PROCEEDS OF FAIR MAY REACH \$18,000

Hope Chest Drawing Nov. 13; Automobile One Week Later

The net proceeds of the recent fair, in aid of the New Brunswick Protestant Orphanage, will amount to about \$18,000 it was reported by the chairman, W. M. Campbell, at the meeting of the directors of the orphanage held yesterday afternoon in the Pythian Castle, with the first vice-president, J. W. Brittain, presiding, in the absence of D. C. Clark. Mr. Campbell stated that the drawing for the hope chest in connection with the fair would take place on Saturday, Nov. 13, at the evening performance in the Imperial Theatre and that the drawing for the automobile will take place at the same place on the following Saturday evening. It has not been possible to hold these drawings earlier as ticket returns have not yet been made. Much satisfaction was expressed at the good yield of the farm crops at the orphanage. Field crops and roots to the value of \$2,170, a conservative estimate, had been harvested and in addition there had been much small fruits and vegetables grown for consumption at the home. There are now 208 children in the two institutions and the health was reported excellent. Finances were still a serious consideration and it was hoped that the collections in the Protestant churches during November would bring in a substantial sum for the maintenance fund.

BUILDINGS IN ERIN ST. SUFFER IN NIGHT BLAZE

Roofs Burned of House, Shed and Barn—Furniture Ruined

Considerable damage by fire and water caused last night to a three story dwelling at 105 Erin street, owned by John Garnett, and occupied by Samuel Spragg, Alfred McCullough and J. Axel, also a shed adjoining the house, owned by Thomas J. McKenney, 107 Erin street, and a barn next to the McKenney shed, owned by Mary A. Hallihan, who resides at 20 Hanover street.

The roofs of the three buildings were burnt off and damage done to the sides

ORIGIN UNKNOWN

The origin of the fire is unknown and is supposed to have started in the upper part of the McKenney property which joins onto the Garnett dwelling. The flames burst through the roof before it was discovered by the firemen about 10 o'clock. He immediately notified Mr. McKenney, who in turn called on Thomas Mallett to send in an alarm from box 16, on the corner of Prince Edward and Hanover streets. The firemen made a quick response and on their arrival found that the blaze from the McKenney property had caught the roof of the Garnett house to the south, and also the roof of the Hallihan barn on the north. Chief Vaughan soon had streams of water working on the front, rear and sides of the buildings, and while the chief had the fire under control, the firemen were obliged to do considerable cutting and tearing in sections of the roofs. The upper part of the three buildings were demolished, while smoke and water damaged the contents of the lower sections.

CONTENTS DESTROYED

The furnishings of the upper flats of the Garnett building, occupied by Messrs. Axel and McCullough, were destroyed, while nearly all of the furniture owned by Mr. Spragg on the ground floor, was removed by members of the Salvage Corps, while other articles left on the floor were salvaged by rubber covers which kept the water off.

HENS RESCUED

Mrs. Hallihan had a hen house adjoining her barn and, with the help of some neighbors, she was able to save a large number, which were carried to her home and placed in the parlor. The hen house was not damaged, and the firemen left the scene, the hens were returned to their quarters.

MANY AT OPENING OF EAST END CLUB

More Than 75 Present as Season's Activities Are Commenced

The East End Boys' Club got away to a splendid start last evening and the opening was declared to have been one of the most successful in recent years. The large room in the Victoria Rink building has been put in fairly good shape and last evening there were present 75 and 90 boys present at the opening of the season's activities. A feature of the gathering was the noticeable number of "big boys" present, who have been constant members of the club since the early days down the corner of Prince Edward and Union street. "They were little boys then," declared one of those present as an invited guest last evening. "but they are big fellows now. They still love the club."

SAINT JOHN SINGERS

As Hiram Sees It

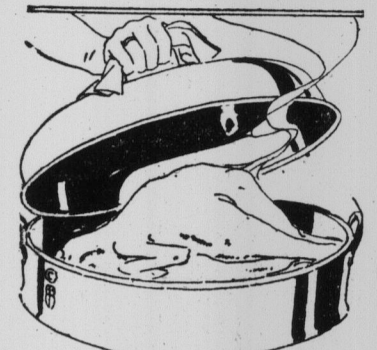

"There goes a craft loaded with lumber," says I to the town feller, platin' to the patch 'o' moonlight on Long Reach. "It's says he, 'is the ghost 'o' the fast cargo 'o' sawed lumber that ever went down Long Reach. That 'ud be 'two hundred an' thirty year ago, Louis an' Mathieu d'Amours that owned all the land along the river from around Jimsag to Nashwaak—built a mill somewhere near Nashwaak an' sawed the planks for the noo' fort Governor Villebon built at the mouth 'o' the river. Louis d'Amours owned the land around Jimsag an' that around Nashwaak—an' his brother Mathieu owned all between them two places along the river. They both carried on some farmin' an' he live stock. They had servants, too—an' some 'o' 'em was prisoners like John Gyles an' the colored feller we seen in the moonlight on the river. They was settled on the river as far back as 1686." HIRAM.

EXPECT GOOD SUM

At a special meeting of the conveners of the recent Halloween festival of the Y. W. C. A. that was held yesterday afternoon in the recreation centre returns from that event were handed in. The returns were not all complete but the reports indicated that very satisfactory sum had been realized. This money is to be used to help defray the association's outstanding debt which at present amounts to about \$8,000. Payments are to be made on a percentage basis and each creditor will receive a proportionate share of the festival proceeds.
