Autumn Modes Are In. World Pattern Department

Whatever doubts, hopes or fears may have been entertained during the past six weeks regarding the possible styles for fall wear, all uncertainty is over now. Very decided, original and yet pleasing are the unmistakably new materials and patterns now being hown in millinery and tailoring openings all over the city. A short sumings all over the city. A short sum-mary of prevailing styles, by an ex-pert, who has recently been in rrance and Germany, may give our readers the best idea of the new clothes. In the first place, "tailored" is the law for suits, and "middle" length the mode for the coats, tho shorter are very popular. Materials vary greatly. There is the smooth cloth and the tweed, and for the latter datame Bloem of King-street took no less than 18 orders between "I p.m. and 5 p.m. of a single day. Of course, tho this de

any further claim in connection with masonry, stonework, etc., should be referred to a commissioner with full power to make enquiry, collect evi-dence and submit a report." These were the sentiments of Ald. R. H. Graham, anent Architect E. J. Lennox's little bill, as expressed at the close of yesterday's ten minute session of the civic property commit-tee. The alderman added afterwards that he considered the duties of a com-missioner should naturally fall to the lot of Judge Winchester, as county judge. DEATHS IN THE CITY.
