Summer Time Suggestions

Do not put your Antiphlogistine can away in the summer. Besides now and then in a case of pneumonia, there will be many other uses for it.

- First* - Bruises, sprains, baseball fingers, etc.
- Second* - Stings and bites of insects and reptiles.
- Third* - Sunburn.
- Fourth* - Poison Ivy, etc. (Dermatitis Venenata).
- Fifth* - Inflamed wounds from fireworks or firearms.
- Sixth* - Applied to the abdomen for the relief of colic in children and adults.

N. B. Be sure and take a can with you on your vacation, you may find it very useful when far from a drug store.
