IF YOUR THROAT IS HUSKY, CATARRH MAY BE STARTING.

A weak or irritated throat is the first step towards Catarrh. Everything depends on your remedy. The cough mixture slips quickly over the weak spots, drops into the stomach and does little but harm digestion. It's altogether different with Catarrh-ozone—it cures because it gets right at the trouble. You inhale Catarrh-ozone, breathe in the vapor of healing balsams that strengthen and restore the weak throat tissues. You'll never have colds or coughs. Throat trouble and catarrh will disappear with the use of Catarrh-ozone. Get the large dollar outfit which includes inhaler. It lasts two months and is guaranteed to cure. Smaller sizes 25c and 50c, sold everywhere.

Shop Where You Are Invited

The firms who advertise are the firms who invite your patronage, and are most deserving of it. A product that is persistently advertised to the critical customer is a product that can be relied upon to give satisfaction, for the maker behind that product must be confident that it will earn your approval; otherwise, he would not dream of holding it up for your criticism.

HIGH SECRETARY C.O.F.

Robert Elliott, Formerly of The Chronicle, Late High Treasurer, Replaces Capt. Vansomer.

Brantford, Jan. 31.—Robert Elliott, High Treasurer of the Canadian Order of Foresters, has been appointed High Secretary vice Capt. A. P. Vansomer of the 125th Battalion. Treasurer Elliott has been connected with the order since its institution in 1879, when he was one of the original organizers. Since 1882 he has been filling various official capacities with the order, being High Chief Ranger, High Treasurer and now High Secretary.

RECRUITING MEETINGS

At Mt. Elgin Monday Afternoon and Salford in the Evening.

Meetings in connection with recruiting for the 168th Oxford County Battalion were held at Mt. Elgin on Monday afternoon and Salford in the evening. The meetings were largely attended, this being especially the case at Salford in the evening. Stirring recruiting addresses were delivered by Major Tom Gibson and others. It is expected these meetings will have considerable influence in swelling the number of recruits for the Oxford County Battalion.

TRUSTEE HUTT NEW CHAIRMAN

OF THE BOARD OF EDUCATION—UNANIMOUSLY APPOINTED ON MONDAY NIGHT—PRINCIPAL STALKER GRANTED INCREASE IN SALARY—BANQUET BY RETIRING CHAIRMAN.

The Board of Education combined pleasure with business Monday night. Following the transaction of the business, which included that of the final meeting of the Board for 1915 and the organization meeting for 1916 the members were guests of the retiring chairman, Mr. W. A. Sutherland at an elaborate banquet at the Ingersoll Inn. Illness thinned the ranks to some extent, and regret was expressed that the Secretary-Treasurer, Dr. Sudworth, and others were unavoidably absent.

The New Chairman.

Trustee R. B. Hutt was honored by being unanimously chosen chairman for 1916.

When the meeting of the old Board opened Trustee Beatty was appointed Secretary in the absence of Dr. Sudworth.

Communications.

A communication was read from Miss Winnifred Williams of the Collegiate Institute Staff asking for an increase in salary of \$300.

Teachers' Committee.

The teachers' committee reported as follows:

1. That the salary of Principal Stalker of the Central School be increased to \$1,400 per annum to date from January first and that Miss Jackson be appointed to the Collegiate staff.

2. That Mr. White of Hamilton be appointed manual training teacher subject to the approval of the Department and this Board, salary to be \$60 per month.

Special Committee.

Mr. Macaulay reported verbally in connection with an interview which the special committee had with the educational committee of the county council. He mentioned that the committee learned, however, before going to Woodstock that they had no case. They found that the county council was right in deducting \$900 and that the Ingersoll Board had been over-paid in 1914 some \$801.94 through an error of their own clerk, who had instructed the Board to make out their account on a basis of one hundred cents on the dollar instead of eighty cents. He went on to state that the matter had not been finally settled.

Advisory Committee.

The Advisory Industrial Committee reported that Harry Bowers had been appointed principal of the industrial classes to succeed Mr. Tanton, the salary being \$100 for three months. The reports were adopted.

The communication from Miss Williams was referred to the teachers' committee.

Payment of a number of accounts was recommended by the finance committee. By resolution the sum of five dollars was granted to each of the three reporters.

The New Board.

An adjournment was made at 8:30 immediately after which the work of organizing the new Board was commenced, with the retiring chairman, on motion, occupying the chair.

It was moved by Macaulay and Lee that R. B. Hutt be appointed chairman for 1916. The motion carried unanimously. Dr. Sudworth was re-appointed Secretary-Treasurer, at the usual salary.

Special Committee.

On motion McLeod, Grieve, Lee, Ackert and Macaulay were appointed a special committee to strike the standing committees. The Board adjourned for fifteen minutes during which time the commit-

tees for the year, were struck as follows:

Teachers—Ackert, Grieve, Hegler, Macaulay, Mayberry.

Collegiate Property—Lee, Dunn, Avery, Beatty, Lenihan.

Public School Property—Grieve, Ackert, Macaulay, Beatty, Sutherland.

Manual Training—Mayberry, Avery, McLeod, Hegler, Dunn.

Industrial—McLeod, Lee, Sutherland, Lenihan, Hegler, Hutt.

Finance—Macaulay, Lee, Grieve, McLeod, Ackert.

Trustee Dunn Resigns.

