Montreal Herald:—"Unless we receive some word from the people in the maritime provinces by Monday or Tuesday at the latest, we shall again proceed to write to the eastern authorities on the Donnelly case; for we must get the matter cleared up at the earliest possible date."

SAYS RECIPROcity WITH CANADA NOT PROFITABLE
The West India Committee Circular quotes a correspondent from St. Kitts to the effect that this West Indian island is not profiting from reciprocity with Canada. He writes: "As a result of some remarks by the governor to the legislative council in Antigua on the 14th ult., drawing attention to a marked decrease in the imports and customs for the year since the advent of the Canadian reciprocity agreement, it was disquieting to find that the customs receipts of the presidency to August 31 last showed a deficit of \$2,918 compared with 1912. The finances being in a healthy condition, however, there did not appear to be any reason for panic or talk of additional taxation so far as St. Kitts was concerned, and in course of time matters might right themselves. It was unfortunate, however, that this was the only tangible result for Canadian reciprocity to the present, and it was on the debit side."

THE MILK SUPPLY
A meeting of the milk dealers of the city was held last evening. It was reported that the effort to secure an independent supply has been successful so far, and that the consumers had heartily co-operated with them by reducing their consumption. Many of the farmers send their supply to the "combine" and but for the organization of the other milk dealers against the combine, it would have been necessary to procure some of their supply from them, but this has so far not been the case and the dealers are getting their supplies from new sources and steadily increasing the supply to a normal condition. The price still remains the same. The dealers will hold another meeting in the near future to further discuss the situation.

DODD'S KIDNEY PILLS
"DO YOU GRINNING AT?" snapped Mrs. Gabb.
"A funny item in this paper," smiled Mr. Gabb.
"Quite funny about it?" asked Mrs. Gabb.
"It says a woman has been made a silent partner in a business firm," replied Mr. Gabb.
