**A BRIDE'S CONFESSION**  
"Yes, dear, I am married now, and George and I are keeping house in the bestest flat on 4th St. Well, yes, we did get married some-what suddenly. My health, you know, had for some time been very delicate, and Dr. Harvey's medicine had almost cured me. Dear George was almost crazy when mamma told him what the doctor said, and I nearly cried my eyes out, but one day I overheard him say to his sister, 'I think I'll try to get a little better, and I'll try to get a little better, and I'll try to get a little better.' I thought I'd try to get a little better, and I'll try to get a little better, and I'll try to get a little better." I thought I'd try to get a little better, and I'll try to get a little better, and I'll try to get a little better.

**THE DEY OF ALGIERS!**  
The SHAH OF PERSIA and the SULTAN of TURKEY and MOROCCO now FATTEN and BEAUTIFY their hair exclusively on DR. CAMPBELL'S ARSENIC COMPLEXION WAFERS. So great is the demand for these marvelous Wafers that their manufacture is continuing day and night.  
The Shah found his hair in a state of disorder on his return to Persia. - N. Y. World, Oct. 12, 1889. Reason—Their supply of CAMPBELL'S WAFERS was exhausted.  
ILLUSTRATIVE of the desirability of a certain amount of Plumpness, rousness has it that the illustrious Oriental Potentates make it a practice to WRIGHT their hair regularly once a month, precedence in rank and Imperial favour being accorded to the wife possessed of the greatest number of pounds avoirdupois.

**Allen's Lung Balsam** was introduced to the public after its merits for the positive cure of such diseases had been fully tested. It excites expectoration and causes the Lungs to throw off the phlegm or mucus; changes the secretion, and purifies the blood; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect that it is warranted to break up the most distressing cough in a few hours' time, if not of too long standing. It contains no opium in any form and is warranted to be perfectly harmless to the most delicate child. There is no real necessity for so many deaths by consumption when Allen's Lung Balsam will prevent it if only taken in time. For Consumption, and all diseases that lead to it, such as Coughs, neglected Colds, Bronchitis, Asthma and all diseases of the Lungs ALLEN'S LUNG BALSAM is the Great Modern Remedy. For Croup and Whooping Cough it is almost a specific. It is an old standard remedy, and sold universally at 50 cents and \$1.00 per bottle. The 25-cent bottles are put out to answer the constant call for a Good and Low-Priced COUGH CURE. If you have not tried the Balsam, call for a 25-cent bottle to test it.

**CATARRH.**  
A New Home Treatment for the Cure of Catarrh, Catarrhal Deafness, and Hay Fever.

The microscope has proved that these diseases are contagious, and that they are due to the presence of living parasites in the lining membrane of the upper air passages and eustachian tubes. The eminent scientists—Tyndall, Huxley and Pasteur—endorse this, and these authorities cannot be disputed. The regular method of curing these diseases is to apply an irritant remedy weekly and even daily, thus keeping the delicate membrane in a constant state of irritation, accompanied by violent sneezing, allowing it no chance to heal and as a natural consequence of such treatment not one permanent cure has ever been recorded. It is an absolute fact that these diseases cannot be cured by an application made oftener than once in two weeks, for the membrane must get a chance to heal before any application is repeated. It is now seven years since Mr. Dixon discovered the parasite in catarrh and formulated his new treatment, and since then his remedy has become a household word in every country where the English language is spoken. Cures effected by him twenty years ago are cures still, there having been no return of the disease. So high are these remedies valued, and so great is the demand for them, that ignorant imitators have started up everywhere, pretending to destroy a parasite—of which they know nothing—by remedies the results of the application of which they are equally ignorant. Mr. Dixon's remedy is applied only once in two weeks, and from one to three applications effect a permanent cure in the most aggravated cases. N.B.—For catarrhal troubles peculiar to females this remedy is a specific. Mr. Dixon sends a pamphlet describing his new treatment on the receipt of ten cents in stamps. The address is A. H. Dixon & Son, 323 King Street West, Toronto, Canada.—Scientific American.

