"The Brat," A Broadway Production

Wednesday and Thursday, November 7th and 8th, Maude Fulton's laughing success, "The Brat," is to be presented at Imperial Theatre in this city. It is a wholesome comedy bubbling with mirth and laughter and a love interest that touches the heart. The story tells of Macmillan Forester, a cringing self-centered neologist who runs short of material for a book he is writing. Searching for types he discovers a young girl in the night, drunkness and uselessness, owing to the nagging of his mother and brother. In so doing she works out her own salvation, and she and Stephen leave hand in hand for his ranch in Wyoming with the bright and happy future before them. Rea Martin, the well-known little actress, who so cleverly portrayed Peg in "Peg O' My Heart," plays the title role of "the brat." Miss Martin far surpasses all her previous efforts in this splendid part. In her support are the following people: Burt L. Robinson, Arthur La Rue, Arthur Pace-Ripple, Edwin Burke, Leonard Gault, Dorothy Baldwin, and Vivian Suckling. The production is not a motion picture and the company to be seen here will come direct from the Harris Theatre, New York, via Portland and Bangor. Tickets \$1.00, \$1.50, and \$2.00. Matinee at the Imperial box office.

The specialties will be LeRoy & Harvey in a bright western cowboy sketch entitled "Rained In." Al. H. Burton's "Song Revue" serial, and last, but not least, Eddie Polo in Chapter 2 of the new dramatic serial, "The Gray Ghost," an adaptation of the famous Saturday Evening Post story, "Lost." Two complete performances tonight, at 7.30 and 9. Every afternoon next week, at 2.30. No change in prices—the same little figures for all seats.

GEM'S FINE BILL CALLS YOU TONIGHT WITH STRONG APPEAL

Fun rampant describes the production in which George Walsh appears for William Fox, "The Book Agent," which will be shown at the Gem Theatre tonight. George takes the part of a wandering peddler of books. It's a daisy picture. The vaudeville is also alluring. See ad. on page 16.

FOOD SOURING IN STOMACH CAUSES INDIGESTION, GAS

"Papae's Diapepsin" Ends All Stomach Distress in Five Minutes

Wonder what upset your stomach— which portion of the food did the damage—do not worry, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizziness and aches, belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Papae's Diapepsin and in five minutes you will be free of the indigestion and distress.

Millions of men and women today know that it is useless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without worry.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Papae's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with an indolent stomach; it's so unnecessary.

BLOOD-MAKING MEDICINE

It took centuries for medical science to discover that the blood is the life. Now, it is known that if the blood were always abundant, rich and pure, very few people would ever be ill. It was not until the end of the 19th century that an instrument was invented for measuring the red part of the blood. Then doctors could tell just how anemic a patient had become, and with medicine to make new blood the patient soon got well.

All the blood in the body is nourished and kept rich and red by the food taken daily, but when, for any reason, a person is run down and cannot make sufficient blood from the food to keep the body in health, then a blood-making medicine is required. The simplest and very best of blood-makers suitable for home use by anyone, is Dr. Williams' Pink Pills. When a course of these pills is taken their good effect is soon shown in improved appetite, stronger nerves, a sound digestion and an ability to master your work and enjoy leisure hours. For women there is a prompt relief of the oppression of ailments which make life a burden. As an all-round medicine for the cure of ailments due to weak, stringy blood, no medicine discovered by medical science can equal Dr. Williams' Pink Pills. You can get these pills through any dealer in medicines or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Hark, Hark, Hark (Shubert). Miss Gibbon. Part II. When Earth's Last Picture is Painted (Words by Kipling, music by Dale). Miss Gibbon and Miss Bayard. Value in E. M. ... (Moszkowski). Idillio ... (Lack). Miss Bayard.

Act I of Behind the Beyond (Leacock). The Helland Men. Miss Gibbon. The Western Farmer. Miss Gibbon. God Save the King.

CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED

"California Syrup of Figs" Can't Harm Tender Stomach or Bowels

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, when they get sluggish stomachs, look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat, look at the tongue, mother! A thorough "inside cleansing" is often all that is necessary. It should be the first treatment given in any case.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is by the "California Fig Syrup Company."

THE BEST QUALITY AT A REASONABLE PRICE

Will Your Child Develop Nearsight? Myopia—"near-sightedness"—is usually an acquired condition. It is caused by excessive use of the eyes while they are growing. It becomes noticeable between the ages of 10 and 16, and unless corrected, continues to grow until about the age of 25 years.

Use of glasses for a few years in childhood may prevent nearsightedness requiring glasses throughout life. You ought to have Sharpe's optometrist examine your child's eyes now.

PRINCIPAL MYLES WRITES OF THE FOOTBALL MATTER

High School, St. John, N. B., Oct. 27, 1917. To the Editor of The Times:—

Sir,—Kindly allow me to correct the statement appearing in this morning's papers that the High School graduating class was forbidden by me to hold their school social last evening in the Y. M. C. A. building. I was allowed to believe the football game between Fredericton High School and our High School was to be played in the firemen's park, Fairville, at 6 o'clock and I made announcement to that effect at the morning recess to all the boys of the school. When I learned in the afternoon that the game was being taken place at Rothersey and that over forty boys of the school had informed themselves on that account, I alerted the members of the graduating class who were co-operating with the club to be aware because of my action and the Y. M. C. A. authorities stated that in the absence of the teachers their building was not available for a school function. Thus the social gathering as planned by the teachers and pupils of grade eleven failed to take place.

W. J. S. MYLES, Principal.

CANADIANS STILL HARD AT IT LAST NIGHT (Continued from page 1.) All the attacks yesterday were launched under the most trying conditions imaginable. The ground had been partly dried by several days of sunshine and wind, but it again began to rain at midnight and dawn found the ground in extremely difficult condition. In many places the troops were faced with impassable morasses around which they had to make their way, wallowing in mud up to their knees while slipping into water filled shell holes, neck deep. They went forward, however, with a determined spirit, these men of France, of Canada, of the British Isles, and other parts of the British empire.

A small party of Poles added a spectacular touch to the operations after the main body had rested on the new line. Just in front of them was a marsh through which flowed a small stream. Some infantrymen waded across the ground in water up to their necks and forced the Hibou Farm, northwest of Draehbank, to surrender. It seemed doubtful whether they would be able to hold this isolated place, but they were in it at the last reports.

N. S. LUMBER BOUGHT A large quantity of the lumber being used on the buildings being erected in Fredericton for the Military Hospitals Commission was brought from Amherst. The contractors claim that they were able to purchase planned and matched hemlock boards landed here for \$7 per thousand cheaper than the local mills would supply them. It is said that an order for half a million feet has been filled.

Death of Young Woman Fredericton, N. B., Oct. 27.—Miss Mildred Estabrook, daughter of Mr. and Mrs. Rainford Estabrook, of Barker's Point, died this morning, aged twenty-six.

FIFTY MORE WANTED Orders have been received by Major Evans commanding officer of the 68th Battalion at Woodstock that he could take on the strength of his unit fifty more recruits.

Chas. F. Keary Dead. London, Oct. 27.—Charles F. Keary, novelist and writer, died on Friday. In addition to writing fiction he was the author of works on history and philology. He also wrote on antiquarian subjects, and was formerly on the staff of the British Museum.

R. Z. Walker of Fredericton, father of a boy who was seriously injured at yesterday's football match at Rothersey, arrived in the city this morning and is at the Dufferin. The lad's mother came last night and is at the hospital with her son.
