

ARTICLE XXIII

Passage Entitlement

57. For the purpose of this Article, the family of a member is defined as his wife and dependent children normally resident in his household.

58. The Government of Ghana agrees to provide:

- (a) return transportation for members and their families between London (England) and the station in Ghana at the beginning and the end of residential service;
- (b) return transportation for all members and their families on leave provided for in paragraph 49 of Article XIX between their station in Ghana and London or the designated leave centre or equivalent in accordance with Canadian military leave-related entitlements;
- (c) return transportation for any member granted compassionate leave under paragraph 51, Article XIX of this Agreement, from his station in Ghana to Montreal;
- (d) return transportation for those persons who come within the terms of paragraph 70 of Article XXIX between London and the station in Ghana once a year; and
- (e) normal travel expenses applicable to the Canadian Forces travelling abroad to all passengers entitled to transportation under this paragraph.

59. All transportation under this Article is to be by air by the most direct and most direct and most economical route.

60. The Government of Canada agrees to provide transportation and related benefits payable in accordance with Canadian regulations for those portions of travel to and from Ghana not covered by paragraph 58.

ARTICLE XXIV

Removal

61. The Government of Canada agrees to provide benefits payable under Canadian regulations in respect of dislocation expenses, movement and storage of furniture and effects, and for shipment of excess baggage and shipment of a private motor vehicle not specifically covered in paragraphs 62 and 63 of this Agreement.

ARTICLE XXV

Baggage Allowance

62. The Government of Ghana agrees to provide to each member and his family entitled to transportation under Article XXIII a baggage allowance as follows:

- (a) free conveyance by air and personal baggage as appropriate for the class of air travel and, in addition, 45 kilograms per adult passenger by air freight;
- (b) transportation by sea of unaccompanied baggage at the rate of seven shipping tons per family exclusive of the member's motor vehicle; and