**Allen's Lung Balsam**

**Household Hints.**

**FOR CATARRH.**—A gargle of hot water and a small quantity of table salt is very good for catarrhal troubles.

**DR. HARRIS, of Middlebury, Vt.,** says: "I had been troubled with Bronchitis for two years, so affecting the organs of speech that I could not speak aloud for six weeks. I had with it a severe cough and cold night sweats. I took two bottles of Allen's Lung Balsam, and am entirely cured."

**TURNIJS, FRIED.**—Peel and slice thin, then put in the frying-pan with two or three spoonfuls of meat gravy, salt and pepper to the taste, cover tight and fry slowly, or if in a hurry so they can't steam tender, add a spoonful or so of water occasionally as you stir them, cook until tender and browned a light brown.

**How Absurd**  
for people to ruin their health with unwholesome food. The food prepared with Imperial Cream Tartar Baking Powder is wholesome.

**A SMALL PLUM PUDDING.**—Small as this pudding is, a small family will be able to put away half of it for New Year's day. Pour a large cup of milk over a pound of bread-crumbs, and let them remain for an hour; beat in four ounces of sugar and half a pound each of suet and raisins; add the grated rind and juice of a lemon, and four beaten eggs. Boil five hours.

**For Nervous Prostration**  
Use Horsford's Acid Phosphate.  
**DR. W. L. GRAVES, Northfield, Minn.,** says: "I have used it in cases of nervous prostration, and also in combination with other remedies in indigestion, it has proved as satisfactory as could be expected."

**NEVER** enter a sick room in a state of perspiration, as the moment you become cold your pores absorb. Do not approach contagious diseases with an empty stomach, nor sit between the sick and a fire, because the heat attracts the vapour.

**CHRISTMAS CAKES.**—Take four pints of Orleans molasses, three pints of shortening, one and three-quarter pints of sugar, four tablespoonsful of ground cinnamon, two tablespoonsful of ground coriander seed, two tablespoonsful of ground orange peel, one tablespoonful of ground allspice, one tablespoonful of ground cloves, one teaspoonful of soda dissolved in a little vinegar, one-half teaspoonful each of salt and black pepper. Warm the molasses, add the shortening, then the spices and flour to stiffen enough to roll. Let the dough stand for four or five days in a cool place, then roll thin and cut out with fancy cutters and bake in a moderate oven. They improve with age.

Mingard's Liniment is used by physicians.

**TO MAKE SAUER KRAUT.**—Have a tight and perfectly sweet barrel. Shave into it about half a bushel of cabbage, and with a long handled mallet pound it until the juice can be readily squeezed out in the hand. Sprinkle a handful of salt over it, then put in another layer of cabbage, pound and sprinkle it with salt, and proceed in this way until the desired quantity is packed. One quart of salt is sufficient for a barrel—no water is necessary. If the cabbage is sufficiently pounded there will be plenty of juice. Put a heavy weight on it, and let it stand in a warm place until it ferments; then put it in a cool place. When using take out evenly and keep it well covered. Sauer kraut is the ensilage for human stock.

**DR. WISTAR'S WILD CHERRY BALSAM.**—This Balsamic compound has become a home fixture. Let all who suffer, and have in vain attempted to cure their coughs, colds, bronchial or pulmonary complaints, make use of this unequalled remedy.

**PUMPKIN PIE.**—Take an ordinary sugar pumpkin, cook this carefully and slowly for two hours; many cook shell and all. Add as little water as possible to keep from burning. Rub through a sieve, use two cups of pumpkin, one pint of milk; milk for pumpkin, squash and custard is much richer and nicer if it is first boiled, rose water may be used if desired in small quantity, one drop for one pie, if ginger is used all other flavouring should be omitted. It is desirable to have pumpkin pies dark, and squash pies delicate in colour. One-fourth cup of molasses one-half teaspoonful cinnamon, three-fourths teaspoonful nutmeg, one teaspoonful salt, three-fourths cup brown sugar, two eggs; never beat eggs much for pie or pudding, beat with a spoon rather than an egg-beater and just enough to mix.

**DR. HARVEY'S SOUTHERN RED PINE** for coughs and colds is the most reliable and perfect cough medicine in the market. For sale everywhere.
