

POLICE TO PREVENT SOCIALISTS PARADE

Trouble Feared in Montreal if Demonstration is Attempted To-day

From Our Own Correspondent.
MONTREAL, April 30.—Mayor Ekers, of this city, has forbidden the Socialists to parade here to-morrow. He has issued instructions to Chief of Police Campau calling on him to see that no socialistic demonstration is permitted.

The mayor arrived at this conclusion on the receipt of a report from the chief of police that it would be in the interest of the public to prevent the parade.

The Socialists say they will walk to the Champ de Mars military parade grounds to-morrow, but if an attempt is made, the police will act promptly and forcefully, and there will likely be bloodshed.

The Socialists are in an ugly mood, and it is evident that they mean to make an attempt to parade. They claim that they are being discriminated against, and that they mean no harm.

The mayor, however, had in mind their action of a year ago when they nearly precipitated a riot by their remarks against the Roman Catholic clergy. This attitude was vigorously rebuffed by the members of that Church, and particularly the students of the Laval University, who in a letter to the mayor pointed out the inevitable outcome of a repetition of the occurrences.

The general feeling in the city, while not antagonistic to the Socialists, was strongly against the demonstration, and the action of Mayor Ekers was not taken without advice.

SIX MONTHS EACH

Hamilton Pair Sentenced—One Was Wanted in Windsor

HAMILTON, April 30.—Six months in the Central prison was the sentence meted out by Magistrate Jeffs to-day to Charles and Lorne Crisp, King William street, on charges of vagrancy and obstructing the police, respectively.

According to the evidence there was a serious clash in the M. & M. hotel on Saturday afternoon between Detectives Miller and Blewett and the prisoners. The charge against Charles was first proceeded with. Detective Blewett said he had known the prisoner for a number of years and he associated with the worst class of characters and thieves. He came back to the city about nine months ago and since that time had done nothing but evade the police.

Detective Miller gave similar testimony and the warrant from the Windsor police for Crisp's arrest on the charge of stealing 150 pounds of copper wire from the Windsor railway in March, 1906, was also produced.

FRANCHISE DISCUSSED

St. Catharines Telephone, Light and Power Contract Not Yet Renewed

From Our Own Correspondent.
ST. CATHARINES, April 30.—The city council this afternoon met Manager Stark, of the Stark Telephone, Light & Power Co., when the question of the franchise, which expires to-night, was fully discussed. Manager Stark claimed he could not speak with authority and the meeting was adjourned till Friday night. In the meantime he must see the directors and learn whether the company will at once deposit \$1,250 to the credit of the city, this being the difference between the Stark contract price and the price the city must pay the Lincoln Company for six months' light. Manager Stark must also learn if the United States Fidelity & Guarantee Co. will supply new bonds, the company having once defaulted. If the company does not satisfy the city new tenders will likely be called or company's franchise and action be taken to indemnify city.

MR. W. W. DONEY DIES

Old Resident and Former Member of Kincardine Council

From Our Own Correspondent.
KINCARDINE, April 30.—The death of William Wakeham Doney, aged 88 years, occurred this morning. Deceased was an old resident of this town, having at one time been a member of the town council. He was highly respected. His death was due to advanced age.

LUCAN, April 30.—Mr. F. B. Holtby, manager of the Lucan and Granton branch of the Merchants Bank, has received notice of his appointment as manager of the branch at St. Thomas.

BLENNHEIM MAN FINED

From Our Own Correspondent.
BLENNHEIM, April 30.—Dave McLeod, owner of a 2,000-lb. Clydesdale, was fined through town on the sidewalk for her evening after six o'clock. Citizens were amazed to see the big beast walk right through the business portion of the town. An information was laid before M. Greenwood and he was fined a dollar and costs.

A LIVING GHOST!

That is What Her Friends Said About Her

Read how Mrs. James Steele, Water-ville, Que., was cured by the use of

MILBURN'S HEART AND NERVE PILLS

She writes: "For the past fourteen months I was nervous all the time, and became so nervous I was unable to walk across the house without getting dizzy. My friends told me I looked like a living ghost and advised me to try Milburn's Heart and Nerve Pills. I got two boxes and within two weeks I had improved wonderfully and after finishing the fourth box I was completely cured. They are the greatest pills I ever used and I can recommend them to all sufferers."

Milburn's Heart and Nerve Pills act directly on the disordered heart and nerves, and restore them to healthy action. They have no equal for reviving and strengthening the heart beat, invigorating the nervous system, and acting as a food for the blood, improving its quality, making it rich and red.

Price 50 cents per box or 3 boxes for \$1.25 at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

SIR WILFRID TO ARRANGE TARIFF WITH EUROPEANS

Canadian Premier Will Offer Terms to Governments of France and Germany

LONDON, April 30.—The Berlin Vossische Zeitung learns from a reliable source that Canada proposes to offer Germany a modification of the existing tariff on German goods which would reduce the charges very nearly to the level of the nominal tariff enjoyed by England. In return the Canadian government demands in return a corresponding modification of German duties against Canada.

After France, too, W. J. Abbott, chairman of the British Chamber of Commerce here, is endeavoring to induce the colonial premier to accept the invitation to visit Paris. Mr. W. C. Robertson, an important member of the board, says that doubtless when Sir Wilfrid Laurier visits Paris he will have practical proposals in his pockets for increased trade facilities.

