HOFBRAU As a preparation of malt and hops, combined with the least percentage of alcohol, Hofbrau stands first. True Hofbrau has been supplied and bottled in many respectable (9) concerns, but it will stand as the leading malt extract of the world. Nothing more wholesome can be found for the convalescent, the invalid, the nursing mother or the bon vivant, or any who may require a helpful, healthy and hearty malt tonic. Try it. It is a drink, yet you can get it at any first-class drug store. Wine and liquor merchants all keep it.

WHEAT RALLIED A LITTLE, But the Feeling of the Market is Still Bearish. There is a comparatively large visible world's supply—harvesting has begun in the Western States—cheap French flour for British markets—Gossip.

United States Hog-Packing. The United States hog-packing season recently ended was a record-breaker. No fewer than 20,000,000 hogs went through the Western packing establishments during the year, and when they reappeared it was in the converted form of lard, pork, bacon and hams to the aggregate amount of 3,220,000,000 pounds. This is by far the greatest output, the previous best record being in the preceding year, when 17,000,000 hogs were treated, yielding 2,310,000,000 pounds in products. The price paid for the hogs in their packed condition this year was \$10.00, or an average of \$8.75 per hog, against \$13,000,000, or \$7.00 for each hog last year.
