Federal League Is Also Making Offers to Players on World's Tour Through Agents.

Chicago, Feb. 16.—President Gilmore reached town today from the east, and with a check for \$25,000 given by R. D. Ward, of the new Brooklyn Federal League club, who asked that it be used to get him a manager and a player. Gilmore refused to say that any change in the make-up of the league would result from his interview with Fred Bramley at Cleveland yesterday, but rumors reached the city that the Buffalo franchise might be transferred to Cleveland.

None of the Federal League leaders would discuss the report that an agent of theirs had approached Mike Doolin, the Philadelphia Nationals' shortstop at Nice, France. A Chicago paper printed a story which was sent by its correspondent with the world tourists, Crawford and Speaker are other tourists said to have been offered positions with the Federals.

The announcement was made that Eugene Packard had been transferred from the Chicago Federals to the Kansas City team. The deal was in accordance with a promise of Weeghman that the Kansas City club could have one of its left-handers, and Manager Tinker preferred to keep Pitcher Brennan.

Demand of Ed. Sweeney is so strong that the Federals have nearly despaired of landing the New York catcher. Negotiations are still in progress, however.

WHITE SOX BEAT GIANTS IN CLOSE GAME AT NICE

Big Crowd Witnesses World Tourists—Frenchmen Like Long Hits the Best—Score Was 10-7.

[Canadian Press.] Nice, France, Feb. 16.—The fine weather today brought a great crowd of baseball enthusiasts, as well as many who had never witnessed a game, to the inclosure where the New York team, of the National League, and the Chicago, of the American League, gave a fast exhibition of the American national pastime. The Chicago won by a score of 10 to 7.

Americans and foreigners of title sojourning in Nice and along the Riviera motored to the game, which had been eagerly looked forward to, and the large number of handsomely-gowned women among the spectators added to the gaiety of the scene.

The French were somewhat puzzled at the intricacies of the play, which they found difficult to understand, but they showed much enthusiasm when the ball was hard hit into the outfield. The American consul, William D. Hunter, tossed the first ball to the Chicago pitcher. In the fourth inning the New York scored six runs and Chicago four, but the National League players were unable to keep up the pace.

Interesting features of the afternoon were a series of daring evolutions over the field by the visitor Lacourse and an exhibition of throwing the discus and putting the weight by James Thorpe, the Indian athlete.

The teams will leave here tomorrow for Paris. Word has been received that Charles A. Comiskey, president of the Chicago American League club, has reached Paris. His condition is reported to be much improved.

TERRIBLE RESULT OF BLOOD POISON

After Three Operations Zam-Buk Was Tried and Proved Successful.

If people would only use Zam-Buk for chronic sores, blood-poison, etc., before permitting an operation, scores of limbs would be saved.

Mr. Robert Patterson, of North Pelham, Welland, County, Ont., writes: "My daughter, Annie, had blood-poison in her finger. The doctor operated twice on the finger, but did not obtain the desired result, and a third operation was considered necessary."

"Three doctors were present at this operation, but after it had been performed the wound did not heal. Try as we would we could not get anything to close the wound."

"We at last tried Zam-Buk, and it was really wonderful to watch how this balm healed the wound. Each day there was a marked improvement. First the wound in the palm of the hand closed, and then the finger which had been bad so long began to heal. The diseased flesh seemed to rise out of the wound and then drop off, and new healthy flesh formed from below, pushing out the diseased tissue. In a short time the wound was completely healed. Had we applied Zam-Buk at first we might have saved the finger."

"We had another proof of Zam-Buk's power in the case of my son. When two years old he had his hand badly mangled. One finger had to be amputated and it left a running sore for some months. This wound, also, was finally healed by Zam-Buk."

For chronic sores, blood-poison, ulcers, abscesses, scalp sores, piles, eruptions, inflamed patches, eczema, cuts, burns, bruises, and all skin injuries and diseases Zam-Buk is without equal. Fifty cents a box, all druggists and stores, or post free from Zam-Buk Company, Toronto, for price.