BIG BLAZE VISITS BUSINESS DISTRICT

Midnight Fire Destroys \$230,000

Worth of Toronto Property

TORONTO, April 30.—Fire, which broke out at midnight, did damage to the amount of \$230,000. The fire started in the warehouse of the Ontario Storage and Cartage Company, in the rear of the old Don brewery immediately west of the Don and north of Queen street. So far as can be ascertained over 75 per cent. of the loss is covered by insurance. The storage building and the adjoining structure, all of which was formerly occupied by the Don Brewery Company, was owned by John Dick & Company, Limited, who purchased it four years ago.

The flames were concentrated in the rear part of the structure, the dimensions of which are about 200 feet by 140 feet and six stories high. The Storage Company occupied what was formerly the main house, a building 120 feet by 140 feet, while the kiln house, where the bulk of the brewery machinery is located, is situated in the exact centre of the buildings, and was leased by the Davies Brewing Company. Beyond the kiln house the fire did not penetrate and the offices and other large departments in connection with the brewery are not damaged. While the walls of the kiln house are intact, they are so badly damaged and the interior gutted to such an extent that Chief Thompson says the whole structure may have to come down. The building occupied by the Ontario Storage and Cartage Company is a total loss. About 2 o'clock the eastern wall fell out and completely wrecked the machine shop of the Smart Bag Company.

The principal losses are: Calvert & Dwyer, \$75,000; Ontario Storage Company, \$45,000; John Dick & Company, \$30,000; and the Davies Brewing Company.

STRIKERS DISCHARGED

Six Men Charged in Connection With Buckingham Riots

OTTAWA, April 30.—The six strikers charged with manslaughter at the Buckingham riots were discharged this morning in the magistrate's court in Hull on the ground that the necessary attaints had not been affixed to the documents. The crown secured a reserved case which will be decided to-morrow morning.

work of Christ and the moral welfare of mankind, pointing out the necessity of the atonement in order that salvation might begin at all. He also gave a powerful statement of the death of Christ. He spoke of the great and dangerous unrest which prevails in the minds of laymen and young preachers caused by books of criticism and higher thoughts. He pointed out the duty of the minister to read all such books, and advance arguments to meet this criticism wherever it is found.

Rev. Mr. Ross, of Guelph, a member of the assembly's committee on augmentation, addressed the synod and asked them to make a stronger effort in raising money for this purpose. The amount raised last year was \$5,843. This year \$11,573 will have to be raised.

The evening session of the synod lasted for two hours. Rev. Mr. Horne, of Watford, reported on the Sunday school work. He asked for a grant of \$300 from the general assembly for the establishment of summer schools and extending teachers' institutes. He reported good work from the institutes. He regretted the indifference in Sunday school work exhibited by boys and young men. The situation in this respect is one of the most serious that the church has to face.

Rev. J. McDuncan, of Toronto, addressed the synod on the work being done by the Sunday schools by the general assembly committee.

Rev. J. A. McDonald, of Toronto, concluded the session with an address upon the present movement among the laymen of the churches.

MEDICAL GRADUATES

ments with statistics revealing an extraordinary condition in the methods by which men are authorized with power over life.

"What Average Doctor Doesn't Know" The average man qualified as a medical practitioner," said Dr. Means, "is deficient in knowledge of bacteriology, chemistry, physiology, anatomy. I doubt if he could make a laboratory test for typhoid fever. I have written to twenty-five State boards, and I find that fifty-eight per cent. of them are not far from their final examination pass on a second examination a few weeks after. In the few days intervening where did they get their knowledge? They did not get it. They were simply crammed with the answers to those questions which it was expected they would be asked, and they answered as parrots, not knowing what they were saying."

Dr. Means had a remedial measure to suggest. He proposed that instead of one examination at the end of the student's course the State board should be authorized by law to hold a primal examination at the end of the second year of the curriculum. This proposition aroused considerable discussion, but no conclusion was reached.

The Ideal Laxative for Children

Mothers cannot be too careful in what they give children to move the bowels. Calomel, cascara, senna, salts, cathartic pills, castor oil, and purging mineral waters irritate the bowels—upset the stomach—and eventually lead up to chronic non-action of the bowels—Constipation.

Fruit-a-tives

(OR FRUIT LIVER TABLETS.)

are the finest medicine in the world for children.

It is just like giving the little ones apples, oranges, figs and prunes—because "Fruit-a-tives" ARE the juices of these fruits—but so combined that the medicinal action is increased many times.

Fruit-a-tives are perfectly safe for the children. Keep a box always in the house.

This Lager is a Tonic—NOT An Intoxicant

REGAL LAGER makes red blood and cures anemia (blood starvation). Doctors prescribe it for womenfolk, instead of iron, because it does all iron can do for the blood and nourishes the muscular tissues besides—something iron can't do.

Regal Lager is a food,—not merely a delicious, refreshing, zestful beverage for your dinner-table, but a food that furnishes the same body-fuel as milk.

Did you know that? Or have you been thinking of beer merely as a mild stimulant? Regal Lager does stimulate mental and muscular effort; but it does that by feeding the body,—not by alcohol.

Regal Lager contains less alcohol than sweet cider; and its nutrients equal those of good milk, in energizing power.

I brew Regal Lager specially to suit home-folk,—for table uses, every day at dinner, every night at bedtime. It is a light, sparkling, fine-flavored beer, brewed from the purest materials—wholesome ripe barley, the very choicest hops, and doubly purified water. Indeed, every drop of water that's used in this new brewery of ours is purified, then sterilized, and then filtered for purity's sake. Even the air is filtered germ-free,—ordinary air never comes in contact with Regal Lager at all.
