HOW TO SUCCEED

During the last few years, conditions in all lines of business, even professional life, have changed so completely that every man is waking up to the fact that in order to win success he must specialize and learn to do some one thing and do it well.

So it is with any article that is sold to the people. It must have genuine merit or no amount of advertising will maintain the demand for the article.

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kliner's Swamp-Root, the great Kidney, Liver and Bladder Remedy. From the very beginning the proprietors had so much confidence in it that they invited every one to test it.

It is a physician's prescription. They have on file thousands of unsolicited letters received from former sufferers who claim they are now enjoying good health as a result of its use.

However, if you wish first to try a sample bottle, address Dr. Kliner & Co., Binghamton, N. Y., enclose ten cents and mention this paper. They will promptly forward you a sample bottle by Parcel Post.

Regular sizes for sale at all druggists in Canada, 50c, and \$1.25.

RANDOLPH OF CANADIAN FAIRBANKS OPENS AN OFFICE IN NEW YORK

L. C. Randolph, advertising manager of the Canadian Fairbanks-Morse Company, has resigned to open and take charge of a New York office for the Industrial and Educational Press, Limited, of Montreal and Toronto, publishers of the Journal of Commerce, Pulp and Paper Magazine, Canadian Textile Journal, Canadian Mining Journal, Canadian Miller and Cerealist, and the Canadian Fisherman.

He will take up his new duties on December 1, and will devote his entire time to the interests of these journals.

Mr. Randolph is a Virginia by birth, a great-grandson of Thomas Jefferson, who was twice President of the United States. The Randolph family has furnished four governors to the state of Virginia.

Mr. Randolph, who was born in 1878, studied engineering at the Virginia Polytechnic Institute for three years, then following his profession for some time, finally joining the advertising staff of the Railway Age (since a Canadian). From there he went to the Corrugated Bar Company of Buffalo, as advertising manager, and came to Canada as advertising manager of Canadian Fairbanks-Morse in March, 1912. He is widely and favorably known among Canadian advertising men.

Thomas' Annual November Fur Sale starts tomorrow morning.

Mixed Farming in the West
New light is thrown on the mixed farming idea by the Board of Trade, Prince Albert. The entire district has been canvassed and information secured from each farmer regarding his success with intensive agriculture. Questions were asked regarding farm buildings, stock, crops, acres under cultivation, gardens, fencing, hay, water, soil, fuel and roads. Other data was also collected relative to financial progress. The results show that the man who does the most diversified farming makes far and away the most money in the long run.

Three Reasons Why POSTUM

Instead of Tea or Coffee

A Food Drink Postum made of choice whole wheat, roasted, with a small portion of New Orleans molasses, contains the nutritive elements of the grain, and is whole and is wholesome and nourishing. Tea and coffee have no food value whatever.

Has Fine Flavour Postum has a dark, seal brown color, which changes to rich golden brown when cream is added. It has a delightful aroma, and a rich, snappy flavour, which many say they like as well, if not better, than that of tea or coffee.

Free From Drugs Postum is absolutely free from any drug. Tea and coffee contain caffeine, a poisonous drug—from 14 to 3 grains to the cup. It often causes biliousness, headaches, heart agitation, nervousness, sleeplessness, and other ills. Postum, being pure and free from caffeine or any other drug, may be used freely by young and old.

Postum comes in two forms:

Regular Postum must be well boiled to bring out the flavour and food value.

Instant Postum is a soluble powder. Made instantly by stirring a teaspoonful in a cup of hot water—with sugar and cream added.

If coffee don't agree, try POSTUM.

THIS IS A SENSIBLE HAT FOR ROUGH WEATHER WEAR

On the order of the sailor hat is the smart shape of duvetyne pictured here. Its only embellishment is a chic band and bow of heavy ribbed ribbon. Owing to its simplicity it is an ideal hat for stormy days or for winter outdoor sports.

Daily Hints For the Cook

Sour Milk Graham Cakes
One cup sour milk, 1 egg, 1-4 cup molasses, 1-2 tablespoon shortening, 1-2 teaspoon soda, a little salt. Mix together 1 cup graham flour and 1 cup white flour and stir into other ingredients.

