PURE WATER AT THE EXHIBITION.
Visitors at the exhibition are assured of absolute pure drinking water. The public fountains at the entrances of the manufacturers, horticultural and process buildings have all been equipped with a battery of Jarvis' Sanitary Filters. The natural stone cylinders are cleaned daily and kept at a constant temperature. A stream of crystal purity and delivers water absolutely free from the dangerous typhoid germ. The Jarvis' Sanitary Filter has a neat exterior and is a masterpiece of art. The exhibit at the Roman Stone Fountain on the roadway to machinery hall. Everyone should see their display.

DENIES HORSE THEFT
Says Charge was Trumped Up Against Him by Spiteful Relatives.

The Jarvis' Sanitary Filter has a neat exterior and is a masterpiece of art. The exhibit at the Roman Stone Fountain on the roadway to machinery hall. Everyone should see their display.

SCOTTISH ENTERPRISE.
Dunfermline, famed as the burial place of Scottish Kings, is about to inaugurate a town planning scheme to an extent never before attempted. The establishment of a naval base at Rosyth, on the Firth of Forth, is responsible for the enterprise of the older Scottish town.

WERE WELL ORGANIZED.
Those who remember the great dock strike of twenty years ago, the leader in which, John Burns, is now a cabinet minister, lead with grave concern the recent order of the strike committee to the men to quit work. The strike of 1891 completely paralyzed the port of London, and worse still, drove away trade which has ever returned. Antwerp, according to the English view, owes its growth largely to the London strike of that year. The Bristol docks, the Mistsors tendered, the thanks of their colleagues in Bristol for the benefits which had resulted from the British merchants' Canadian trip last year.

Woman Broke Quarantine.
The fact that she had a scarlet fever placard on her front door and was several times told to stay behind it, didn't prevent Mrs. Gurofsky of Market-st. from moving around the street and allowing her children to do the same. Consequently, Mrs. Gurofsky will have to appear in police court to answer the charge of breaking quarantine.

Exhibition Notes

See the Glass Blowers.
The wonderful dexterity with which the most beautiful objects of art are made from tube glass by O. H. Johns' company of glass blowers is the feature of the midway this year, as in previous years. Your visit to the exhibition is not complete until you visit the glass blowers and see for yourself their artistic work.

Good Meals at Bird's.
When at the exhibition eat at Bird's dining hall, directly behind the grand stand. There is no waiting. Seven hundred can be easily accommodated in the cool, spacious dining hall. "All you can eat" is the motto, and a quarter pays the bill. Take your friends to Bird's and enjoy a full course meal at a popular price.

Nasmith's Dining Hall.
Because of the increasing demand for a high-class meal at the exhibition, Nasmiths have added to their dining-room this year over 100 more seats, allowing over 500 to be seated at once. By serving only one class of meat a better service can also be given. Their dining-room, which is located at the west end of the grand stand, is the largest, lightest and cleanest on the grounds.

Wonderful Readings.
The palmistry parlors of Madame Baxter's company of fortune tellers continue to draw the great patronage they so much deserve. There is no mystery in the life of man that cannot be disclosed by these wonderful palmists. Pay them a visit and be convinced.

Brown's for Dinner.
That's the slogan of the exhibitors who are on the ground; and if you take
