

TABLE OF CONTENTS

5.0	TECHNOLOGICAL IMPLICATIONS OF RETROFITTING EXISTING LANDMINES IN CANADIAN FORCES INVENTORY	15
5.1	Anti-Personnel Mines in Canadian Forces Inventory	15
5.1.1	Single Impulse Pressure fused Anti-Personnel Mine C3/C3A1	15
5.1.2	Pull fused or Pressure fused Anti-Personnel Mine M16	17
5.1.3	Remote Command fused Anti-Personnel Mine M18A1	17
5.2	Anti-Tank Mines in Canadian Forces Inventory	18
5.2.1	Single Impulse Pressure fused Anti-Tank Mine Mk7A1	18
5.2.2	Single or Double Impulse Pressure fused Anti-Tank Mine M15 ...	18
5.2.3	Tilt Rod fused Anti-Tank Mine M21	19
5.2.4	Single Impulse Pressure fused Anti-Tank Mine DM21	20
6.0	TECHNOLOGICAL IMPLICATIONS ASSOCIATED WITH RETROFITTING OF EXISTING LANDMINES WORLDWIDE	21
6.1	Anti-Personnel Mines	21
6.1.1	Single Impulse Pressure fused Anti-Personnel Mines	21
6.1.2	Pull fused Anti-Personnel Mines	22
6.2	Anti-Tank Mines	23
6.2.1	Single and Double Impulse Pressure fused Anti-Tank Mines	23
6.2.2	Tilt Rod fused Anti-Tank Mines	24
6.2.3	Magnetic, Acoustic or Seismic Influence fused Anti-Tank Mines ..	24
6.3	Remotely Delivered Mines	25
6.4	Other Devices	25
7.0	COST IMPLICATIONS OF RETROFITTING EXISTING LANDMINES	27
7.1	Anti-Personnel Mines	27
7.1.1	Single Impulse Pressure fused Anti-Personnel Mines	27
7.1.2	Pull fused Anti-Personnel Mines	27
7.1.3	Remote Command fused Anti-Personnel Mines	28
7.2	Anti-Tank Mines	28
7.2.1	Single or Double Impulse Pressure fused Anti-Tank Mines	28
7.2.2	Tilt Rod fused Anti-Tank Mines	28
