### ACROSTIC.

A no hast thou slept the long, long sleep of death?— M or'd in the temb, alas! is that fair form E ndear'd to many and admir'd by all; I, one are the doating friends who, hope-beguil'd, In thee had centered all the r fund desires, And with thy weal had blended half their own. S cath'd is the meteor halo hope had rais'd A round thy head, of pleasures unalloy'd, it eserv'd to plems a num'rous years to come. Alas! how soon those any dreams have flown! If ow sadly soon its baneful midew blight Death o'er the flatt'ring scene has drawn!-In vam the tear of anguish flows; in vain Corroding grief the acting bosom neaves -K our surrows wast can ne'er reverse the doom Seal'd in the cornells of Eternity On death's chill realms no flowry apring can smile, No summer bloom upon the lonely grave. ## THE VEE.

WEDNESDIY MORNING, NOV. 2, 1886.

#### IMPORTANT NEWS.

By the Ship Empress arrived at New York, from Malaga, (Sept. 26th) advices have been received of the defeat of the Carlist army, 11 000 strong, under Comezon the 21st Sep. by the Army of the Queen, under Gen. Alaix.

YANKEE ELECTIONS. - The election of Members of Congress, were at our last dates making progress throughout the Union. In Pennsylvania, and New Jersey they had terminated in favor of democracy; little death is now entertained that Van Buren will be elected President.

BANKING -Two new Banks are in progress of formation in Fredericton, N. B., one with a capital of £50,000, and the other £15,000. The Charlotte-County Bank has just declared a dividend of 4-1-2 per cent. for the last s.x months. The Bank of England has raised its interest on advances to 5 per cent.

THE ELECTION .- We were not a little disappointed in finding the last Halifax Gazette did not contain a Proclamation of the expected Dissolution; and the more so, when we find the Editor of that paper coinciding in the general expectation, that such an event is unavoidable. What the Council can intend by such unnecessary helpy we are left to conjecture; much inconvenience to the freeholders will no doubt be the result.

We intended to have offered to day, some further remarks on the great importance of a judicious choice of Representatives, and the urgent necessity of immodiately calling a public Meeting, to decide what can. didates should be put in nomination and supported; but finding that the talented editor of the Novascotian, has fully anticipated us, we have copied his romarks entire, and recommend them to the attentive perusal of our readers.

DEARTH OF FUEL .- All the late American papers complain of the high price of coal and other descriptions of fuel. At Portland, coal was at \$12 per chaland every where else along the sea board, from S to 12 dollars was the current price. Here, altho linearly at the mouth of the mine, we have been threatened with starvation. A remonstrance from the inhabitants on the subject was presented last week to the acting manager, and we are glad to say that it procured a partial supply, with a promise of a more ample one very soon. We sincerely hope that the company will be enabled to adopt measures in future to enable them to meet both the domestic and foreign

We have received a very interesting account of the first operations at the coal Mines near Providence, the discovery of which we lately noticed, and intended to lay it before the public this week, but are obliged to deferit until our next.

LARGE POTATOES, &c .- We are informed by a ! gentleman who lately visited Cape John, that he saw on the farm occupied by Mr Hampshire, potatoes, 31 of which made a half bushel, and a pumpkin which measured 41 3-4 inches in circumferance.

The Rev. II. J. Jarvis, a native of New Branswick, has been appointed Rector of Richibucto.

PUBLIC DINNERS to councillors is all the go in the Sister Province. We are informed by the last Miramichi Gleaner, that the hon. A. E. Botsford was lately entertained in this way by the gentlemen of Campbelltown, county Gloucester, when bumpers, songs, toasts, and speechifying were the order of the night.

Last Thursday's edition of the Novascotian, says, The Proclamation dissolving the House will appear in the next Gazette. The Elections will probably be held about tendays after."
