

Distribution of Seed Grain and Potatoes From the Dominion Experimental Farms, 1912-1913.

By instructions of the Hon. Minister of Agriculture a distribution of superior sorts of grain and potatoes will be made during the coming winter and spring to Canadian farmers. The samples for general distribution will consist of spring wheat (5 lbs.), white oats (4 lbs.), barley (5 lbs.), and field peas (5 lbs.). These will be sent out from Ottawa. A distribution of potatoes (in 3 lb. samples) will be carried on from several of the experimental farms, the Central Farm at Ottawa supplying only the provinces of Ontario and Quebec. All samples will be sent free, by mail.

Applications must give particulars in regard to the soil on their farms, and some account of their experience with such kinds of grain (or potatoes) as they have grown, so that a promising sort for their conditions may be selected.

Each application must be separate and must be signed by the applicant. Only one sample of grain and of potatoes can be sent to each farm. Applications on any kind of printed form cannot be accepted. If two or more samples are asked for in the same letter only one will be sent.

As the supply of seed is limited, farmers are advised to apply early; but the applications will not necessarily be filled in the exact order in which they are received. Preference will always be given to the most thoughtful and explicit requests. Applications received after the end of January will probably be too late.

All applications for grain (and applications for potatoes) should be addressed to the Dominion Cerealists, Central Experimental Farm, Ottawa.

Applications for potatoes, from farmers in any other province should be addressed (postage prepaid) to the Superintendent of the nearest Branch Experimental Farm in that province.

J. H. GRISDALE, Director, Dominion Experimental Farm.

Churches Joining Fight Against White Plague.

DECEMBER 1ST WILL BE OBSERVED AS TUBERCULOSIS SUNDAY THROUGHOUT THE PROVINCE OF ONTARIO.

A movement fraught with tremendous possibilities for good has been launched in the form of a request that the churches of Ontario should set aside each year a Sabbath to be observed as "Tuberculosis Sunday." The Interdenominational Ministerial Association of Toronto gave a ready assent when the proposal was laid before them, and they have fixed upon Sunday, December 1st, as the day upon which they will seek to awake the interest and sympathy of their congregations

in the noble work being done to succour needy consumptives, stay the ravages of the disease, educate the public in preventive measures, and finally stamp out the scourge of tuberculosis. A general appeal issued to the clergy of all denominations in Ontario is meeting with a cordial response, and in hundreds of pulpits the sermons of Dec. 1st will be devoted to this vitally important subject. The active co-operation of the churches of the province should result in a mighty impetus being given to the war upon tuberculosis in Ontario.

Patriotic.

Mr. Bryce, the British Ambassador, tells a brief story to illustrate the exalted opinion that he thinks Americans generally have of their nationality. It was in a schoolroom, and during a review of history since the creation. "Who was the first man?" the examining teacher asked. "Washington," hastily replied a bright boy, quoting a familiar slogan, "first in war, first in peace, first—"

MAKE THIS TEST

How to Tell If Your Hair is Diseased. Even if you have a luxuriant head of hair, you may want to know whether it is in a healthy condition or not. 98% of the people need a hair tonic. Pull a hair out of your head, if the bulb at the end of the root is white and shrunken, it proves that the hair is diseased, and requires prompt treatment if its loss would be avoided. If the bulb is pink and full, the hair is healthy. We want everyone whose hair requires treatment to try Rexall "92" Hair Tonic. We promise that it shall not cost anything if it does not give satisfactory results. It is designed to overcome dandruff, relieve scalp irritation, to stimulate the hair roots, tighten the hair already in the head, grow hair and cure baldness. It is because of what Rexall "92" Hair Tonic has done and our sincere faith in its goodness that we want you to try it at our risk. Two sizes, 50c. and \$1.00. Sold only at our store—The Rexall Store. J. W. McLAREN, Watford.
