SIR EDWARD OPTIMISTIC

British Investors Heading For Can-  
ada This Year.

MONTREAL, May 2.—(Special.)—Sir  
Edward Clouston, Bart., vice-presi-  
dent and general manager of the Bank  
of Montreal, returned from Europe to-  
day and announces that a good num-  
ber of British investors and Canada  
will come over to Canada this  
summer. He believes that the recent  
imperial budget will have a marked  
influence in directing a good deal of  
capital holdings here.

Sir Edward said that Lord Strath-  
cona had recently accepted the presi-  
dency of the Anglo-Persian Oil Co., a  
large enterprise recently floated in  
London, the issue being subscribed  
from eight to ten times over.

SCORED HIGHER CRITICS

Rev. J. E. Starr Lets Fly Some Sharp  
Shafts of Censure.

Rev. J. E. Starr, pastor of Berkeley-  
street Methodist church, gave the  
higher critics an uncomfortable half  
hour in his sermon last night.

The speaker likened their interpre-  
tation of things Scriptural to King  
Jehoiakim's use of the knife in the  
Bible. He wondered if they would be  
surprised to be told that their advanced  
thought was antedated 300 years ago  
in the "Psalms of David."

"They call it advanced thought and  
rational Christianity, but it's rational  
nonsense," said Rev. Mr. Starr.

Reception to Edmund Briel.

Edmund Briel, M.P., was tendered  
a reception by the Church and South  
Toronto Conservative Club on Satur-  
day night. Mr. Cowan, M.P., Van-  
derwerf, and Mr. Bradbury, M.P., Sel-  
kirk, addressed the club on imperial  
defence.

Sergeant William Geddes is now in  
charge of the police department at  
West Toronto, lately annexed to the  
city.

MANY DON'T KNOW  
HEART AFFECTED.

More People than Aware of It  
Have Heart Disease.

"If examinations were made of every  
one, people would be surprised at the num-  
ber of persons walking about suffering from  
heart disease."

This startling statement was made by a  
doctor at a recent inquest. "I should not  
like to say that heart disease is as common  
as this would imply," said the expert,  
"but I am sure that the number of persons  
going about with weak hearts must be very  
large."

Hundreds of people go about their daily  
work on the verge of death, and yet do not  
know it. It is only when the shock comes  
that kills them that the unsuspected weak-  
ness of the heart is made apparent.

"But undoubtedly heart weakness, not  
disease, is more prevalent nowadays. I  
should think that the stress of living, the  
wear and tear of modern business life,  
have a lot to do with heart trouble."

There is no doubt but that this is correct,  
and we would strongly advise any one  
suffering in any way from heart trouble to  
take a course of Miller's Heart and Nerve  
Pills.

Price 50 cts. per box or 3 boxes for \$1.25,  
at all dealers or will be mailed direct on  
receipt of price by The T. Milburn Co.,  
Limited, Toronto, Ont.

PLUTTERING OF THE HEART.

Mrs. G. M. White, Williamstown, N.B.,  
writes: "I was troubled with weak spells and  
fluttering of the heart. I was so bad I could  
scarcely lie down in bed. I prepared a box of  
Miller's Heart and Nerve Pills and they  
helped me so much I got another box and it  
has made a final cure. I cannot speak too  
highly of them. I think they are worth their  
weight in gold."

Assaulted By Roomers.

"Covered with blood from head to foot  
and with his face terribly battered,"  
John O'Malley was rescued by P. C.  
Leask early Sunday morning from two  
roomers at 346 East King-street.  
The officer arrived on the scene in  
response to a call from Mrs. O'Malley.

O'Malley's assailants, Matthew Murphy  
and Hugh Mallory, were arrested, and  
O'Malley was sent to the General  
Hospital, where nine stitches were put  
in his scalp.

It is believed that O'Malley, who went  
to the room of his assailants, was  
pounced upon, knocked to the floor  
and finally hurried headforemost thru  
the glass door of the vestibule. The  
assailants were about to renew the at-  
tack when the officer appeared.

Canada's Duty.  
It is no wonder that the Rev. Mr.  
Luke, xli, 21: "When a strong man,  
armed, keeps his palace, his goods are  
in peace." It was necessary at the  
present time to dwell on the great  
thought that to secure the homes and  
the wealth of the country, it must have  
strong men, well armed. Interest in  
the strength of the naval and military  
forces was very keen in Great Britain,  
and for this reason it was necessary  
that Canada should come to some de-  
cision as to its attitude. The question  
was: What was Canada going to do  
for the empire under whose protection  
it enjoyed happiness and prosperity?