The resignation of Mr. T. N. Dunn, elected at the last elections was read and accepted, he having since been appointed a member of the Water, Light and Sewer Commission.

The Banquet.

The banquet tendered by the retiring chairman Mr. W. A. Sutherland was in keeping with his well known hospitality and it was attended by all the speakers as one of the finest they had ever attended. Mr. Sutherland had certainly reckoned on large appetites. The spread was plentiful and tempting and if there the "task" was too big for the average man. Following the good things provided at the tables, choice "Havanas" were passed and enjoyed by those who have a fondness for the "weed."

The Toastmaster.

The duties of toastmaster were ably discharged by Mr. A. Macaulay who has served for a number of years on the Board and has given general satisfaction as chairman of the Finance Committee. The toast "The King" was honored with much zest for which the toast "The Retiring Chairman" was proposed. After drinking to the health of Mr. Sutherland, the gathering sang "For He's a Jolly Good Fellow," with a most earnest spirit.

The retiring chairman thanked the members of the Board for the co-operation he had received during the year and of the general disposition to render his office pleasant. He remarked that some things undertaken by the Board were not carried to a successful conclusion. This was true of the new school project. He referred to conditions in regard to County pupils attending the Collegiate Institute and added that there should be a chance whereby they had to pay more. He regretted the absence of the new chairman and the Secretary-Treasurer.

Mr. J. C. Smith responded to the "Educational Interests" and in the course of his remarks thanked members of the Board and Secretary-Treasurer Sudworth for the kindness shown him during the year. Mr. John Lenihan followed with a well rendered song. Other speakers were W. I. Hogarth, J. J. McLeod, F. A. Ackert, John Lee, H. Avery, Joe Grieve, and W. H. Beatty. W. R. Veale responded on behalf of the Press and Geo. F. James and E. DeWitt Hutt responded to the toast "The Ladies." The gathering dispersed shortly after eleven o'clock all feeling that they had spent a most enjoyable and profitable evening.

148 ON THE LIST

Encouraging Increase in the Number of Recruits for the Ingersoll Company.

There has been a very encouraging increase in the number of recruits for the Ingersoll Company since Saturday. In two days twelve names have been added to the list. The strength of the Company is now 148. Interest is growing rapidly and the prospects are brighter than ever for raising the full Company of 250 men. The men have taken to their training with an enthusiastic spirit and have been viewed with admiration by citizens during their regular parades.

NOTICE.

All members of the recruiting committee are urgently requested to attend the recruiting meeting to-night in the same place at 7:30 sharp. Will all who see this kindly attend!

Joe Gibson, R. B. Hutt,
Chairman, Secretary.

SERMON BY REV. L.W. HILL

ON THE SUBJECT "THE FUNCTION OF THE CHURCH IN SOCIETY"—THE CHURCH NOT AN END IN ITSELF, BUT A MEANS TO AN END.

On Sunday evening Rev. L. W. Hill delivered a thoughtful and earnest sermon on "The Function of the Church in Society." The speaker's teaching was based on St. Paul's declaration to the church at Ephesus—"Christ is the head of the Church," "The Church is Subject to Christ." Mr. Hill contended that the Church was not an end in itself, but a means to an end; an instrument among the agencies of Christ for establishing his kingdom on earth. The church's highest function in the community is service to the people, young and old. The glory of the church is to copy the example of Christ when he said: "I am among you as He that serveth."

The medieval conception of the church as illustrated in the beautiful cathedrals demolished in Belgium and Northern France, and such as the time honored cathedrals of England and all over Europe laid emphasis on the magnificent pile as the all important end. To create these enormous burdens were laid on the toiling masses as well as others. A tax on coal, resting heavily on the necks of the poor, furnished the means where, by St. Paul's Cathedral in London was built. Utterly indefensible methods were adopted to obtain the money which built mammoth and gorgeous piles. Gradually these cathedrals became national art galleries and vast storehouses for the nation's splendor. The end was gorgeous, vulgar display, emphasizing in the worship, pets and tourists the grandeur of the architect of the "earthly tabernacle" rather than the glory of the architect of the "Heavenly temple." These vast structures served a purpose in the middle ages in impressing on the masses the importance of religion. They served as national instructors in architecture, became art galleries and libraries, and receptacles for revered relics of the nation. They became ends in themselves national symbols of pomp, glory and power. Today they are burdens on the nations for upkeep. St. Paul's, London, needs hundreds of thousands of dollars today to repair its faulty foundation. The Campanile was an enormous financial burden, falling into decay. The Vatican at Rome is a white elephant to keep it in repair. Was Christ the spiritual architect of such complicated, costly and burdensome instruments of Europe with 21,000,000 soldiers armed to the teeth and butchering one another, and the products dumped by the hundred thousand on American and Canadian shores, ignorant, unrefined, malicious, bigoted, are fair samples, then the medieval instrument is not working any too well.

A beautiful contrast is furnished by St. Bartholomew's parish New York (Anglican) Rev. Dr. Parks being Rector, with seven assistant clergymen, and an innumerable number of assistants. The rich, well-appointed and fashionable old church works up to find itself surrounded with emigrants from every nation in Europe. They were poor, ignorant, irreligious, and unclean and quarrelsome. "What shall we do?" was the church's problem. Finally they decided to serve the squalid community—New York's sub.
