### Modern Dancing by the Castles

Read a noted physician's views of dancing. Claims it is an import-Read'a noted physician's views of dancing. Claims it is an important health measure. Dr. J. Ralph Jacoby, one of New York's prominent physicians, has prepared a very valuable and instructive article on "Dancing and Health" for that great book on modern society dancing, by the two famous Castles, which we are now distributing to our readers. His views are exceedingly important to the mothers and fathers of the country, and this contribution should be read by every one of them. Alone, it is worth our trifling distribution cost. The work to which we refer entitled "Modern Dancing" is the last word on the which we refer, entitled "Modern Dancing," is the last word on the modern dance. The authors, Mr. and Mrs. Vernon Castle, are probably the greatest dancers of fashionable dances in the world today. They have taught the leaders of rashionable dances in the world today. They have taught the leaders of society in New York, have had pupils exclusively under their instruction from all parts of the country and have at last concluded to embody the principles underlying their wonderful work in book form. The book is just off the press, is illustrated by actual moving pictures taken from themselves, and the instructions are so simple and clear than any one can learn to dance in the most approved and refined methods with the greatest case. in flesh tints and costumes in color.
