# Spring Medicine

Is of the greatest importance. This is the most critical season of the year, from a health standpoint.

! It is the time when you imperatively

need Hood's Sarsaparilla. It will give you a good appetite, purify and enrich your blood, build up and steady your nerves, overcome that tired feeling, give mental and digestive strength - in short, will vitalize your whole being, and put you in perfect health.

Don't delay taking it. Don't experiment with others. Get that which trial and test have proved

# HOOD'S Sarsaparilla

Best for Spring - "I have taken Hood's Sarsaparilla when needed for severalyears and would not be without it in the house. It is an excellent medicine and I beartily recommend its use in the spring and at any time when a blood purifier and tonic is needed." Mrs. F. M. FOOTE, 21 Arving Place, Passaic, N. J.

Spring Fever-"I have taken Hood's Sarsaparilla for my spring medicine for years and have always found it reliable and giving perfect satisfaction. In the spring it takes away that tired feeling or spring fever, gives energy and puts the blood in good condition." MISS EFFIR-COLONNE, 1535 10th Street, N. W., Washing-

### THE MARKETS.

A FLURRY ON 'CHANGE. Montreal, March 8.—A fight for control of the Dominion Coal Company, by the purchase of stock in the open market, is now said to have been the cause of the recent rise in a little over two months of \$50 a share, and the men fighting for control are said to be James Ross and Henry M. Whitney the latter president Henry M. Whitney, the latter president and the former vice-president of the company. Some months ago Mr. Whitle sold most of his holdings in coal, while retaining a large increase in steel. He has now been endeavoring to again secure has how been endeavoring to again secure a controlling interest in coal shares. The result is the boom which has sent the price up to \$105, Vice-President James Ross and his friends having taken a hand in the game in opposition to Mr. Whitney, and bought heavily. Mr. Ross and his party are believed to have won out but this may not be definitely known. out, but this may not be definitely known until all the shorts have been called to

Another dispatch says: The stock market was wildly excited at the opening to-day, in view of the big buying demand of the Dominion Steel issues, and during the first fifteen minutes of the trading 2,375 shares of steel common changed hands. Forget & Co. were the most provident to be reduced, higher prices seem inevitable unless there is some increase in the receipts. Buyers prominent sellers, and the buying was general all around the market. The opening dealings were at 39, an advance of a full point above last night's close, and the price went a half higher by 10:45.

freely, and holders, more especially of fine samples, resist any further concession in price. Alsike and white command former terms, while trefoil keeps very steady. Rye grasses, however, continue to favor buyers. The sale for spring tares has recently been on a small scale. Linseed is scarce and exhibits a substantial advance. The mustard seed trade has throughout the season been very disappointing. Stocks of canary seed, both in London and Liverpool, are now in remarkably small compass. The consumption of blue peas and haricot beans has been of late much increased.

The leading female role, that of Winnifred Grey, was in the hands of Miss Celeste Wynn, whose physical attributes fit the part well, but whose voice, while sweet and well-trained, is hardly strong enough for the demands perience of being compelled to drive made upon it. Miss Wynn pleased her hearers with the "Sly Cigarette" song in the first act and "The Boy Guessed it and so enable the Boers to break Right" in the last act. Miss Rose La-Harte, as Dorothy Stanley, sang several numbers, which proved the most acceptable features of the evening. Miss Margaret Bland, who sang the stirring march song, "Oh! Listen to the Band!" was evidently still suffering from a recent throat trouble, which disguised her possession of a really pleasing voice. Miss Bland's other qualifications, in the way of an animated style and shapely proportions, palling total of over 11,000 men. fit her admirably for the part. "A Gambler's Daughter" tells a thoroughly modern, up-to-date story of Chicago life, and is so exciting that the audience is kept in a constant state of thrills from beginning to end. At appropriate stages of the performance some clever songs and specialties are introduced, and there is enough of comedy to enliven the more serious and stirring features of the drama. FREIGHT HANDLERS STRIKE. Boston, March 10.—The strike of the freight handlers of this city, which, according to votes passed by the local unions yesterday, threatens to involve 10,000 men, was begun early today. The Team Drivers' Union, embracing about 2,000 men, led off. Other unions followed, and the strikers claim that by tonight fully 10,000 will be out. The strike grows out of the Brine Transportation Company's trouble with its teamsters, who began several weeks ago, but was preci-pitated by the refusal on Saturday of members of the Freight-Handlers' Unions to take care of merchandise carted by non-union teamsters employed by the Brine Company.

THE 20TH CENTURY SUNDAY.

To the Editor of The Advertiser: On behalf of the Lord's Day Alliance I would respectfully request the inser-

tion of the inclosed in some early issue of your paper. Yours, etc., C. T. SCOTT, Local Secretary

The Parsonage, 484 Dundas street, London, March 3. At a legislative hearing on a question of legal restriction of trade, a gentleman favored wider liberality because we are at the opening of a new century, implying that Sunday laws are a relic of the dark ages. Not of the darkest ages, he should reflect. They do not prevail now in "Darkest Africa," or in any dark and savage land, nor ever did. Sunday observance is not a mark of rude, unies, but the others may recover. Wyatt and protect the civil rest day by law Christian nations observe Sunday rest. society. Not only savages but bad men everywhere do without Sunday. Either they are not able so see that it is a necessity of wise living, or they do not wish to live wisely. Just in proportion as men advance in enlightenment, and in a desire to live in accordance to the best light, they keep Sunday. There are exceptions, but on the large scale, and in the long run, exactly as men gain in spiritual insight, attain breadth of view, and a comprehension of the forces and ten dencies which govern human life, if they also are wise enough to conform their conduct to their increased knowl. edge, they will prize Sunday, and keep it with all their heart. This is absolutely sure. How do we know it? On the word of Him who cannot err, who is the truth for he said "The Sabbath was made for man"-for man as man, always and everywhere; not for Jews alone, not for certain centuries only, but for all the centuries, for the twentieth and the fortieth, for all those blissful and prosperous ages when human progress shall have lifted man to the high vantage ground of enjoying the blessings a dence makes ready for his use. And of all these blessings, one of the richest in value in itself, and most prolific of other blessings is the day of Sunday rest and worship. And when God made the Sabbath for man, he thereby declared that the Sabbath is something man needs in every age and land. It is indispensable to his property, therefore a kind Heavenly Father will see to it that this precious gift shall not always be as pearls cast before swine.

Through the voice not of written revelation alone, but through the cry of man's entire nature, body, soul and spirit, by the examples of Christ, and Providential favor shown to Sabbath keeping in its good results, God has made known his will, that man should take one day in seven, so far as the claims of necessity and mercy allow, to rest the body and train

### A Physicians Testimony For Labatt's Stout.

the soul.

ALEXANDRIA, DRC., 20th. 1901. Speaking from personal experience I can state that your Stout is excellent in building up the system—I was very much run down and was advised to use Labatt's Porter—this I have done for some time and I largely attribute to its effects my steady improvement in strength and weight. I deem it but justice to you, and it certainly is a pleasure to me, to add my testimony to its sterling qualities, and I gladly recommend your Stout as an excellent tonic and food in cases where such is required.
