

Through the liberality of the Parent Society, we are enabled this year to have another Bible Woman labouring among the French population.

To all who realize the importance of this branch of the work this is a cause for deepest gratitude. We have been fortunate in securing the services of a former French Bible Woman, who will thus bring to the work knowledge derived from past experience. The only change we have to report is the resignation of our Bible Woman in South Point St. Charles, who laboured faithfully for so many years in that district, and still shows her continued interest by giving her successor every assistance in her power.

The Association is indebted to the exertions of its Honorary Treasurer, Miss Isabella MacIntosh, for securing the aid of several zealous and efficient Lady Collectors, who have succeeded in reviving the interest of many in the work, and in considerably increasing the amount of the collections. The cordial thanks of the Association are due to these voluntary labourers in the good cause.

All of which is respectfully submitted on behalf of your Committee.
