Newfoundland Notice to Mariners No. 14-1914.

Burnt Islands District of Burgeo-South West Coast

Latitude 47° 35' 40" N.
Longitude 53° 53' 00" W.
Notice is hereby given that two Red Lights have been placed on face of rising craft of that harbour.

Structures—Wood, square in plan with sloping sides, 15 feet high from base to centre of light.
Colour—Both towers painted with two red and two white horizontal bands, lanterns white.

Remarks—Lights will be put in operation during month of January, 1915, without further notice.

N. E.—Burnt Islands Harbour affords good and sheltered anchorage for vessels of moderate size, but even with a small vessel no stranger should attempt to enter without a pilot, for the channels are not easily distinguished from seaward, and the numerous rocks give but little room for manoeuvring.

A. PICCOTT,
Minister Marine & Fisheries,
Department Marine & Fisheries,
St. John's, Newfoundland,

Self and Sex Books
They cost only \$1.00 a copy. It will be the best investment you have ever made. Read what the Rev. F. B. Meyer, B. A., of London, England, has to say regarding these books:

"The questions which are dealt with in the 'Self and Sex Series' of books are always being asked and if the answer is not forthcoming from pure and wise lips it will be obtained through vicious and empirical channels. I therefore greatly commend this series of books, which are written lucidly and purely, and will afford the necessary information without pandering to unholy and sensual passions. I should like to see a wide and judicious distribution of this literature among Christian circles."

Y. P. A. Meetings Closed

PRESENTATION MADE

On Friday night, May 7th, the Young People's Association of Clarke's Beach finished their meetings for the season with a very enjoyable evening. Knowing that Miss N. M. Pincock, Miss E. E. Noseworthy and the Rev. O. Jackson are about to leave Clarke's Beach in June, the members of the Y. P. A. celebrated their departure by presenting the Rev. O. Jackson with a handsome note-book, Miss N. M. Pincock with a very useful hand-bag, and giving Miss E. E. Noseworthy a kitchen shaver. The above-mentioned things, presented by surprise to the recipients, were of little value in dollars and cents but of great value in the spirit in which it was given. This Association has been a great benefit to the young men and women of this community. This was proved in the meeting of May 7th, for all the members, with the exception of a few, rose and delivered splendid speeches regarding their regret in seeing the three mentioned persons leaving the Y. P. A. After the speeches, ice cream and jellies were served by the ladies, after which games of various kinds were played. After having enjoyed a splendid evening the happy company broke up and returned to their homes.

Stocktaking by the German Emperor

What I Have Accomplished by Going to War.
I have violated Belgium and made it a charnel house. I have destroyed in a few months the results of centuries of art and refinement. I have proved that sacred obligations count for nothing when opposed to my will, and I have taught the nations the folly of trusting in the word of a German. I have.—Beck's Weekly.

Every cash purchaser of a 3, 4 or 5 h.p. 'Imperial' Engine will be given, free of charge, an AMMETER for testing batteries. C. E. Russell, Agent for the "Imperial" Engine that "Makes the Mark".
The members of the Mission Band had their photographs taken recently to present to their late President, Mrs. C. E. Dunham. Mrs. Dunham took a great interest in Mission Band and Sunday School work during her stay in Bay Roberts, and her departure from our midst will be regretted by the children and a number of friends.

The cost of a torpedo is about \$3,000. It is a conservative estimate that not more than one in five hits the target. Thus, the cost of the shot that sinks a vessel, is at least \$15,000. Some put the cost at nearer \$20,000. As many of the little coasters and tramps might be purchased for from \$20,000 to \$50,000, the cost of destruction is sometimes greater than the value of the vessel destroyed.

The "IMPERIAL" motor Engine will run SLOW ENOUGH TO SET FISHING GEAR OR TO FISH ON A LINE without any back-firing or other fuss. THE "IMPERIAL" WILL NOT BACK-FIRE. You are cordially invited to call and see the "Imperial" whether you want to buy or not.

Officially reported wounded, with a shot through his arm, his only bed a rubber sheet on the wet ground, refusing to leave the trenches, a British captain remained cheerful and sarcastic. A newspaper correspondent noticing that he had no blankets, was told that the man's blankets had not arrived, and he wanted to enjoy no luxury that they lacked. The British officer is the soldier's friend; therein lies the difference between him and the German.

Only One Body Recovered

His Excellency the Governor received word from the British Admiralty last week informing him that the body of John B. Merzer was the only one recovered among the 23 Newfoundland Reservists lost on H. M. S. Viknor. The body was found at Kiloram Bay, Island of Colonsay, Scotland, on January 16th, and was buried on the 20th. The wild but beautiful island of Colonsay is one of the oldest and most celebrated of the ancient Christian Shires in Scotland.

"Opinion is gaining ground that to-morrow's Cabinet Council will dissipate all hesitations."—Reuter.

Life Saved by Tooth-Brush

The manner in which a tooth-brush saved the life of Sergeant Tisdale, of the South Lancashires, is told in a letter from the front. Sergeant Tisdale received one bullet in the leg, and another, after piercing his pay-book, would have passed through his heart had it not come into contact with his tooth-brush. The brush was broken, but it turned the bullet off, and so saved his life.

Dame Bouchard Found New Health in Dodd's Kidney Pills.

New She is Advising all Her Friends Who Suffer From Kidney Disease to Use Dodd's Kidney Pills.
Portaufer, Hamilton Cove, Saguenay Co., Que., May 10th, (Special).—Perfectly cured by the use of Dodd's Kidney Pills, Dame Rene Bouchard, well known and highly respected here, is advising all her friends who suffer from Kidney disease to use Dodd's Kidney Pills.
"When I commenced to take Dodd's Kidney Pills I was so run down I only weighed eighty pounds," Dame Bouchard states. "I only took four boxes in all but they brought me back to health and now I weigh one hundred and twenty pounds. You may publish what I say if you wish, for Dodd's Kidney Pills have done wonders for me."
Dodd's Kidney Pills do wonders for run-down people because they cure the Kidneys.
