Encourage Loading, Says Enthusiastic Oarsman.

A citizen of London, who is an enthusiastic oarsman, and who has witnessed with pleasure the prospects for one of the most successful and enjoyable boating seasons in the history of the city, asked yesterday: "Why shouldn't the water commissioners provide a landing stage for boats at Wonderland, and repair the present city wharves, which in places is falling to pieces? With the swimming baths established at Wonderland many boys and young men will go down by boat or canoe, and every facility should be given them to make a convenient landing. Woodland cemetery, too, is another place where a landing place might well be provided. At present the only means of access from a wharves is by scrambling up a steep bank. A landing place could be easily provided here, and it would doubtless be greatly appreciated. These suggestions should be looked into, for the delightful and healthful exercise of rowing should be encouraged in every way."

AN IMPASSIONED PLEA.
The Chicago Tribune's "Lin-o-type" man pleads with the weather man as follows:

O Weather Man,
We pray thee scan
Thy stock of airm,
And see if there's
One more fine day
To use in May.
We know we oft
Have thee scoffed,
And handed you
A quite a few;
But you'll admit
You needed it.
Now, very soon, it will be June,
And 'twill be hot.
See what you've got—
Four weather scan.
One more fine day
We'd like in May,
O Weather Man!
O Weather Man!
O! O!

MADE A TOUR OF INSPECTION.

Aldermen Travel Over City in Private Car Victoria.

Look Over Streets That Need Repairing, Visit Springbank and Combine Business With Pleasure.

The "Victoria," the street car company's handsomely appointed private party car, was used by the city council and several city hall officers yesterday afternoon to make a tour of inspection over the city. They went from the corner of Dundas and Richmond to the southern portion of the city first, around the belt line, out the Wellington street stub line, along the Hamilton road and Rectory, and then to the north city lines, West London, and Springbank. City Engineer Graydon and Ald. Winnett, chairman of the board of works, being most concerned about the condition of the streets, were permitted to take their chairs out to the rear platform, a concession that is said to have grieved Ald. Cooper considerably. Particular attention was paid to the condition of Maryboro Place, where the pavement needs repairing, to the places over in London West that were well looked after by Ald. Olmsted, and to the condition of Railway street in South London. The street railway company are anxious to double track their system there and to down the hill, both of which changes would be improvements to the park service. Owing to some difficulty the work cannot be done yet, but it is among the strong probabilities of the future.

His Farewell.

Rev. R. R. Ball sends the following letter for publication:
"On June 11th I leave the B. M. E. Church, Grey street, where I have labored for two years, to take charge of a church in the State of New Jersey. In leaving London I desire, through the columns of your good paper, to thank the many friends of the B. M. E. Church for their kindness to the church during my term. It was the late Bishop Hawkins, who said on one occasion, 'that the colored man has the key to the colored man's heart,' and I wish to say to our white friends, that the white man could not do a work among his own kind, though he desired to. In its humble way the B. M. E. Church here is doing a satisfactory work among the colored race, but the membership is small and its finances not great, so in order to carry on this important work, we have had to frequently appeal to our white friends' generous responses to our many calls for help. I take this means to say a hearty thank you to all who during the two years have been the most pleasant relations between the pastor and people. Our little church is free of debt, and with continued help it can still widen its influence for God and his Christ. I wish the good people of London every success, and shall look back with very great pleasure to my residence here. Thanking you for the insertion of this letter."

FATAL ACCIDENTS

Three Men Drowned—Crushed Under Car Wheels—Whirled About in Mill Machinery.

Cleveland, Ohio, May 29. — A special from Sandusky says: Three employees of Gaynor's quarries at Johnson Island—Dennis Cummings, aged 50, Wm. Griffin, 30, and Otto Adams, 22—left here late last night in a small boat. Today their boat was found upturned in the water. No trace of the men has been found up to tonight, and it is believed they have been drowned. A high wind prevailed, and the boat was probably returned in a storm.

UNDER CAR WHEELS.

Tweed, Ont., May 30.—Per Larche, a foreman for the Rathbun Company, was instantly killed at the company's sawmill yesterday. He was moving a team of horses when he slipped and fell in front of the car, the wheels passing over his head. Larche leaves a wife and large family.

YOUNG TRUANT KILLED.

Rochester, N. Y., May 30. — Otto Welkey, aged 9 years, was ground to pieces by a freight train at the Chatam street crossing of the New York Central Railway. The lad played truant from school, and was seen catching rides on freight trains previous to the finding of the body.

WHIRLED ROUND A SHAFT.

Burlington, May 30.—While working in the Burlington basket factory yesterday, near Musgrave, Thomas Freeman was caught in the belt and whirled several times around the shaft. One arm was broken in two places, and his head crushed, besides being hurt internally.

SHE SLAPPED HIM!

"Causing Him Much Physical Pain, Inconvenience and Mental Anguish."

Windsor, May 30.—Minnie G. Woods, a former resident of this city, may have to face a charge of bigamy at the next sessions of the peace in Toronto. On July 5, 1897, she was married in Windsor to Dr. W. N. Barnhardt, by Rev. J. Gundy, and in November of last year an arm was broken in two places, and his head crushed, besides being hurt internally. At the preliminary hearing yesterday it was shown that Dr. Barnhardt had been granted a divorce in Detroit by Judge Donovan, Barnhardt alleging that his wife had slapped his face many times, "causing him much physical pain, inconvenience and mental anguish." As Barnhardt was a resident of Toronto, the crown attorney held that the judge had no jurisdiction, and the divorce was not valid.

CHAPMAN'S
