GENERAL SESSIONS OF THE PEACE,  
Monday, April 30, 1810.

ADDITIONAL REGULATION OF POLICE, RESPECTING  
THE MARKETS IN THE CITY OF MONTREAL.

---

**T**HE Justices having observed, for  
some time past, that a great number of persons have been in  
the habit of bringing provisions and divers other articles to the  
Markets in this City on Wednesdays, and thinking that it would  
tend to the public benefit if another market day were established,  
besides the three days in each week fixed by the Regulations of  
Police. It is, therefore, ordered that Wednesday in each week  
shall, in future, be considered as a public market day, and that  
all persons who may bring articles to either of the Markets of  
this City, on the said day, shall be subject to the existing regu-  
lations respecting the said Markets.

By the Court,

J. REID, Ck. P.

The foregoing regulation hath been taken into consideration  
by the Justices of His Majesty's Court of King's Bench for the  
District of Montreal, during the sitting of the said Court on  
the present term of June 1810, and by them approved and  
confirmed.

J. REID, Proth'r. K. B.
