## BOARD OF TRADE NOTES

The Dominion Association of Fire Chiefs of Windsor, Ont., have asked the board of trade to endorse a movement for a fire prevention and clean-up week commencing Monday, May 5, "that it may help in reducing Canada's lamentable fire loss, which has reached more than \$8 per capita of our population." It is for the same purpose that J. Grove Smith of the Dominion Conservation Commission, Ottawa, has arranged to address the business men of the city in the board of trade rooms here soon.

The Sydney board of trade advises that it will support daylight saving and that there is every indication that the city will adopt the change.

The post office department has informed the board of trade that upon the opening of the St. Lawrence route mail boats will land maritime province mails at Rimouski, as recommended by the council of the St. John board.

## 'LIGHTS OUT' BUT NONE TO PUT OUT.

Editor Evening Times-Star: Sir—Appropos the burning question of "Time" so prevalent at present I am reminded of a very amusing episode of its initial stages in the old country, having recently returned after three and a half years sojourn in that region of war-saving devices.

We were in camp at Dilgate when the daylight bill was first adopted. It was mid-summer and the beneficent sun prevailed until 10 p. m. but that could not jar the stern course of army discipline. Consequently the buglers ceremoniously paraded and solemnly sounded "lights out" when there was not a light to go out and we were all sitting round our respective tent doors reading. The old adage says time will not wait for any man, but the army goes one better for it will not wait for time, i.e., the sun.

Yours respectfully,  
EX. C. S. M., F. W. S.

## SPOT CASH TO BE RULE IN QUEBEC

Retailers Decided to Abolish Credit System—Start on May 1

Quebec, April 5—The Quebec Retailers' Association, at a meeting last evening, decided to adopt the spot cash system of sale to do away with the credit business in Quebec.

The proper, who sell commodities of life and who are the poorest losses through the credit system will also adopt the same stand. The new spot cash system is to be put in force in Quebec city on May 1.

## Another City Lines up To The Wiesel Cash Policy

The other day we reproduced here the statements contained in an advertisement signed by the leading Halifax Shoe Merchants, in which they pledged themselves to the Cash Selling Policy, doing away with Credit entirely—this for the benefit of their customers.

Coming so closely with the opening of our Halifax store, operating on the Wiesel Cash Policy, it was indeed flattering to have this unsolicited endorsement of our system.

Now another leading Canadian city swings into line, as shown in the clipping from the Time-Star of April 1st, reproduced above.

It surely must appeal to all who consider the matter that the cash system of buying and selling makes the cost of doing business lower and therefore lowers the selling price to the consumer. No bad debts. No slow accounts that tie up liquid capital and therefore recourse to the bank for loans and interest charges. No higher prices which time-buying entails as by buying for cash a firm is enabled many times to secure preference in rush orders; and incidentally take advantage of all cash discounts.

This business policy has characterized Wiesel's since it opened its doors ten years ago and the tremendous increase in business each of the years since has more than demonstrated to us that the people of St. John are wholly with us.

It is this policy that has given them the best and most modern in shoe style and fitting and at the lowest possible price of any shoe house in the lower provinces.

Here's wishing you luck, Quebec!
