

cally nominal. *Hogs*—Have suffered a decline, owing to excessive receipts and falling prices in the leading Ontario markets. Buyers persistently hold back unless at a reduction of fully 25c on late rates. Several holders have conceded, and sales of light weights have been made at \$5.50 to \$5.75. Choice are rather less affected though no longer saleable at former rates. Some few holders have thus far continued firm, but should receipts continue on the same liberal scale for a few days longer, a general break can scarcely be averted. *Lard*—Continues dull at 91c. to 10c. for re-tail parcels. *Butter*—The recent demand has entirely subsided; speculators, who during the late activity had absorbed the offerings, are now anxiously casting about for an opening, and in some hands at least, a sacrifice would willingly be made to be quit of an article which now promises so unfavorably. We have only retail sales to note, any price obtainable being in most instances accepted.

AGNES—Pots have latterly met a better demand and prices have slightly improved. *Peris* continue neglected, and sales have been impracticable for some days past.

BOSTON LUMBER MARKET.

SATURDAY, January 25.
