CORRECT MANNERS HOW TO BEHAVE IN SOCIETY
Clear and concise directions for correct manners and usages of polite society. Many people have been misjudged for years simply because they had neglected to perform some little polite act at the proper time; many young men and women have lost the opportunities of a lifetime on account of their ignorance of some trifling customary rule of society. Ye Stocks

IN

Toronto

(They used to stand on the green opposite St. James' Cathedral.) From the printed statements of various Building and Loan Associations in this city and elsewhere, we note that they estimate stock to mature in from seven and a half to ten years, and that a monthly payment of from \$6.00 to \$10.00 for that period will produce \$1,000, provided the owner of the shares both lives and pays.

The Manufacturers' Life will guarantee to a man aged 30 for a premium of \$8.00 per month an endowment policy for \$1,000, which will mature in ten years, with profits estimated to amount to one-fifth of its face value, and should the death of the investor occur before maturity (ten years), the policy will mature at once for its full face value of \$1,000.
