Rich Find on Rosalind Group Reported From Sault Ste. Marie.

Sautt Ste. Marie. Oct. 11.—Word nas just been received from Michiplecton of a big strike recently made on the Rosalind claim, owned by the Superior Gold & Copper Campany, in which Toronto capitalists are interested. This property lies north west of Lake Wawa and was among the first discovered in the camp. The group comprises five claims, covering a large lode, the largest surface showing in the section. This lede is in a contact of diorite and quartz porphiry and forms in many places the perpendicular wall of a steep cliff and can be plainly traced for over half at mile. The quartz is milk white in color and fine in texture, but the expense are addish appearance. Intrusions or chloritic schists occur throughout the quartz and these occurrences in this district are associated with big showings of free gold, No free gold, however, and been discovered on the Rosaling out of the comping was blown off when work commenced. The weathered quartz, allowever, showed on the surface from \$4\$ to \$9\$ in gold. As soon as the first few shots were put in colors began to appear in the form of wire and lags colds.

put in colors began to appear in the for of wire and leaf gold and the proper promises to be a wonder. The gold is we distributed throughout the quartz and the first has occasioned considerable excit ment. The Rosalind adjoins the Tremb claims, upon which the bigget should

claims, upon which the biggest showle ever found in camp was discovered, as the lode is supposed to be the same. O Western miners say that nothing superi-to this showing can be found in the Wes and that a strike like that made on the Rosalind would create on the Pacific Coa a stampede for the district.

Charles Lafferty, Anderson, assigned F. H. Macpherson.
Wesley Tennant. contractor. Mers
Township, assigned to Isaac L. Tennant

There are many people who catch cold easily—whose lungs seem to need special care and

strengthening. Such should take NORWAY PINE SYRUP.

It so heals and invigorates the Lungs and Bronchial Tubes as to D render them capable of resisting

"I was troubled for years with weak lungs," says E. J. Furling, Lower Woodstock, N. B., "and could not get any relief, but on trying Dr. Wood's Norway Pine Syrup, it acted splendidly, healing and strengthening my lungs."

Price 25 and 50c. at all dealers.
