population as reported by the Local Superintendents for 1867, and I have no more generally accurate statistics of a late date. From 1862 to 1865, the census of 1861 was the basis; but the large increase of population in some localities necessitated another standard for the last two years.

Where Roman Catholic Separate Schools exist, the sum apportioned to the Municipality has been divided between the Common and Separate Schools therein, according to the average attendance of pupils at both classes of Schools during last year, as reported and certified by the Trustees.

The mode of paying these grants has been altered since last year. They will now be paid by the Hon. the Provincial Treasurer on the certificate of the Chief Superintendent. These certificates will issue immediately in favour of those Municipalities which have sent in duly audited school accounts and Local Superintendents' reports to this office.

I trust that the liberality of your Council will be increased in proportion to the growing necessity and importance of providing for the sound and thorough education of all the youth of the land.

I am, Sir, your obedient servant,

E. RYERSON.
