CORNWALL.

9<sup>th</sup> December, 1920.

Dear Sir,

I hope to be able to arrange to visit eastern Canada and adjacent American States in the summer of next year, with the object of acquiring information on points of mining education and on the mining methods in vogue, and I am wondering if you would mind letting me know if I shall, as a visitor, have any difficulty in obtaining permission to see over mining colleges and mines for the above purposes. It is hardly likely that I shall have
