Over Five Millions in War Savings Certificates Taken

OTTAWA, March 27.—Through the agency of the banks and the postoffices, approximately 75,000 war savings certificates have been sold to date. It is only slightly over nine weeks since these securities were first placed on the market, yet in that time over five million dollars have been realized by the sale. In making this statement Sir Thomas White pointed out that the new certificates were well patronized during the period of the war loan. Daily sales ran as high as \$150,000, and the average was well over \$100,000. Large corporations continue to take steps to interest their employees in the advisability of investing their surplus earnings in the war savings certificates. One firm has advised the department that by introducing a scheme of pay deductions in one month the employees pledged themselves to purchase certificates aggregating \$25,000. rchase certificates aggregating

removes the disease, and thereby brings comfort in the place of prolonged misery. It has been sold by druggists for nearly 50 years, in fluid form, at \$1.00 per bottle, giving general satisfaction. writes:

"The foreground of interest still lies in the situation on the western front. From a purely military standpoint, I must say that for the time being no change need be expected. Political considerations, which our military authorities must take into account, will probably not be influenced by events in Russia. This must be emphasized, because many politicians already see the sun of peace rising in the east, and a peace at that which we are to win through operations of force.

"I cannot speak too Pinkham's Vegetable Compound for inflammation and other weaknesses. I was very irregular and would have terrible pains, so that I could hardly take a step. Sometimes."

I was not cled a precedent which and the Danish authorities regard as odequate to justify reversal of the present policy.

BIG ARMY APPOINTMENT

E. Pinkham's Vegetable Compound, and soon felt a change for the better. I took it until I was in a good healthy condition. It was in a good healthy condition. It recommends the Pinkham remedies to all women as I have used them with such good results."—Mrs. Milford T. Cummings, 322 Harmony street, Penn's Grove, N. J.

Such testimony should be accepted by all women as convincing evidence of the excellence of Lydia E. Pinkham's Vegetable Compound as a remedy for the distressing ills of women such as in the long black hull started on its downward rush to the waters of the Detroit River. Several thousand persons defied the heavy wind to cheer the launching of the newest addition to the flet of the Cleveland Cliffs Iron Company. Limited, Manchest, Eng.

LOANS TO FARMERS EIGHT-HOUR DAY FOR SHOULD BE ADVANCED WHEN THERE IS NEED

L. P. Wigle Sees Flaw in Proposed Bill.

WILL BE CONSIDERED

Act Says Farmer Must Spend Money First, Then Apply for Help.

[Special to The Advertiser.] TORONTO, March 27.-When bill respecting loans for agricultural purposes was in committee in the Legislature today, Hon. Mr. Lucas said the general policy was one of assisting in increased farm production. It was not primarily a financial measure. The policy of agricultural credits had been accepted in practically all the provinces, although some systems were on a different basis. The bill which was being discussed was along fairly conservative lines. ervative lines. In reply to Thomas Marshall (Lincoln he attorney-general said a township rst passed a bylaw saying it wanted come under the farm loan proposito come under the farm loan proposition. The general bylaw would be passed by the council which would authorize proceedings under the act. Then the individual farmer who desired a loan must make on a prescribed form his application showing the purposes of his land, one-half of the loan must be for permanent improvements and the other half may be for such purposes as may be set out and approved by regulations. If the council approves of the application it is passed on to the provincial treasurer.

The Asturias had landed about 900 sick. Those aboard consisted of the crew, members of the medical corps and nurses. The distress signals were answered, and several boatloads of survivors were towed ashore; between three hundred and four hundred were brought in. Many of them were thingly clad, and some were wounded, three of whom died after they were landed. Reprisals to Follow.

It is assumed by the press that the sinking of the hospital ship Asturias will be met with prompt reprisals, in accordance with the declaration issued by the British foreign office at the end of January, when the German threat to sink hospital ships was made on the allegation that such vessels were being used as transports.

rule for 50 years.

Dr. Creelman could give substantial time to the position of agricultural commissioner, but when normal condicommissioner, but when normal conditions arose it might be a question whether Dr. Creelman remain as commissioner or devote himself entirely to the position as principal of the Guelph College.

Dr. Pyne Doesn't Know.

In the Legislature today Hon. Dr. Pyne, minister of education, was insterrogated with reference to the teachin bilingual schools. When the House was dealing with estimates, Thomas Marshall (Lincoln) asked if present conditions were satisfactory. The minister replied that there had been an improvement.

This did not satisfy the Liberal member, who persisted with the query, "are they satisfactory?" Dr. Pyne's reply was, "I cannot say." Mr. Marshall thereupon asked what the Inspectors' reports were and the minister of education answered that he had not the information, but he would get it for the hon. member.

Tunks and a phonograph seized on board a steamship polying between this port and Norway, the police say they found sheets of rubber, and many letters and memoranda written in German. The trunk had secret compartments. Those arrested were: Joseph Newman, an exporter, of this city; Oscar M. Newman, his brother; Ragnvald R. Hanssen, chief steward of the steamship, and William Henn.

The defendants were arraigned before a United States commissioner late today, and each heald in \$3,000 bail for examination on April 3.