Sour Milk Doughnuts
Two eggs well beaten, add 1 cup of sugar, 1 cup of sour milk, 1 teaspoon of soda in the milk to foam, teaspoonful of melted butter, a little salt, nutmeg, and don't forget to add a pinch of ginger to make them light. Now sift in flour with 1 teaspoonful of any kind of baking powder or 1 of soda and 1/2 of cream of tartar in the flour. Mix soft. They are fine rolled in sugar when hot.

THE LATE FRANK DAVISON

Frank Davison of Bridgewater, N. S., who died on Monday, was born in Mill village, Queens county, N. S., about sixty-five years ago. He was the third son of the late E. D. Davison, one of the early lumber kings of Nova Scotia. Fifty years ago the family moved to Bridgewater and the firm of E. D. Davison & Son became a most important industrial and commercial factor on the South Shore. After the death of their father the three sons, Henry, Edward and Francis continued the business, under the name of E. D. Davison & Sons, Ltd., and the business later was sold by Francis Davison, the surviving brother of the company, to the Davison Lumber Co. in 1908.

But being essentially an active business man, Mr. Davison at once interested himself in other enterprises, and formed a partnership with his nephews, Archibald, in connection with shipping and pulp manufacture, etc. He was also so interested in other companies doing business in Bridgewater.

Mr. Davison was a public spirited man and took a deep and active concern in everything affecting the welfare of his town. He was the town's first mayor, and had ever since been a member of the school board, and it was through his efforts that the town secured one of the finest school sites in the province, for its new building. He was an estimable citizen, and a man of generous and philanthropic actions, always ready to subscribe to worthy objects and always kind and helpful to the poor. He will be greatly missed by the town and by the various associations with which he was connected.

In politics Mr. Davison was a devoted liberal, and the conservation cause, in which he was appointed by the late liberal government, was one of its best informed members on the subject of forestry. In religion he was a Methodist, and gave largely of his

In the Grip of BRONCHITIS

PEPS go right to the Lungs & cure.

Have you Bronchitis? Scores of people have it and don't know it by that name. Bronchitis simply means inflammation of the bronchi—those tubes that fork right and left from the wind-pipe and convey air to the lungs.

If you are troubled with a dry cough, which gets more frequent and racks the chest when you cough,—if you have hoarseness and shortness of breath (on account of the phlegm accumulated in the passages), if you quickly take cold, or cough violently upon passing into the cold air, and if your chest feels raw, painful or tight, then you may know you have bronchitis. The rational, sensible and most up-to-date remedy is found in Peps. By the ingenuity of man, this splendid treatable remedy, capable of reaching the very seat of bronchitis, has at last been devised. These silver-wrapped Peps tablets, as they dissolve in the lungs, give off certain medicinal fumes that descend with the breath into the bronchial tubes and lungs. All the throat is practically bathed in the famous health-giving essences of the pine-forest—which accounts for the saying that Peps bring "A Pine Forest into Every House."

Peps is a remedy which has rendered obsolete and unnecessary the employment of opium, morphia, and laudanum, so often found in chest-medicines. Narcotic drugs only depress the heart and upset the stomach, and often accumulate in a sediment at the bottom of the cough mixture bottle, thus providing a last harmful dose for the unwary.

Peps are guaranteed entirely free from opiates and all harmful drugs.

Mr. Davison was a most affectionate husband and father. Three sisters also survive him.

Evangelistic Meeting.
At the Douglas avenue Christian church last evening, where Rev. J. C. B. Appel is minister, Evangelist Lowell C. McPherson preached on the subject, Christ's Prayer for His Disciples, taking John xvii—15 as a text. "I pray not that thou shouldst take them from the world, but that thou shouldst keep them from the evil one."

The meetings are attended by large congregations, and the interest is deep. Mr. McKenzie is never sensational and appeals to all classes and asks people of all churches to attend the meetings.

The Glenwood Ash Chute

No more ashes to carry, no clumsy ash-pan to spill, dust or dirt on the kitchen floor.

The GLENWOOD ASH CHUTE solves the problem. It is situated just beneath the grate and connected by a sheet iron pipe, straight down through the kitchen floor to the ash-barrel in the cellar.

No dust can escape, just slide the damper once each day and drop the ashes directly in the ash-barrel.

This is only one of the splendid improvements of the plain PLAIN CABINET GLENWOOD, the range without ornamental or fancy nickle.

At least one-half of the GLENWOODS are sold through the enthusiastic recommendation of a satisfied user.
